**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic was the first company to introduce us to super high speed internet access via fiber.

We love our SONIC service . Previously we used XFINITY and we do not like XFINITY . SONIC has consistently kept our rates competitive . It is important to maintain broadband competition. XFINITY/AT&T uses predatory rates to try and lure us back from SONIC but we will not desert SONIC because if they go out of business there will be less competition and XFINITY will revert to high rates and slow service.

James Connell
