Re: MB Docket No. 17-179

Dear Ms. Dortch,

Enclosed please find 12,308 comments telling the Federal Communications Commission to reject the Sinclair-Tribune merger. These comments are in addition to the 28,810 comments submitted on August 7, 2017.

The individuals listed below signed a petition that reads as follows:

To the Federal Communications Commission:

The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions.

Thank you!

Additional statements submitted are included below, as applicable.

Best regards,  
MPower Change

This would be a monopoly where only the views of those in management are expressed, this specific 'case,' the opinions of a small, insecure, buffoon would be "aired," with NO chance of rebuttal or response.

—Al Liebeskind, Columbia, MD

The problem with hate and division in this country is because of control of the media. Block this merger. It is so dangerous. We need a free press.

—Roselyn Mchugh, The Villages, FL

A broadcasting monopoly is fundamentally against the laws and dictates of the United States. If only propaganda is heard, Then we will not have an educated population that can make wise, thoughtful decisions. I am against Sinclair affiliating more television stations or radio stations.

—Debra, Golden Valley, MN

Between Trump and Murdoch and other rich oligarchs, the American people are getting screwed out of Free Press and democratic communication. Citizens United stinks and this does too Thank you. Respectfully, Dr. L

—Dr leichtag, San Diego, CA

I absolutely do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. No one media should have power to influence masses without proper representation by other media with differing opinion. If we want to preserve our democracy our freedom

—Rashid Bhavnagri, Midlothian, VA

I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves.

—Annita Cowell, Holly, MI

Please help to ensure freedom of the press, it is vital to our country.

The 45th isn't out to make America great again, he's out to make himself and a kingdom great for the first time - but the ingredients just aren't there. The 45th is president of destruction, discrimination,, division and chaos. Nothing more.

—Cornelia F. Shearer, Auburn, WA

The 45th isn't out to make America great again, he's out to make himself and a kingdom great for the first time - but the ingredients just aren't there. The 45th is president of destruction, discrimination,, division and chaos. Nothing more.

—Cornelia F. Shearer, Auburn, WA

The FCC needs to do it's job and prevent our airwaves from becoming controlled by a company with a political agenda pushing propaganda. You must protect our fourth estate.

—JoAnn Cubberly, Sylvania, OH

This attempt is another outrageous bid for more extensive power and control by this fascist government. Please do not approve this expansion. It is extremely dangerous they have so much media influence already.

—Frances Bernfeld, Tucson, AZ

This is an assault on the 2nd Amendment: This is the shoe in the door to controlling the media, inhibiting freedom of speech and creating a dictatorship. This is a "soft" take over that they think nobody's going to notice, but we're watching them and continue to gather evidence mounting against them. Monopolies are unconstitutional in this regard. #1984

—Micki Zurcher, Glendale, CA

This is not Freedom of the Press, since Sinclair demands uniform daily stories across hundreds of news stations, including the "Terrorism Alert Desk," which has notably used Muslims as synonymous with "terrorists" in its reports.

—Sherron Collins, Spring Lake, MI

We are A democracy with freedom of press. This should not even be allowed to happen.

We want our Free Press do not stop it leave it alone we do not want Donald Trump's news we want our regular every day news all the good the bad and the ugly stop messing with our news fuck Donald Trump he's nothing but a egotistical narcissistic bastard

—Patricia, Albemarle, NC

We will not abide propagda tv. I will not watch Sinclair owned tv news.

—Helene Wienclawski, Liverpool, NY

Why is the FCC allowing such a dramatic increase in the of ownership of the stations. Isn't there some protection of the public interest, that would penalize the peddling of lies and propaganda. It is especially Heinous that local news people will be required to put forward inaccurate information.

—Diane Leamy, Westchester, IL

"Boris" 's slanted BottomLine is here everyday for several weeks, and I hate it. Keep local news local.

—Gail A Snyder, Coos Bay, OR

"Propaganda" commentary by Boris Epshteyn is already being aired by Channel 10 WJAR/Sinclair Broadcasting, Providence RI, I have witnessed it during the 5 pm boardcast on 8/8 and 8/9. This will cost the station viewers because I will NOT stay quiet as I inform as many people as I can that they are inadvertently letting Trump's alternative hog swill into their homes on a nightly basis. I watch Channel 10 WJAR because it is local to New Bedford MA but I will be changing to another nonSinclair station in protest. There are folks out there that are not sophisticated enough to know the difference between propaganda and real news - they need to be protected.

—Kathryn Berry Poulin, New Bedford, MA

"The land of the free" has been, to some degree, a farce from day one. But this is at least three steps over the boundary lines between what we will put up with, and what we will not. This makes us literally a 3rd Wold Country, and they tend to fall apart on a regular basis. Think about it. Are you ready to take the fall for said fall? And just how long do you think you will enjoy your self perceived "esteemed" status? To fall is just that, to fall...

—Rachel Burnett, Vashon, WA

"The Propaganda Ministry aimed further to control the content of news and editorial pages through directives distributed in daily conferences in Berlin and transmitted through the party propaganda offices to regional or local papers. Detailed guidelines stated what stories could or could not be reported and how to report the news." (Source: United States Holocaust Memorial Museum)

—Kathleen Chaconas, Flemington, NJ

70% is a monopoly. That is never good

70% is way too much of biased media and press. We need to preserve our free press. Reinstate balance in media. Breakdown Sinclair Broadcast Group, not make them bigger.

—Camille M Feinberg, Los Angeles, CA

70% of programming generated by the same group? It should certainly be unlawful to provide airtime to these propagandist programs. If this doesn't frighten folks, they are not paying attention. Just say no!!

—Julie Walker, Bellefontaine, OH

70% of the media being able to be controlled by one company that would then be able to broadcast fake news and alternate facts to perpetuate a political agenda is something that occurs under a dictator and should never occur in a democracy!

—Sharon Gregory, ASBURY PARK, NJ

70% of USA's airwaves cannot and must not be subject to partisan propaganda, dictated by a partisan biased corporation.

The core of our democracy and free speech is at stake.

—Lemore Syvan, New York, NY

70% qualifies as a monopoly! We all know that monopolies inhibit competition and cost the consumer more. This particular monopoly will also inhibit free speech and honest reporting by the stations owned by this monopoly. I vow to not watch ANY station owned by this hate-mongering broadcast company!!! A free press and diversity of opinions is crucial in a democracy. The FCC should be promoting that, not by allowing enormous mergers against the public's best interests.

—Jean S Morse, Reno, NV

—Madeline Stacy, Manteca, CA

A merger like this would have been unthinkable as recently as 5 years ago. Let us avoid moving in haste, only to repent at leisure.

—Graham Bottoms, REDWOOD CITY, CA

A monopoly in the media is just wrong. It doesn't matter which side has the monopoly, neither side should have one. By having this much influence I feel Sinclair would have too much of a monopoly, though not total, it is too close and hidden.

—John Hopper, Martinsburg, WV

—David Miller, Bakersfield, CA

A propaganda network is un-American.

—Stephanie Bell, Easton, PA

A Sinclair-Tribune merger would create a monopoly - bad for the general public, bad for small business, bad for America.

—Robert R Thomas, Palatka, FL

A single network should not own the nation's airwaves.

—Laurie Wood, Salt Lake City, UT

A strong country must allow and encourage diverse viewpoints. The FCC has a responsibility to prevent one voice from overwhelming all others.

—Lynda Stites, Tucson, AZ

A T & T was broken up because it was a monopoly and to give consumers more choices. If this merger is allowed then this group will have a monopoly and Americans won't have different points of view available to them to make an informed decision. A monopoly of this type belongs in countries such as Russia where the government controls all media.

—M Natalia Vieira, South Dartmouth, MA

A true democracy does not curtail or suppress freedom of speech and expression (unconstitutional). To allow this merger by, design effectively limits diversity of opinion freely expressed and in essence creates a monopolistic media that is tantamount to having an officially sanctioned propaganda machine. This is unacceptable.

—Rita F. Clapper, Duluth, MN

A Trump TV takeover is not in our country's best interests, we need more diversity, not more consolidation.

—Barbara Daubert, Canton, OH

Allow this to pass and you can kiss your freedom of speech goodbye! That's the way dictatorship run things... don't let it happen here.

—Donna Lang, Minneapolis, MN

Allowing a single group to control 70% of the airways is a virtual monopoly and not in the public interest.

—Kathleen Alper, Bloomingdale, IL

Allowing any company to own and dominate 70% of the nation's airwaves is dangerous to our democracy. That danger is only heightened by giving such monopoly power to a company with as narrow and patently partisan character as Sinclair has shown itself to be. Deny the proposed merger.

—Robert Karen Rusky, San Francisco, CA

Allowing any corporation with a political agenda to acquire a nationwide monopolization of how news is presented is precisely how Hitler & the Nazis were able to create a propaganda machine that enabled them to seize the country. Please stand for democracy and refuse the merger between Sinclair Broadcast Group & Tribune.

—Lisa Steindel-Byrne, Castro Valley, CA

allowing flagrant propaganda sandwiched into actual news broadcasts is a disservice to the American public.

—Cindy Chrisler, Loma Linda, CA

Allowing one broadcasting company to reach 70% of American TV viewers through local stations is a serious erosion of democracy. Are we a nation of propaganda and censorship?

—Naomi Barnes, Roosevelt, NJ

Allowing one company to control the information being broadcast in the USA is distinctly unAmerican. This is how despots gain and maintain control.

—Lee Raynor, Citra, FL

Allowing one company to own more than even 50% of the country's airwaves is a mistake. 70% is insane!!!

—Jan Bergman, SEMINOLE, FL

Allowing ONE company to own so many TV stations totally violates the letter and spirit of our antitrust laws and corrupts the meaning of a free press.

