**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please understand I stand with the ability to have a competitive marketplace for my internet needs. This is essential and affordable currently, because of competition. Don't forget this fundamental principal in what works, and will work in our future.

I am using fiber now and understand it is the cleanest form of communicating over distances. This technology will continue to develop, and we, as consumers, and elected officials, must never allow large companies to monopolize competitive communication potentials or availability.

Thank you,

Harry Murphy
