**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I strongly want to preserve the service offered by Sonic.

I was an ATT customer for 6+ years, and I was paying \$60 per month for a slower internet service, that was never upgraded. Sonic offered me a much much faster (fiber) connection to the internet at significantly lower cost. I am a self-employed Medical Physicist, and I run my business from my home.

The faster service is extremely helpful to my business for both uploading and downloading reports to and from my customers.

I believe that the competition provided by sonic has been extremely helpful to both improve service, and reduce costs.