—David Stephens, Huntsville, AL

Allowing or facilitating dominance of a communications medium by a single managing entity, flies against democracy. Especially one that enforces a singular message spread by all its outlets. That is not a free press. That is fascism. Supporting freedom of speech means inherently preventing one voice from monopolizing the conversation. "Freedom of speech is a principal pillar of a free government: When this support is taken away, the constitution of a free society is dissolved," -- Founding Father Benjamin Franklin

—Carla Clark, Tucson, AZ

Allowing Sinclair to infiltrate right-wing propaganda into all news outlets is beyond unacceptable. Freedom of the press is a right, and must not be used, abused and manipulated to favor one party, and belief system. Completely unacceptable.

—Laurie, WHITE BEAR LAKE, MN

Allowing the Sinclair Broadcast Group to own over 70% of the country's airwaves is a blatant monopoly that takes away diversity of opinions and freedom of choice from our country. Please block this merger!

—Lenore Wagner, Saint Johns, FL

Allowing this attempted merger would make an extremely large company even larger, giving it a majority holding over broadcast media, this cannot be. They are attempting to monopolize the media market and obtain complete control over what is able to be transmitted to the citizenry of this country. This would in turn allow this company to influence upcoming elections, both local and national (incl the Presidential), by allowing them to exclusively transmit that which is according to their political leanings. We already have enough organisation who do this already, the media organizations of America should be unbiased in their coverage and should also be informing the people properly from all angles and not spouting their own political views whether they are conservative, liberal or otherwise.

—George Burnett, Newark, DE

Allowing this kind of merger and news causes more problems. We would be much better off if we went back to the fairness doctrine.

—Linda Maize, Beulah, ND

Allowing this kind of monopoly backed by a partisan person pushing a political agenda, forcing stations to air propaganda multiple times a day is against what democracy stands for.

—Susan E Miller, CANTON, OH

Allowing this merger sets up 'State controlled' broadcasting and I strenuously object to that occurring.

—Peggy A Riordan, Chicago, IL

Allowing this merger would be the ultimate propaganda tool and completely irresponsible

—Rachel Morrissey, Brooklyn, NY

Allowing this merger would endanger the very foundation on which our country was built.

America needs to be protected against propaganda from the likes of Sinclair And Russia friendly Trump. Russia has a disgraceful history of propaganda. America's free press and separation of powers were designed to prevent that.

—Charles Snyder, Sterling, VA

America will remain a democracy as long as it receives all opinions. Don't narrow our ideals to one perspective

—Laura Leuer, San Francisco, CA

America's democratic government depends on a free press. To allow a single entity to control such a large percentage of our country's media will dangerously limit Americans' access to information free of a single bias. We cannot allow America to risk becoming a nation like authoritarian countries, subjected to a single, propagandized perspective.

—Deanna Woods, PORTLAND, OR

Americans need free press and all media. Shame on them.

—LouAnna Domann, Platteville, WI

An educated public is critical to the security of a democracy. Large corporations must not be allowed to infiltrate and control local news and inundate voters with propaganda-- no matter what side of the aisle they are on.

—Kyle McGrath, Somerville, MA

An excellent petition.

—Josiah Dearborn, Montgomery, NY

An important mission of the FCC is to prevent dominance in the media by any one company or point of view. Do your job and protect us from propaganda outlets masquerading as news organizations.

—Landry L Wildwind, El Cerrito, CA

An independent media is a key component of a democratic nation. This merger would do harm to maintaining an independent media.

—Diane Revell, Kapaau, HI

An independent media is essential to our values.

—Mary Lewis, Belmont, MA

An informed populace is essential to our democracy. Stop brainwashing people!

—Cathy McErlean, Towson, MD

AN opportunity for FAIR AND BALANCED news makes for a more informed voting public. We should be able to hear all sides, not just one. Otherwise, we will be a totalitarian state.

—sarah Dickinson, Bozeman, MT

An unbiased news source is the backbone of any free society. We cannot afford any further erosion of our First Amendment right to free speech. The Constitution and the rule of law are the only tenets that need to be followed and are non-negotiable. The American people have spoken. We are taking our country back.

—Jim Kotouc, Nevada, IA

—Cheryl A. Eichstaedt, San Jose, CA

Anti-trust actions should be taken against any media company which has an outsize share of the market. That's what the FCC is supposed to do. Protect the public interest and keep our media democratic. Thank you.

Any broadcast company that uses "Muslim" interchangeably with "terrorist" should not be allowed to acquire more TV or radio stations!

—Elisa Greco, Hotchkiss, CO

Any deal allowing Sinclair to dictate to local news anchors what they can say on the air is obviously un-American and unconstitutional. Reminds me of how the Soviet Union used Tass to broadcast the same filtered news to all Russians.

—Jane Bruce-Munro, Santa Cruz, CA

Any kind public propaganda like this is wrong and dangerous!!

—Jamie 2, Reno, NV

Any monopoly of the news is not news - it's simply a monopoly.

—Marsha StLouis, Kent, WA

—Ralphe Larow, Lynchburg, VA

Apparently the head of the FCC is developing a state-run television effort with only "fake Trump news". Trump and his minions want to run a dictatorship. This has got to be blocked. After all, contrary to the Trumpians, this is still the USA.

—France J. Pruitt, Bethesda, MD

As a 20+ year advertising and television professional I know this is not something we can allow to happen. It's bad for the market, bad for the consumer and bad for the nation.

—Andrew, Nashville, TN

As a 62 year old American, I am affronted by these tactics. My country stand for freedom - freedom of the press, freedom of expression, freedom of thought. Sinclair Broadcasting stands in opposition to all of these ideologies and hides behind the banner of "news".

—Barbara Dodd, Enfield, CT

As a Chicagoan, I am opposed to Sinclair merging with the Tribune, because it would virtually eliminate Channel 9 local programming.

—Sandra Laase, Chicago, IL

As a citizen, this action would be intolerable. We can not have state ran propaganda. This is not Russia or North Korea. It is The United States of America, where we the people still have a voice and believe in democracy.

—Terry Riley, Tell City, IN

As a free American citizen I oppose this monopoly and the suppression of free speech. No one company should control a 72% market share, that is tyranny and state run media. This is America, not Russia!

—Heather Longstreth, Moon Township, PA

As a subscriber to Tribune papers, I oppose this proposed monopoly

—Susan Eleuterio, Highland, IN

As a USA citizen I am alarmed that this merger is even being considered! No network that runs biased information and are slsrec as "must run" on networks across America can be seen for, exactly, what it is; State Run TV but with message of political parties which is biased like FOX News! This is not American and of the FCC approves this merger for Sinclair and other parties, as I see there are others, they are allowing Dictator type TV into mainstream America! Honestly, if this is approved I will cancel my \$200+ month TV package and go back to watching movies as I will NEVER honor State Run mega mergers that the UK denied to Rupert Murdoch of FOX! The FCC approval of this would signify that ANY department is up for sell and that American Constitution which guarantees "freedom of the press" will not be honored. In short, this type merger will be seen by Americans as a Dictator type TV and a serious "Constitutional Crisis!" We see, prior, laws to stop these mergers would be changed to create TRUMP TV & allow them to state all other legitimate news is fake news as I'm seeing Trump's daughter say on TRUMP TV right this moment! This is being done with taxpayers dollars and is TREASON at its finest! Americans demand SINCLAIR be stopped now! We are watching all the details seeing the FCC will have to "bend the rules" to do this for TRUMP who is under federal investigation? If this is passed we demand a full investigation of this take over of our network channels to spread propaganda! We are Americans and we will fight back against this! You will destroy our freedom of the press! Stop them or all America will disconnect and stop providing revenue to stop TRUMP TV of alternative facts! This explains WHY FAKE NEWS appeared when TRUMP did? It was to get State Run conservative TV i,ti households on network TV? This is most ANTI American move I have seen in my 57 years and you are enabling an American President under FEDERAL investigation! This is a dark day in America when freedom of our press is in the hands of an FCC that will change laws so TRUMP & billionaires can spread LIES into EVERY home in America! Sincerely, An America watching America looking a lot more like Russia...than America! Do the right thing for AMERICA...not TRUMP or Republicans. We are Americans and this is like Russia TV? God help our country and protect it from the mad man destroying democracy that is what our Constitution guarantees us...

—Cecilia Maida, Shingle Springs, CA

As an American citizen I reject this merger. We have been down this road before. Didn't work then...

—Allison Oakes Condon, San Diego, CA

—Carlyn Sikes, Queen Creek, AZ

As an honors graduate in Western Political Theory, such a merger must not be permitted. Diversity is democracy.

—Louise Kligman, Tucson, AZ

Beyond an economic monopoly, this merger would be the equivalent a radical propaganda monopoly. It must not be allowed!

—Carolyn, San Fran, CA

Beyond the pail. This feels illegal. It sounds like something in Russia.

—Shelia Bumgarner, Charlotte, NC

Bias in local news should not be permitted. We have enough bias in national news. This sets a dangerous precedent and prevents people from having all the information they need. It is a form of censorship.

Even if we did not already know that Sinclair requires its local stations to air one-sided political content of Sinclair's choosing,--which we do know--it is extremely ill-advised to permit any single media company to control nearly 3/4 of the country's airwaves. FCC-licensed and regulated media (TV, radio) must remain totally neutral to political influences. Diversity of ownership and management is a must if we are to enjoy a free republic.

