**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been very happy with Sonic.net's service for our phone lines and internet connection for both my home and office. Sonic.net is a small local company that does a great job. If there is any problem, an actual person answers our phone call (they hire people!), there is no "phone menu maze" to make our way through. This is rare in the communications field!

Nowadays everyone needs access to the internet, and sonic.net is making that affordable to small companies.
