**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use Sonic fiber to the home service which allows me a full gigabit's worth of access to the internet. This wouldn't have been possible unless companies like Sonic were allowed access to this critical infrastructure and be able to compete. I would have been stuck with very slow and pretty unusable DSL services. Competition helps to advance newer technologies and benefits the consumer, like myself. Please continue to support broadband competition. Thank you.

-Peter (a happy fiber to the home customer)