—Edward Arnold, Florence, KY

FCC: With due respects Gentleman ,The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. Sir., I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. As a person who has seeing so much violence and people dying in many countries because of hate ,violence ,discrimination, abuse, bully, gun violence and the never ending wars. The world does not need more mind provocation for more destruction, violence ,hate, discrimination and gun violence. Innocent people paying for all these destruction pushed mind to do wrong ,and criminal acts .That they will pay and the families of both will suffer. I care about Peace, unity, protection and standing to create a better world of communication .Support the ending wars, stopping and ending bully, abuse , gun violence and the killings that those innocent have paid with their lives for No reason at all ; their lives have been lost. Specially the children. When one has children in their lives weather they are ones own children or ones children children and their friends children ; One most think also the well being of others in the communities and around the world .Today Trump is not caring for what it is SO IMPORTANT to all and it should be the #1 priority. Peace, protection, responsible leading guiding . To create ways to change the things that are hurting our children . He may think this will not hurt his children and his new generations. Again one most think that what one do against the lives and the protection of others it does hurt everyone in the long run. Because instead of teaching children today how to end the wrong actions of hate, discrimination, abuse and other things that they should avoid and help them selves to fight those destructive mental pushed feelings of hatred and actions against others. He is putting the seeds of hate in innocent children. In young teens ,young adults and activating more stronger mind violence.. I stand for peace, communication, unity, stability, and progress. Without forgetting that helping changing the way people think and act to better their lives their communities, to bring people in communities to care for each one . Why?? I believe in this, because as you know one day a state may be doing find ; but when nature hits it hits or any thing touch them that it is painful ,damaging or destructive ; all in that community or that state will feel it and have to unite to help each other.Why should people have to wait for something destructive or Natures actions to unite and leave hate and discrimination a side .When starting to see the reality that Every specie needs each other when they least expects it... Thank you! Thats when all have to come together to save, to help, to carte no matter who they are or what genda they may be. to save every one for the same reasons. <Live ,Health ,LIFE and the bew future belong to all. and all should be more concious of the good that can all do when all respect each other and walk together forward to peace , stability , progress and care for the sake of their own children's future. Mr. FCC Senator, Please do not accept this ; This will bring more abuse, discrimination , division and possibly death. When ever a wrong decision , action the ones who pays dearly are the children.Children learn to abuse , to hate ; Without no reason for them to feel that way about others .But follow what it is been said and shared. That it is wrong and not beneficial for them and this nation of Peace „Respect should always be UP FRONT for one another in our communities and at home. Ending violence at home, in the streets every where it is the most important part to drive a country to true senses of personal values and true care for a better world of unity compassion, acceptance in genders, to look forward for their own well being and the betterment of all for all... Please , for the sake of many innocent children and others who stand against all the bad things that are hurting the unity in communities; Please listen to the people the customers the consumers the communities people who want to protect their family their communities from violence , hate ,discrimination, Prevent a Trump TV Takeover. This Nation do not need nor deserve the spread of hate .This is not a country that a accepts supremacy; but unity respect for the sake of protecting their children from becoming criminals , abusers ,bullies disrespectful to the law and officers. Creating more chaos . Thank you for your attention and the reconsideration that instead of giving freedom to supremacy which do not stand for peace, compassion. Avoid this bad aggressive TV which will add more hate and division possible civil wars .There is more important programs that should be share in TV. Teaching communication. respect acceptance . So much to learn from other people and races..Respect ,Peace, Unity for the sake of everyone's children safety for a better future.. Sincerely, Ms. Maria Celia Hernandez US 8-27-2017

FOX News is doing a fine job of bastardization of the News. Everywhere you go, (Arby's, Doctors office, Tire shops, Oil change), FOX is on. How about re-instating that fair Play law that Reagan signed off on, so the other side can get a word in. This Sinclair deal is State run TV, like they have in Russia. The whole idea is contrary to the 1st Amendment of the United States Constitution.

—Doug Mishler, Morganton, GA

Fox news One America News Clear Channel You already have plenty of news/media outlets. Now you want to force a media monopoly on All of us? Disgustingly illegal and a totaltarian like move. Doing this says to me you do Not believe in a Democracy. I will fight for my democratic rights to deny your take over of the right to free speech for all people, not just for a few. If there wasn't a Fox News or One America News then you might have an argument but you do. That does not give you the right to totally quash my right to hear from local media and for my right to hear from several sources of news that I want to hear. You do Not have the right to control what everyone listens to for the news. Free speech and the right to assemble freely without prejudice you do not have the right to control. The right to hear and choose my own news siurces is my right and I choose from an array of free speech nees siurces and I demand my rights to choose from several not just only One channel or source but many as unbiased as possible. I do not want to hear from only one news source and I do not want my local news to be forced to read cherry picked clips from just one news source. That is Nazi-like and using Gestapo like tactics that do not bode well for a free press.

Go back to the old ownership rules of media outlets in a single market. Local radio and tv used to be so much better than all of this syndicated crap.

—Richard Ashford, Level Green, PA

Gov. should not force ANY media to run their message on air, tv, print. This is a Trump station paid for by money donated to campaign, supposedly. NO!

—Betty, De Pere, WI

Government propaganda is a hallmark of totalitarian societies, not democratic ones. The first thing that dictators do is try to dismantle freedom of the press. Do not be a party to this outrage!

—Elaine Ricci, Houston, TX

Greeting, It is totally unfair for a single Broadcast Group to own or control most media outlet in one market. What ever happen to a diverse opinions matters in any one market. Sinclair Broadcast Group seems to be taking over as many outlets as is possible in any given market. There is really no way to know if you are being informed in fair manner. We need choices of options not one sided views. Sinclair seems to be on that path to over dominance in Broadcast Television. At one time, the rules were one AM/FM/TV in any given market. No newspaper cross ownership. That way everyone had a chance to make their mind up in a fair manner. It now seems to be who ever has the most money tries to keep us from hearing a diversified opinion. Thank God for Public Television and NPR. I understand the President wants to defund CPB and the other public funding. Not Good for All the People all the time. Thank you for your time. Keep America All Inclusive and Free from one sided opinions. "Radio Act of 1934" Respectively Rusty Youngblood

—Russell Youngblood, Bloomfield, NJ

Have you forgotten who we are? This is the United States of America, not some feudal state of Russia. No merger. Free press!!!

—Paula George, Colorado Springs, CO

Haven't we had enough of this right-wing propaganda crap for 20 years now?

—Darren Rozumek, Lynn, MA

Having a career in Broadcasting & Media for 20 years, I have watched, read and heard the deterioration of real news into an all out daily checklist of conservative opinions masquerading as facts. Please save the free press. Please stop the dumbing down of our citizens. Please allow consumers of media to have a true, fair and balanced perspective of the news. The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you!

—Kathleen Bink, MECHANICSBURG, PA

having a single media group to own so much of the airwaves is bad for dissemination of information. it can be slanted one way or another and that's not good for anyone. We need various positions to be presented in order to make an informed decision regarding the validity and/or seriousness of the information being presented.

—Mary Hart, Dalton, PA

Having this broadcast is no better than Kim Jong Un state run TV. I say NO WAY! Trump is NOT our dictator!

He can put whatever bs he wants on his wall, or his website, but it does NOT belong on the media news!! This country is falling so fast, our heads are spinning. I will stop watching all together any stations owned by Sinclair, if this merger is approved and we are FORCED to be fed propaganda. Disgusting and fascist.

—Denise Schrader, Carrollton, OH

Historically we have ridiculed countries like Russia and Cuba for their power over the people and the propaganda against the US. Yet here we are... it's already bad enough that we are only educated on world history according to the government--censoring television and radio would be the next logical step. And that's exactly what we would be doing by allowing Sinclair to monopolize the media.

I absolutely do not support this merger. It is not acceptable for Sinclair to own 70% or more of the country's airwaves.

—Gay Brennan, Anderson, SC

I adamantly oppose this contamination of local news outlets.

I am already saddened that KOMO4 News in Seattle is broadcasting biased journalism. I listened to a KOMO4 Radio program which presented "alternative facts" about an event which took place that day, and which I had read about through several news sources. We must keep our media as unbiased as possible, and not cave in to power-hungry mergers.

—Janet Walsh, Seattle, WA

I am an American living in Canada and I am gravely concerned by the possibility that Sinclair Broadcast Group might have access to so many of America's households despite their obviously biased stance. The US should never be ruled by propaganda.

—Diana Gibbs, Hamilton, TN

I am asking the FCC to treat Sinclair Broadcast group like all other media outlets . Limit their reach. I do not support any action that will allow this group to become more powerful. This merger could be seen as a means for an outlet for propaganda.

—Mary, West Chester, OH

I am completely against this underhanded attempt to indoctrinate the intelligently challenged.

—Aj, Santa Monica, CA

i am deeply disturbed by the prospect of Sinclair Broadcasting sinking its teeth into even more of the nation's backbone of local news providers. They will destroy good local reporting & replace it with right-wing fringe opinion passed off as news analysis. There is no good reason to allow Sinclair to get even bigger--they should never have been allowed to acquire the number of stations they already own. This is a disservice to all the communities that Sinclair has effectively taken over as a media monopoly & in now way serves the public good.

—David J. Lafond, Holyoke, MA

I am disgusted by this attempt at centralizing America's news source.

—Angel, Bronx, NY

I am especially concerned because Sinclair Broadcast Group makes no pretense at providing objective coverage of news and current events. They often send out direction to their stations that certain stories MUST be broadcast, usually with scripts on how the story must be reported. Likewise, they often intersperse blatantly political commentary in with their news reports. This merger would NOT serve the interests of the general public by broadcasting facts; rather, it will ONLY serve the interests of the owners of Sinclair Broadcast Group by giving them a larger soapbox from which to disseminate their own skewed opinions.

—R Karpinski, Wynnewood, PA

I am highly alarmed as a former print journalist of 27 years. This is a threat to our democracy.

—Heidi L Russell, Lexington, KY

I am not at all interested nor am I willing to be spoon fed conservative or alt right geared news. This is ridiculous.

