**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and I support broadband competition. I'm writing because I would like to see MORE competition in the broadband space, not less. I chose a competitive provider in my area because I didn't want to go with a very large company. I am saying NO to any further price hikes that will increase the cost of internet and telephone services. I believe that customers should have as much choice as possible. Broadband is critical to my home, school, neighborhood, and community. I currently have fiber access, which is excellent, and a major upgrade from DSL. Please take this into consideration when updating any of your policies.

Thank you,

Daniel Moskowitz
