**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

You simply cannot let AT&T do this, it would be un-American and wrong to approve them of doing this.

For this economy to work there needs to be a healthy amount of competition, else we end up with greedy corporations that do nothing to improve their product and just suck all their clients dry with exuberating rates for abysmal internet rates.

I greatly implore you to deny this request from AT&T and let other companies use the infrastructure that is currently in place.