—Irma Delaney, Gloucester, VA

I am signing to prevent a Trump takeover of our TV stations through Sinclair Broadcasting.

—Elizabeth Bryant, Troutman, NC

I am so outraged at the takeover of our local media by interests that place requirements on presentation of particular political viewpoints. We are moving closer to losing our democracy every day. This is a horrible merger and must be blocked to prevent the corruption that ensues by such a dramatic consolidation of media power.

—Garth Hitchens, Bellevue, WA

I am terrified for our democracy and the daily attacks on freedom of the press in order to protect and ensure our democracy and our right to the truth. FCC, this propoganda here in the USA is horrifying and un-American in every way!

—Angela Davis, West Hartford, CT

I am the 99%. I have worked in broadcasting during my varied career. During the 1960 decade I can remember when the FCC allowed only 8 (eight!) broadcast stations to a single ownership. That policy supported many publicly held corporate entities to exist concurrently: Westinghouse Broadcasting, ABC, NBC, CBS, Metromedia, Todd-Storz, Taft, McClendon. Corinthian, Transcontinent, among others. Why is it necessary that single corporate entities be allowed to own hundreds of broadcast stations ? The consolidation of our electronic and print media is damaging to the diversity of news sources and therefore the spectrum of public opinion and policy. The approval of the Sinclair-Tribune merger is against the interest of the supposed free market in information and speech intended by the First Amendment. Please deny this merger.

—Peter Butt, San Pedro, CA

I am vehemently opposed to this merger - rewarding a business for funding the Trump campaign and providing free propaganda is the path toward a North Korea style dictatorship.

—Eva Esparza, Austin, TX

I am very worried for our country. there is too much hate. trump, pence and many republicans are making it worse.

—Pat Lawr, Ackworth, IA

—Lonnie Spinozza-Johnson, Garrison, NY

I believe it's against the law to run political propaganda and psy ops on US citizens. This is dangerous stuff.

—Stacey Sims, Bedford, TX

I believe that a merger of Sinclair Broadcast and Tribune Media will be detrimental to the free press and diversity of opinion in broadcast media. Owning over 70% of the media market is too close to a monopoly for one news organization.

—Erika Mittag, Cedar Park, TX

I believe that local news does not need to be a mouthpiece for this vile president and his equally vile party.

—Steven Shroyet, New Philadelphia, OH

I believe that our democracy must be supported by our free press and video that will give all our people an open diversity of opinion.

—Eleanor Rodda, Shavertown, PA

I believe in the freedom of the press and that must run segments that lean in either political direction are a threat to democracy and a tool of authoritarianism.

—Charles Dowling, Randolph, ME

I consider that this proposed merger is a danger to free diversification of news outlets.

—Manuel C. Zenick, Chevy Chase, MD

I decry my local stations being used as conservative propaganda outlets!

—Emily toone, Wake forest, NC

I deeply value the diverse voices from which I read and watch the news. The American people expect you to represent ALL of us, and no one television group can possibly do that.

—Bethany Narajka, Littleton, CO

I demand a free press. This is a Democracy, not a Facist State

—Karen Lowell, Astoria, NY

I disapprove of larger mergers especially that of Sinclair media group and tribune entertainment which would have a monopoly on information in big parts of our country. This curtails freedom of information and freedom of speech. I urge the FCC to block the merger and to eliminate the UHF discount so that other such mergers are not tried. We need diverse opinions and ideas in our country. Thank you for your time.

—Nick Seidler, Wauwatosa, WI

I do believe that there is enough fake TV around that we do not need any Trump TV or Ultra conservative we need well-rounded news not news from pathological Liars

—Patrisha Avery, Clearlake, CA

I do not approve of the Sinclair-Tribune merger, which would allow a single media group to own more than 70% of our country's airwaves. —Bernadette Berry, New York, NY

I do not support the merger of Sinclair Broadcast and Tribune Media. No one should be allowed to own over 70% of the country's airwaves. Please do not approve this merger.

—Julie Wheeler, Wilmington, NC

I do NOT support the merger of Sinclair Broadcast Group with Tribune Media, Co. It will form a single corporation that own over 70% of the country's airwaves. It smacks too much of an authoritarian regime, not an open democracy.

I do not want to see or hear Sinclair Broadcast Group. It's wrong to allow a group 70% of the air waves. to allow them to lie and that's what they are doing lying to America. It's like the Russian government in control of the air waves. They must be block now!

—Sharon Hofmann, Danville, IL

I don't believe in shoving propaganda down people's throats. It's totally unAmerican. There are already several right wing "news" channels. Allowing one media company to own over 70% of America's TV channels and allowing Sinclair to force them to air right wingers segments is beyond disturbing.

—Claudia Sutton, Juneau, AK

I don't like with Donald Trump. Because Donald Trump say that "Fake News". He hates all TV News. I won't trust President Trump. But, I loved President Obama. —Bruce Burnham, OLD TOWN, ME

I don't think this is a good choice I don't want my news to spin the news as they want to I want fair news where people have the choice to make up their mind. —Stacey Holliday, Chattanooga, TN

I don't want Trump TV. Lies anyway. Shut it down.

—Lori King, Lincoln Park, MI

I don't watch that bullshit now and I damn sure don't want to watch propaganda that makes all minorities to be the problem.

—TaShawna, Indianapolis, IN

I don't watch TV (except for an occasional OPB program), but I abhor the proposed merger of Sinclair Broadcast group with ANY of the local news media!

—Darvel Lloyd, Portland, OR

I don't watch tv at home. But I know how dangerous it is to have the nation forced to watch news and programs showing untruthful and harmful news brainwashing its citizens to narrow minded tainted and twisted views. This is awful and this needs to be on headlines and at the forefront of congress to stop it. It is wrong, wrong, wrong. Bad for America. Are we the next Bad, bad North Korea?

—Susan K Welton, Florence, OR

I dont want trump tv

—Esther Ramirez, Richmond, VA

I fear loss of a real free press

—Mary Bunting, Balto, MD

I feel like, with this latest development of Trump creating and sharing (against the new outlet's wishes) his "news channel", that we're living in a dictatorship. He wants his lies to be far-reaching. VERY CONCERNING!

—Deborah Schaner, Hanover, NH

I feel that it is the job of the FCC to ensure that there exist a free and diverse group of programming. The creation of a monopoly that reaches the majority of the homes in this nation is not in the interest of the public.

—Robert Forgey, Portage, MI

I feel this move will negatively affect how news is reported to the citizens of this country; therefore jeopardizing our democracy and freedom of speech and press. Do not let this happen!

—Sandy Abney, Austin, TX

I feel very strongly that this merger will create even more hostility between the right and the left than we have now - and now is way too much for one country to remain one country.

—Frances Savage, Philadelphia, PA

I fervently hope this merger is blocked since little by little we might end up with a dictatorship.

—Ricardo Hernandez Jr, El Paso, TX

I further request that some rule be implemented to require programs to discuss both sides of issues.

—Maria Rubin, Winter Park, FL

I got rid of my satellite service because I got tired of paying through the nose for a constant stream of propaganda and corporate ads! Don't screw up our internet too!

—Susan Boyce, Myrtle Creek, OR

I got so fed up with the Sinclair Broadcasting TV political propaganda messages when I lived in Iowa. 'How do they get away with this nonsense?' I wondered, and still wonder.

—JR Clark, Frederick, MD

I guess it doesn't matter to you, but if Sinclair Broadcast Group buys any tv station in my viewing area, I will no longer watch that tv station as far as news goes. We need a free and unbiased media if we are to remain a democracy. Thank you.

—Carol Jackson, LOS LUNAS, NM

I hate the lies on TV news. So it won't bother me; I get my news from carefully selected private Internet news outlets .

—Ruth ferguson, Cozad, NE

I hate to hear of this group taking over control of our air ways. Certainly I would not support this action.

—Sue Flanagan, Brenham, TX

I have a fairly discerning mind; many of my friends and neighbors do not. NONE of us should be subjected to force-fed propaganda. It is dangerous; it threatens the very fabric of our democracy.

—B Kathleen Fannin, Monmouth, IL

I have already caught WCHS Chanel 8 an @ABC Affiliate owned by #Sinclair & FoxNews11 also owned by #Sinclair showing Stories on topics like Medicaid Fraud, claiming it was from CHARLESTON WV, when I called to confront them, I was told our News is all made in #BaltimoreMD and we have to USE IT! Its noting but #FRAUD, they put their OWN #Editorials with a Twisted RIGHT spin and preempt ABC NightLine stuff. It makes me FURIOUS that I can't bypass my LOCAL Broadcasters to opt for TRUE 100% Network #Affiliates!

—Michael D Schmidt-Kerley, Hurricane, WV

I have already seen a discouraging change in our local news WGN 9.

—Patricia Acha, Evanston, IL

I have been trained for and am currently doing, public non-profit radio. Not associated with PBS. But, my point is that I have also read, and studied history, for the last 50 years. There has never been a society that expands and grows, without a free, local and small broadcast media. It is not wise, nor in the best interest of our citizens, if they have been limited in access to information. Do not approve this merger. Thank you.

—Ron Waterman, Grand Junction, CO

I have heard about this media group and am opposed to their attempt to take over local news.

—Terry Helms, Brooklyn, NY

I have my own liberal values, please don't try to stuff conservative bull down my throat.

—Denise Santos, Layton, UT

I have no interest in anything Donald trump

—Patricia roane, Hope mills, NC

I have no interest in being exposed to more Trump propoganda.

—LM Brown, Seattle, WA

I hope Sinclair fails.

—Kevin spelts, Albany, OR

I hope this helps but I stopped watching main stream media years ago for the very reason I'm signing this petition. Edward R. Murrow's advice should have been heeded.

