**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are former AT&T and Xfinity customers who has switched to Sonic. Since switching, we have had no service disruption like we used to with the former and it is very affordable for us. AT&T and Xfinity continually hiked the price and would not even offer any discounts even when we had been loyal customers. We have cut cable and now have Sonic which includes our phone service and internet and Sling as our tv service saving us a lot of money since we are on a partial fixed income, my wife is on SS.

Sonic gives us the options to select better service, a Gigabit service that is cheaper and much faster internet service without the downtimes the previous providers had regularly and includes phone service!

Please do not increase the cost of the internet or phone service as this is our means to connect to the www at an affordable price.

Thank you for your consideration.
