**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic is an honest, ethical version of all the internet service providers we have encountered. The market needs competition to enhance the service we need in the market that are only dominated by big, corrupt players such as Comcast and AT&T.

We use Sonic for business and personal use and they have been nothing short of amazing - a new breath of fresh air! They offer high speed broadband - stable, reasonably priced, and high notch customer service.

PLEASE DON'T LET THE EXISTING PLAYERS KILL IT OFF - Sonic deserves to have a space and voice in the growing market.

Best,

Bonnie Tang
