**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

America is turning into big corporate greed and reminds me of east berlin where people had 1 or 2 options for goods. We are better than this and I do not support corporate companies. I would rather not have the internet, phone, cable services than give money to the big companies (at&t, comcast, twc). Please do the right thing and think of local businesses. I live in a condo that has 3 options for internet/cable. I refused to use at&t and comcast and use a local provider now. If we only provide larger companies the right to do basic things we are turning into a Darwinist system. Please keep prices affordable and keep broadband an option for all. Fiberoptic could be great in some areas but give us a choice to pick- isnt that what freedom is...?