—Pamela Valentine, St Augustine, FL

I just won't watch local tv.

—Pam dolby, Chicago, IL

I know corporate America is trying to cheerlead on a Sinclair/Tribune merger that will guarantee more brainwashing on our local airwaves, & that's not good for the public. That's why the FCC needs to their best so that they must stop that merger so that Sinclair must not be in control with more of our local TV stations

—Derek Gendvil, Las Vegas, NV

I like I news the old fashioned way - factual!!!

—Rachelle Kirk, Upper Marlboro, MD

I live in Kalamazoo Michigan and have already been putting up with random, biased editorial content masquerading as news on our local CBS affiliate WWMT. KEEP THE MEDIA REGULATED.

—Katherine Houston, Kalamazoo, MI

I live in Seattle and am appalled that Sinclair is allowed unfettered monopoly to propagate a single message. Regardless of source, this is not a media outlet, it's deceiving viewers and violating FCC and Consumer regulations. Address this before class action lawsuits are necessary!

—Cathleen O'Neill, Mill Creek, WA

I live in Virginia Beach, Va. Our local station ( WTKR ) would become part of Sinclair's stable. Please do not allow them to " skirt the regulations" and become such a dominant force. The majority of citizens will not know they are being played.

—Kathy Thomson, Virginia Beach, VA

I need to be able to rely on the accuracy and neutrality of my local news. This merger would promote dangerous, hateful propaganda.

—Katya Ginzburg-Bram, Providence, RI

I object to forcing my news stations to replay prepared political propaganda as if it were news.

—SarahWiener, Long Beach, NY

I oppose any kind of nonsense that cod not pass the fairness doctrine.

—Catherine Dove, Billings, MT

I oppose monopolies tamperjng with the FIRST AMENDMENT.

—Eralyn McLarty, Plano, TX

I oppose Sinclair Broadcast Group's merger with Tribune Media. No one media company should own so much of the "fourth estate." Please do not allow this market grab go forward.

—Douglas Holbrook, Lincoln City, OR

I oppose the monopoly that this merger represents. It's wrong and threatens the independence of a free press.

—Marcy Everest, Sebring, FL

I oppose the proposed Sinclair- Tribune merger

—Fuat Aktan, Saint Paul, MN

I oppose the Sinclair - Tribune merger.

—Rosemary Topar, Hopatcong, NJ

I oppose the Sinclair Broadcasting & will refuse to patronize any advertisers for this company.

—Barbara Scapelitte, Newark, CA

I oppose Trump tv. Stop this action. All it will air is Trump lies and propaganda.

—Barb Reinhart, Nazareth, PA

I pledge to NEVER watch Sinclair/propaganda TV or radio. I am smart enough to research the owners of tv/radio stations and I pledge I will do so.

—Sheila Sutton Carter, Riverside, RI

I prefer my television free from political agenda. Thank you.

—Helene Willis, Pleasant Hill, MO

I protest the Tribune sale of WREG-TV in Memphis to Sinclair Broadcast Group

—Peter Vescovo, Germantown, TN

I protest this merger. It is not right for 70% to be owned by one company. This is a democracy.

—Nancy Stollon, San Francisco, CA

I refuse to watch any channel that shows these. Not just the news, but anything on that channel. State news? No thank you.

—Cheryl L. Hinkle, Raleigh, NC

I refuse to sit by and watch dictatorship poison my country. You want propaganda tv?! GO TO N. KOREA OR TO RUSSIA!

This is AMERICA, NOT 'Murikka!

—Tenley Taghi, Dayton, OH

I remember when Monsanto started buying up all the small seed companies that supplied my local feed & seed store in Montgomery Alabama. Before long every local farmer at the Curb Market was selling GMO corn, without even knowing it and they were then trapped into purchasing new seeds every year from this toxic company. It all went through with very few people recognizing what was happening.

—Pat, Montgomery, AL

I remember when the FCC protected the interests of American citizens. Please don't let them run propaganda disguised as "news" and prevent huge monopolies by special interest groups. I will boycott any stations involved in these tactics if you don't act to protect the public.

—Jan Woodworth, Canby, OR

I say NO to more stations promoting racist activity and comments!

—Leslie Pessemier, Denville, NJ

I say no to state-run television

—Ernest Bruce, Salinas, CA

I shall not watch a station connected to the Sinclair Broadcasting Group.

—Linda Grubb, Lakeville, MA

I shouldn't have to listen to political propaganda on my local news.

—Howard S Hurwitz, Arden, NC

I stand with my Muslim friends on this issue. Stop this merger.

—OSF Dawn M Nothwehr Ph.D., Chicago, IL

I strongly oppose this merger.

—Christine, Newport Coast, CA

I strongly believe that this merger should not occur, it is not in the best interests of people. We need diversity and variety in viewpoints.

—Marilyn Stollon, Kensington, CA

I strongly object to decreased regulation which would allow a media conglomerate to masquerade political opinion as local home grown news. My position has nothing to do with my own political views but instead my value for the integrity of local news and potential misuse of public trust. The FCC must uphold its mission and protect and preserve decent values and a fair playing field.

—Suzanne O'Shea, Cranston, RI

I strongly oppose any merger that will allow a media group to own such a large percentage of our country's airwaves. I insist on attaining different viewpoints from my choice of sources. Maintain our democratic freedom of choice.

—Kim Sadlier, Springfield, OH

I strongly oppose The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group.

—Paul Gavry, Amsterdam, NY

I strongly oppose the potential merger.

—Joy Peterson, Dubuque, IA

I strongly support this action!

—Thomas Bertrand, Indianapolis, IN

I strongly support this petition.

—Susan Wright, Bakersfield, CA

I strongly support this petition.

—Ann B Harris, Pittsburgh, PA

I strongly urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions.

—Carol Drum, Venetia, PA

I strongly urge the FCC to help this country stay a democracy.

—Isabel Cuellar, Atlanta, GA

I subscribe to the request in the column to the right.

—Marita P McClymonds, Charlottesville, VA

I support a Free Press and completely reject any proposal to reinstate the UHF discount that would allow the Sinclair Broadcast Group to attempt any merger with Tribune Media. Any merger of this kind would give a single media group power of 70% of our airwaves. This is unacceptable and would not allow for a Free Press, which is essential to our country's democracy.

—Jessica Vaugean, Stony Point, NY

I support a free press and not a media group to be allowed to control 70% of the airwaves. I live in a democracy and do not want state controlled media.

—Beth A eagon, Cape Coral, FL

I support Free Press

—Roseann Ghusein, Palos Hills, IL

I support free press coverage of all points of view that are factual and proven to be accurate or stated in such a way to assure conjecture. I oppose "fake news" that may be "legal" but misrepresents facts and cannot be verified and proved. I oppose the news outlets to use their service for political reasons or persuasion, as it is in my opinion ethically wrong to misguide the people with assertions designed to support points of view rather than fact. Please keep the air coverage of any news factual and not populist, help maintain excellence in journalism by putting all the viewpoints in equal amounts in the same time frame so that there is fairness in reporting and quality in the coverage of issues. If opinion is offered please state that it is opinion that is being promoted rather than news fact.

—Valarie Corwin, Cincinnati, OH

I SUPPORT FREE PRESS!

—Bonnie Tetzlaff, IOLA, WI

I support freedom of speech. This is a democracy. We do not have State mandated TV. Keep it that way.

—Elena Sandoval-Lucero, Thornton, CO

I support MORE diversity not less.

—Barbara Mitchell, Plattsburgh, NY

I support stopping that kind of take news.

—John Jackson, North ridgevile, OH

I support the first amendment, which includes a FREE press, not a press that is required to push propaganda!

—Yolanda Debyle, san francisco, CA

I support the Freedom of the Press. The FCC should block any mergers that would result in control over 70% of the media market and airwaves as this proposal would do. Our Constitution protects the Freedom of Speech and that includes a free press.

—Nathan Henry, San Diego, CA

I switched stations because of the bias on our Sinclair owned station, worse than the editorials was the segments run as a part of the newscast, run as news but were very conservative and one I saw that lead me to make the switch was an anti-immigrant segment that sourced a group identified as a hate group by the Southern Poverty Law Group

—Carol Miro, West Kingston, RI

I think few Americans will be okay with this once they realize what's happening.

—Sherry Bachrach, West Palm Beach, FL

I think I can understand "Free Press" but I cannot understand one group owning 70% of the airwaves. Isn't that on the way to becoming a "monopoly". That's also something I understand/

—Bud Rutkowski, Urbanna, VA

I think local stations should be free to choose their own programming based on their local viewership. This is propaganda, fascist style.

—Sharon, Sacramento, CA

I think FCC has been sitting on their backsides for a very long time now. We are supposed to prevent monopolies in this country, to prevent these companies from gaining too much power so they can tell where the government can go and be able to have a severe impact on the consumer. You haven't been doing your job! You must stop this propaganda machine from ever starting.

—Thomas Joy, Cape Coral, FL

I think this quote sums it up: "No one company should have such power over the news and information that citizens must have if they are going to cast intelligent votes and practice successfully the art of self-government." Michael Copps, former FCC commissioner and special adviser to Common Cause

—Kim Lang, Burlington, VT

I thought monopolies were not allowed in America. In fact, wasn't it Franklin Roosevelt who broke them up back in the 1930s and early 1940s? Has it changed to allow them in the 21st century? I must have missed that law being written and passed. Can anyone tell me when it was passed? How much help does that provide the American public?

—Lisa Bradford, Alexandria, VA

I thought the free market was supposed to be about competition. Doesn't seem very free or competitive when one company controls nearly all the stations. This merger is a threat to our democracy and would show that this administration doesn't care much about keeping things fair and honest.

