**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential customer that until very recently was frustrated with the limited choices and forced bundling (forced in the sense that it is absurdly expensive for only broadband, with the excuse that it is more economical to bundle) from Comcast. I have had a history of unreliable service and over promised throughput.

Finally, a company mounted fiber in the neighborhood and offered great throughput and service for a reasonable price. This is the only way to cause Comcast to improve their offerings - competition!

Please do not take competition away from this market!
