47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC, I support broadband competition. Before Sonic came to Brentwood with fiber we were stuck with Low speed high dollar internet from comcast or AT&T as our ownly choices. Comcasts services were garbage, AT&T was ok except for the fact for any speed at all you payed a high price. Home phone service was separate cost With Sonic we get 1gig of speed and phone service with no problems and no caps at a very good price. This country needs more broadband like sonic and less of the cap and throttle of AT&T and Verizon and the rest of the big overpriced providers who put there bottom line before anything else.