—Carly Stocks, Saratoga Springs, UT

I thought the Republican Party promotes LESS intrusive government. Yes or no? I ask this to each & every Republican currently serving in D.C., and governors of each state. STAY OUT OF OUR PRIVATE BUSINESS; STAY AWAY FROM THE FREE PRESS; AND STAY THE HELL OUT OF OUR DOCTOR/PATIENT CONFIDENTIALITY,

—Bettie Srader, Shingle Springs, CA

I thought we had antitrust laws for exactly this sort of thing. Why don't they apply here?

—Laurie Brunner, Medford, MA

I thought we were supposed to have regulations in this country preventing monopolies in business, so as, in the case of media ownership, to encourage different viewpoints and competition. If the purchase of Tribune by Sinclair goes through, this will deal a death blow to the prevention of monopolies, not to mention the permanent damage it would do to the existence of a free press in the United States.

—Virginia Brown, Chicago, IL

I trained as a journalist, freedom of the press is fundamental to a free society.

—Nicole Pauling, York, PA

I turn the channel and don't watch the following program.

I understand the history of this rule but this situation is unacceptable.

—Alison Monroe, Oakland, CA

I want to see less large corporate broadcasting on the radio and tv. Public Television PBS now has to run a commercial to cover it's operating costs. You have let us citizens down too many times in the past. Please do the right thing and do not allow 70% of the country(USA)airwaves to a be privately owned by a single media group!

—Stacy Shattuck, Liverpool, NY

I wonder if Ajit Pai has ever felt afraid of mob violence. I wonder if every brown person he knows has always felt safe from the hate coming from "conservative" media. Maybe he doesn't see anything wrong with the messages of accepting extremist racial violence, or with trying to form media monopolies.

—Heidi Hickman, Irving, TX

I worked for PBS for 20 years. Broadcasting stations should never reflect the opinions of the owners...otherwise it's just propaganda.

—Diana Worrell, Lehigh Acres, FL

I would run these statements, if forced to, with a statement before and after, "we your local news are FORCED to run this segment by our owners, and cannot vouch for the accuracy or viewpoints presented in it"

—Sharon Ludwig, Harvard, IL

I'd Rather Kill My Television And Radio Than Listen To Conservative Trump News!

—Lori Kasowitz Kessing, West Hartford, CT

I'll stop watching cable news altogether and simply get my news through online sources as well as newspapers. I refuse to be part of the brainwashed conservative lemmings in this country, who would gladly follow trump off a cliff if he directed them that way. He's a liar, and a con man, and the more "conservative" shows I've seen, including fox news, the more I'm convinced that trump and his entire cult following, are certifiably crazy. Any group of people who threaten to kill those with a difference of opinion are nothing more than terrorists. They threaten to start a civil war if he's impeached, even if he IS found guilty of treason. And just for the record, Hitler started off by calling the media "fake news" and "lying news" as well. We all know how that ended.

—Melissa Gallagher, Huntingdon, PA

I'm a journalism student and this horrifies me. This is not ethical and can not happen.

—Francesca Dabecco, Coraopolis, PA

I'm a U.S. citizen living in Mexico and pay close attention to the issues facing my native country. I am adamantly opposed to Sinclair gaining more of a presence in the American media market. They broadcast propaganda, not news, and that's dangerous. NO to Sinclair!

—Terry Canning-Steller, Chapala 45900 Jalisco,

I'm a US expat living in the UK, voting by absentee ballot in a California precinct. Please do not dismiss my opinion because I have a foreign address: I am not a foreigner. I'm an American, I keep an eye on the media, and I'm becoming more and more concerned. I haven't written or phone my representatives on the issue before: this is the last straw. We need a free and independent media, or we are lost, and if our democracy is lost, the world is lost.

—Mary Ellen Foley, ALDERSHOT,

I'm against 'state' tv. I think it should not be forced on us.

—CJ Neal, Las Vegas, NV

I'm against monopolizing the airwaves with this Sinclair deal.

—Rick Smith, Watertown, MA

I'm against the merger of Tribune Media & Sinclair Broadcast Group. One group owning the majority of the USA airwaves is not diversity. We want the opinion of many.

—Lynn Sanchez, San Francisco, CA

I'm already seeing the Sinclair propaganda. I turn it off. But why is it being forced on me to begin with? Donald Trump and his minions are idiots. I want as little exposure to them as humanly possible.

—Gloria Fritz, Middletown, OH

I'm appalled to think that so much airtime would be controlled by so few people--especially those committed to promulgating a specific and narrow political perspective. Democracy thrives when many different voices have access to media outlets. Please stop the merger.

—Kathryn Zellich, Alton, IL

I'm counting on the FCC to protect the public and block this proposed merger.

—Leigh Shaheen, Canton, OH

I'm extremely concerned that money will distort the truth to the extent that we will no longer live in a free democracy. If our watchdog agencies abdicate their role of protecting us from those who can buy power, we are doomed. This goes for the internet as well. FCC -- DO YOUR JOB!

—Robin Burton, South Burlington, VT

I'm in favor of FREE PRESS - as in the CONSTITUTION! No propaganda!

—Margaret S. Geshwilm, Akron, OH

I'm living in Missouri, USA

—Ross, Columbia,

I'm moving to Mexico - this country is getting worse every day. I'll come back when Trump and friends are gone.

—Susan Swor, West Suffield, CT

I'm not someone who relies on my local news but I know lots of people who do. Especially now that is being exposed for the haven of patriarchy and racism that we all knew it to be. These are dangerous times and information is power please help us to keep local news as unbiased as possible.

—Natalie McElyea, Lafayette, LA

I'm sickened by this horrible propaganda outfit

—Mike farley, Madison, WI

I'm signing this because I do not want to see A Trump take over . We do not need this merger to take place.

—Jean Eborg, FREMONT, OH

I've already complained to local station. Told them I would be watching another network's news show. Don't like Boris slant

—Mary CAIRNS, Medford, OR

I've know some great clowns! Believe me when I say Trump is no clown nor is he funny. You say could say he's dangerous to the american way of life. Not to mention the worlds environment!

—Dennis D Whaley, Sevierville, TN

I've read about the demands Sinclair puts on its existing stations. It is a slap in the face to freedom of the press to allow Sinclair to expand its empire further. It is unconstitutional and you must not allow it.

—Catherine Chayka, New Brighton, MN

If any individual want to watch pro trump propoganda we can watch Fox.

—Sheila Quarterman, Fort Worth, TX

If anything is need it is a break up of Sinclair!

—David Cooper, Eugene, OR

If approved, you will violate every tenet of American free speech.

—Jay Hays, Addison, TX

If I totally lose unbiased and true facts TV, I'll boycott watching any!

—Donna Dawson, Traverse City, MI

If I wanted propaganda stations, I would have moved to North Korea!

—Sandra Chung, Canterbury, CT

If I wanted to listen to Fascist Lies and Propaganda I would continually watch Foxx News Channel. This is the United States not the Third Reich!

—Lisa Witham, Mentor on the lake, OH

If my cable company puts this on here in Iowa, I will cancel my cable.

—Sheila Tran, Hartley, IA

If Sinclair gets their way I will quit watching WGN in Chicago. I won't listen to their racist, homophobic crap. This is out of control and it must stop.

—Cathy McCarthy, Orland Park, IL

If Sinclair is given more of the market, how can we shut it down? Lawsuit?!

—Norma Jean Bullard, Corpus Christi, TX

If stations are forced to run Partisan programming, they are state propaganda & are not what this country should be about.

—Shirley Williams, Florence, AL

If the FCC allows this takeover, the DNC should take this to federal court for the obvious conflict of interest. Jared Kushner made a deal with Sinclair (pre election) to insure positive coverage of Donald Trump. Trump's appointee at the FCC cannot be trusted to make an unbiased decision since approval will guarantee positive coverage for all things Trump over 70% of the country. This is the equivalent of state run propaganda, which should not be licensed by the FCC to masquerade as news. It is the very definition of fake news.

—Darrell Noel, New York, NY

If the FCC allows this to happen we will be just like Russia where the Government controls the news.

—Ruben Figueroa, El Paso, TX

If the FCC approves this takeover, it will take our country down the path of Nazi Germany & Putin's Russia. Joseph Goebbels would be proud...

—Donald Herzog, Littleton, CO

If the First Amendment means anything, this nefarious takeover of local news broadcasts must be stopped!

—Thomas Fielder, Anaheim, CA

If the power of the press is too concentrated, there is no free press.

—Willa Michener, Wellesley, MA

If the right wing agenda is so fair & just then why the need to force feed propaganda! Not necessary, provide the news without bias and then let the people decide, which is what this country was founded on.

—Norreen Thomas, Parma Heights, OH

If the viewers don't know enough to realize they're being fed false information, this is brainwashing. And propaganda.

—Jodi, Watertown, MA

If this becomes a monopoly, will it be illegal?

—Leila McCarter, Chilmark, MA

If this happens they should be forced to also identify those segments as opinion.

—Suzanne Maley, Beachwood, NJ

If this happens, it might be time to find another country.

—Cindy Cowling, Mira Loma, CA

If Trump's media group owns 70% of the country's airwaves we are in even bigger trouble than we thought!

—Kelly Dearie, Santa Cruz, CA

If we concentrate access to broadcasts we will cease to even resemble a democracy.

—Paula Rockwell, Odenton, MD

If you allow fascism wait till I rise up I'll rule with a iron fist so rethink this I don't make things up

—Joseph snodgrass, Schaumburg, IL

If you allow this you will lose, all me and my family's support for your syayion for ever period ...Trump is a evil man a narcissistic facist racist !!!

—William, La Grange, MO

If you allow this, it will put the final nail in the coffin of a diverse, vibrant, REPUTABLE American media.

