**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Why do I choose a competitive provider for internet and phone?

Because I value (and require for my business) the reliability, features, and competitive rates that a competitive provider provide me.

Too often in the past, before I signed up with a competitive provider I would find my internet failing on a regular basis or outrageous phone bills for making local calls.

Competitive providers provide me with the choice I need to run a successful business.