—Mark Willis, Kensington, MD

If you allow this, you are not true patriotic Americans. Freedom of the press is part of our foundation.

—Natalie Gray, Pacific Grove, CA

If you can't bring us unbiased news, don't bring us any. This is a democracy, not a monarchy.

—Cheryl Blevins, Cleveland, OH

If you don't block this merger, people will dump cable and satellite in favor of things like Hulu, Roku, Netflix and other outlets... You will go down as the fools that will be remembered as the fools that destroyed "broadcast TV." We aren;t going to watch it, and we will NOT contribute fiancially to any entity that forces it onto our media feed... And find a way to get rid of that Indian who is your chairman. He looks only for notoriety, not the interests of "Americans"....

—Tim Crimmins, Windsor, CT

If you don't think the type of market power that Sinclair would grab from this merger is a genuine threat to competition and homogenization of media content, then you seriously should think of resigning your positions since you are clearly out of your league and thoroughly corrupted by big media money. You are supposed to represent the public interest as commissioners not those who merely rent the public airwaves for private corporate interests. Remember that weird notion? It used to be commonly understood.

—Ben Lichtin, Rochester, NY

If you have to find a loophole in the rules to do something, it's a bad sign. A diverse control of public broadcasting is essential to a free press.

—Janice Pardoe, Berkeley, CA

If you restrict the news being told, it stops being news and begins to be propaganda and this is how dictatorships start. The people of US and the rest of the world are entitled to hear the truth from the press.

—Charyn Thompson, Norwich,

If you're not in Trump's pocket, you will block this merger, rather than allowing a single media group to own a dictator's share of the country's airwaves.

—Francesca Harrison, Burbank, CA

I'll go back to reading paper news if this happens.

—Tanya Bruzzese, Woodbury, MN

Illigitimate president selling out our democracy

—Annette Kattau, patchogue, NY

Impartial news is unbiased news. Not stated run news like communist countries. We still have a constitution that gurantees free speech

—Tomiko Womack, Columbus, GA

IMPEACH PENCE: THEN TRUMP!

—Clair R. Touby, Saranac Lake, NY

Impeach stop the fascism

—Valerie Wolf, Napa, CA

IMPEACH the orange moron!

—Jeannie, Marshfield, MO

Impeach Trump, restore democracy. Ban Fox 5 Fake News report true impartial events!

—Maria Windolph, Poolesville, MD

Impeach Trump. Deport right wingers.

—David, Boston, MA

In a democracy, a large diversity of viewpoints is invariably preferable an essential monopoly of one viewpoint. In a dictatorship, of course, only one viewpoint predominates. I prefer democracy, so I oppose this grab of the public airwaves. If you prefer a right-wing dictatorship, then there's nothing stopping you from approving this takeover. History will judge you accordingly.

—Frank Fisher, Rio Rancho, NM

In my mind, this would constitute as a monopoly, disastrous in and of itself. A monopoly in media, however, leads us dangerously close to fascism. I am vehemently opposed to this measure.

—Cynthia Martin, St. Louis, MO

In no way shape or form should we allow the continued change to established norms.

—David McMillan, Everett, WA

In Seattle Sinclair has already begun their policy of requiring propaganda releases, the station has no option to refuse to air them. We need news, not propaganda & misinformation.

—Kathy Ingram, Tenino, WA

In the past the FCC has blocked such mergers - Please make sure it is done this time!

—Daniel P Murphy, Queens Village, NY

In the United States of America, we are a Republic and a Democracy. We should NEVER allow a political party to spread their agenda of deception and anti democracy. We demand you put an end to this corruption and deceitfulness. Country before party!!

—Mya State, Los Angeles, CA

It appears that "big business" is taking over our entire country.

—Angeles, Moraloma, CA

Isn't such a monopoly illegal?

—Gail Morrison-Hall, Wyncote, PA

Isn't this right out of Hitler's playbook?

—Lee Bridges, Missoula, MT

It breaks my heart knowing that my favorite local station will be corrupted by Sinclair. I refuse to watch.

—Susan, Gurnee, IL

It frightens me to know that Sinclair Broadcasting will be allowed to ruin the local news stations we have come to love and count on for accurate news reporting. My local station KTLA is a brilliant, award-winning source of news and has been for decades. I would hate to see that end with Sinclair Broadcasting taking them over. I think of our local newscasters as family and would hate to see them stifled. Please block the Sinclair-Tribune merger and reinstate policies that allow for a free press. Thank you.

—Kira Hodge, Santa Clarita, CA

It has already been mentioned that Sinclair has asked its affiliates to include conservative commentary in their broadcasting. We do not need a majority of the airwaves owned by one entity.

—Diane Snyder, Murphy, NC

It is a matter of global importance that a country as powerful as the US has a free press.

—Carol Bailey, Stone,

It is a sad day for America that we are heading to a fascist run media and White House

—Toni Bramson, Murrysville, PA

It is a terrible idea to force local channels to push propaganda on the air.

—Todd Applegate, Spring, TX

It is alarming that Sinclair Broadcast Group may be allowed to merge with the Tribune Media Company. I object to this merger which would give Sinclair control over 70% of the US airwaves. The allowable number should not be changed from 40%. I urge the FCC to block the Sinclair-Tribune merger and reinstate the policies that allow for a free press and promote a diversity of opinions.

—Sitha Wenberg, Chester, VA

It is an existential threat to any democracy to have any one entity control 72% of the means of communication to its citizens.

—Steve Zeledon, Ridge Manor, FL

It is bad enough that we already have conspiratorial and divisive information coming out of Breitbart and Fox "news." We do not need to add Sinclair to this problem which is undermining our democracy.

—Ruth Pratt, San Rafael, CA

It is critical that we have free media and not prescribed news and constructed opinion on our local TV stations.

—Martha Detweiler, Camp Hill, PA

It is critical to the future of our republic that we have the opportunity to garner news and opinions from multiple sources. This proposed merger represents another attempt to consolidate power and information-sharing in an ever more limited group of stakeholders. That promotes autocracy, and conflicts with our commitment to a democratic process. I urge the FCC to block the Sinclair-Tribune merger.

—Leslie P Fulton, Oak Park, IL

It is crucial that this merger not take place. Viewers will be fooled.

—Kathleen Van Kampen, Palos Park, IL

It is crucial that unbiased investigative journalism be available throughout the country, not a pre-cooked biased version of events.

—Anne McManus, Bayport, MN

It is dangerous to allow any entity to control over 70% of the country's airwaves so this merger must not be allowed to proceed.

—Christine Bundy, Long Beach, CA

It is difficult to overstate how hideously contrary to the mission of the FCC permitting this merger would be. Recalls the old Soviet Union... bad news.

—William Fisk, New York, NY

It is extremely important to make sure America has an independent press and mergers should be severely limited.

—Carolyn Dingus, Huntington Beach, CA

It is hard to argue there is true freedom of the press if over 70% of airwaves is owned by one company. Yes there are other formats, but if one mainly relies on one's tv and local stations for the news, any competing source is going to be hard pressed when competing with such a behemoth. There was a reason monopolies were broken apart in the past and rules were put in place to prevent them from occurring. Let's make America great by protecting freedoms that make us that way.

—Emily Hogan, Los Angeles, CA

It is imperative for the continuation of our freedom of the press, that you not allow the merger to be allowed. Please.

—Elizabeth C Schauf, Rochester, NY

It is imperative that the free press remains free. We cannot ignore or allow this. Monopolies of this kind are dangerous and ethically wrong. Please do not allow this merger.

—Heather Longley, Timonium, MD

It is imperative that the tribune not be sold to the same conglomerate that controls so many major newspapers with the same opinions. We need different and diverse voices to maintain a free press.

—Susan Kramer, Lincolnshire, IL

It is my right to have access to unbiased news and make up my own mind about what I choose to hear and see.

—Patricia Standriff, Sandy, UT

It is not right to have only two-three choices for our viewing/listening needs. We need stations that report the news and let the cable networks provide the opinions.

—Shirley Mowery, Christiana, TN

It is only supposed to be 39% and you are changing the rules to give Sinclair up to 70%+ not right and not fair.. you are the head of the FCC and represent all of America, not a chosen few or be in anybody's pocket

—Mary sears, Laurel place, WA

It is our constitutional right to free speech and freedom of the press! Anything less borders on communism!

—Debbie Hunziker, Tracy City, TN

It is outrageous that the FCC would allow this.

—T Taylor Simmons, Burien, WA

It is ridiculous that we are allowing a person of power shove their obscure views and propaganda into free thinking American homes! Propaganda TV first, what's next? We have to refer to him as the All mighty leader? I say No to Trump TV!

—Yessica Albrecht, Mission, TX

It is the insidious dark money behind Trump that is the problem...stop the Sinclair Tribune

—Anne F ODonnell, Phoenix, AZ

It is truly despicable to allow hate speech on the PUBLIC airways. They are divisive, un-Christian, un-democratic and probably un-Constitutional. They incite riots and preach sedition. No more belligerent racist, misogynist, bigoted Nazi propaganda! We have fought and died fighting this despicable, diabolical fascism by corporate crooks and paid-off politicians.

—Dana L. Stewart, Lakeside, CA

It is unconscionable that one media organization would be able to dictate the same propaganda from one one sided source. I have seen the result of such in a compilation of Sinclair broadcasting news outlets nationwide. Do not change the rules for this propaganda pushing conglomerate. This is America.

—Rice, Staten Island, NY

It is unconscionable to allow a highly partisan media company control so much of the country's media market.

—Gary Beckerman, Santa Ynez, CA

It is unconstitutional for one media group to control more than half of the nation's air waves.

—EP Stenberg, Shaftsbury, VT

It is unreasonable for one media group to own over 70% of the airwaves of our country of over 300 million people, represented by just 537 people in government.

—Catherine Cottle, Chico, CA

It is very dangerous to have such concentration of ownership of our communication media. This must be stopped.

—Rita Varley, Philadelphia, PA

It is your job to protect our democracy by protecting freedom of our press.

—Shelley Siegel, Santa Monica, CA

It isn't right to use the UHF Rule which is greatly outdated to allow pro-Administration propaganda to reach such a large majority of the public, which by and large is still trusted by the public, not to mention allowing any one communications company to reach such a large majority of the country, which feels like a violation of anti-trust rules. It is another blow against democracy in America.

—Donna Smith, Glenside, PA

It seems we are very close to Trump being a dictator with control of media. How much more has to happen before we impeach him?

—Rosalee Weiler, Grapevine,, TX

It should be illegal for any single media group to own over 70% of the country's airwaves. I oppose this merger and urge the FCC to reverse its ruling on the UHF discount. We want a free press and diverse opinions, not the mouthpiece for a political party.

—Gina Webb, Atlanta, GA

It should be illegal for one company to have 70% OF THE AIRWAVES...

—Martha, renselaer, NY

It should not be allowed for Sinclair Broadcast Group to effect our right to free press!!!!

—Michael & Lynn Rouse, Granger, IN

It will be very easy to give up TV if this happens. The FCC has got to take a stand. FOX has destroyed families. We do not need more crap broadcasting.

—Donna Allan, El Paso, TX

It will not longer be news but propaganda....similar to Russian news.

—Jan Weber, St Paul, MN

It would be wrong for the FCC to allow more consolidation of local and national media.

—Julie Kangas-Walker, Tigard, OR

It's always been known by academic as that learned knowledge comes from various sources, by having one broadcast company calling the shots is not only a monopoly but a wrong direction for these United States.

—Elizabeth Scarborough, San Francisco, CA

it's an assault on our free press. we are not venezuela. not the philippines. we are the united states of america not trumplandia.

—Catherine Lee, wimberley, TX

It's bad enough that we already have Fox News and Trump TV; we might as well all move to another country if this happens

—Ritchie Geisel, Burbank, CA

it's bad enough the cable companies have monopolies over certain areas of this state - i am outraged that any government agency would do anything to increase the chances for a monopoly!

—Julie Woodley, Summerville, SC

It's bad enough we have Fox News, but to invade local news is beyond belief.

—Marlene Katzel, Buffalo, NY

It's complete corruption !

—Beverly Burrell, Beaumont, TX

It's insidious that 72% of American households will be inflicted with Fake News/brainwashing!! Think Fox News!! It's frightening to know that slowly, and cleverly, they are creeping into our lives already having taken over the Presidency. Congress is ineffective - do nothing, no fist pounding in anger that a take over is happening. Same way that Trump won the Republican nomination - he stunned them with outrages behavior - he continues to do so. Is Congress too immobile because they are afraid of their constituents and losing their seat and donations and perks?

—Frances Bramen, Danbury, CT

It's not about Trump ... it's about our democracy and a diverse press - not one monopolized by anyone group or ideology.

—Fred France, Beech Mountain, NC

It's not just ownership--Sinclair demands that the stations it owns run it's politically slanted editorials and other content!

—Carol Honhart, Wakefield, RI

It's the right thing to do.

—Karl Clements, Irving, TX

It's time the FCC commits to its mandate, and part of it is to protect free speech--which is NOT the right of billionaires to propagandize the American public.

—Lisa Hakonson, Lakewood, CO

It's time to stop the biased partisan news and start being more balanced and fair.

—Jerry L. Neff, Fresno, CA

It's truly frightening the direction this country is going! More than ever we need unbiased investigative reporting to expose corruption and crimes in government and corporations!

—Beth, Aurora, CO

It's very scary!

—Sylvia bookoff, Palm beach gardens, FL

It's vital to our democracy to have freedom of the press and that includes news stations. The Biggest threat to our democracy is having new stations controlled. That's fascism. Stop Sinclair news from buying up news stations.

—Emily Jernberg, Rochester Hills, MI

It's a pay-off and therefore a felony. NOT IN THE SPIRIT OF US DEMOCRACY

—Jane Mason, Pineland, FL

it's a monopoly and restraint of trade reject it.

—Neil Farbstein, Syosset, NY

It's already a monopoly on the air of fake news.

—Nathan Holman, sioux falls, SD

it's shameful how this administration is taking this country back to very ugly days , racism, bigotry masochism and acting like a few fortunate folks are above the laws of this already great country please help.

—Cimberly C Ceballos, indianapolis, IN

Joseph Goebbels would be PROUD of what is being accomplished here and the FCC has a duty to stand against the tide of dictatorship & fascism that MONSTERS like him SO loved!

—Daniel J. Fontes, Lafayette, IN

Journalism and news should be independent of bias and just reporting facts, not false news, innuendo or opinions.

—Traci Armer Kurtzer, Evanston, IL

Journalism has the responsibility to provide accurate and impartial truthful facts. No way will accept Trump's dictatorship ruling what I watch.

—Frank link, Boardman, OR

journalism matters

—Alan Tudyk, los angeles, CA

Journalists and Journalism needs to remain impartial. We do not need another entertainment network like Fox News. (Which by the way is registered as "entertainment" and not as a "News" network.) With everything that is happening in our world today, we need News networks and local news to be the voice of reason, not not that of conspiracy theorist and political bias!!!!

Local CBS affiliate in Sioux City Iowa owned by Sinclair broadcasting has been ordered to use deceptive ads to promote right wing narrative of Job Creators opinions. This is flagrant abuse of the public airwaves. Demand they cease and desist from political partisan deceptive practice. FCC must enforce the policy of this company using open airways to advance political agenda.

—Pamela Herlong, Morrisville, PA

Local news should be run by journalists, not for sale!!  
—Michelle Martini, San Francisco, CA

Local news stations must never be propaganda machines!  
—Nancy Edwards, Las Vegas, NV

Local news stations should never be forced by their owners to run opinion pieces. News stations are there to provide facts and that's all they should do. All too often station owners like Sinclair Broadcasting assure these biased opinion pieces without making it clear that what they're showing is opinion based and not fact based and that practice needs to be stopped.  
—Joseph B Camp, Savannah, GA

Local news stations should not have to react to Sinclair's sneaky right wing comments as if they thought of them, it's propaganda that deludes the American people, especially the most mentally vulnerable, people should be able to get non-partisan news they can trust from local stations, if they want that type of partisan news they can watch Fox.  
—Jeneva K Apolito, Tacoma, WA

Local news, all news, should be free and independent of any government official's power or political party's money.  
—Jana Nazari, Landenberg, PA

Local stations do not need more force-fed right-wing agitprop, and the viewing public deserves much better than this!  
—Terry Good, Mount Desert, ME

Local stations forced to air propaganda from their parent company is wrong. Please keep local news local and independent....prevent this merger!!  
—Tammy Warner, Kokomo, IN

Local television should stay local. Adding the propaganda Sinclair distributes nationally to seem to be from a trusted local station does not advance trust or the knowledge necessary for an educated voting public. Do not allow the Sinclair take over of our local stations.  
—Pamela Stalnaker, Woods Cross, UT

Local TV news should be just that -- local -- not Corporate propaganda.  
—Virginia Patterson, Birmingham, AL

Local tv stations should not all be owned by the same company.  
—Stephanie Barbé hammer, Coupeville, WA

Lock him up, already!  
—Carol Sessler, New York, NY

Lord, deliver us from the media conglomerates that feed us right wing propaganda.  
—Connie Freeman, Philadelphia, PA

Lying and deception may be legal, but my government should not be encouraging it. Curb Sinclair's ability to corrupt our minds.

—Sharon, Tracy, CA

Making a monopoly of any one broadcast group is just wrong! Don't allow this, please.  
—Diane Cummings, Carmichael, CA

Mandated partisan political propaganda should be against FCC regulations! It's unacceptable!  
—Ron Folsom, Idaho Falls, ID

Mandating propaganda seems awfully communist for the US.  
—Nikole, Kingsport, TN

Many of the problems we deal with today started with the rise of "conservative talk radio" which is abrasive, rude, disrespectful and truth challenged at best. We do not need majority control of any media source by ANY entity. Diversity of opinion matters but so does truth, respect and civility which does NOT exist on conservative talk radio (Hannity, Limbaugh, Savage....to name a few)

—Gail Weight, Danville, KY

Media communications must remain free, fair and objective. This cannot happen when companies hold local, regional, or national monopolies.

—Donna Guardino, Mayfield Heights, OH

Media consolidation is by definition anti-democratic. No one company should control 30% of the market, let alone over 50% or significantly more than that.

—Joseph Magid, Wynnewood, PA

Media consolidation leads to bias, and an independent fourth estate is necessary to a functioning democracy.

—Richard M. Hudak II, Andover, MA

Media consolidation reduces diversity in what news is covered. In the past, the FCC worked diligently to ensure that ownership remained diverse and that no single market was subject to limited choices. The FCC should still be working to protect citizen access to a range of sources rather than supporting corporate profit-making.

—Lucia Foley, SouthHadley, MA

Media consolidation, especially in TV station ownership, is a threat to diversity of opinion, an important component of a thriving democracy. Changing existing rules to allow unlimited ownership across markets is not in the public interest.

—Priscilla Travis, Chester, MD

Media monopolies are a danger to our democracy. Bring back the fairness doctrine instead.

—Samy Cheng-Robles, Freehold, NJ

Media monopolies are antithetical to a healthy democracy.

—Nancy Michon, Houston, TX

Media monopolies are not good for democracy, but they are great for fascism. The public airwaves is a public asset, which should not be permitted to be monopolized by one company with an extreme political agenda. DO NOT LET THIS HAPPEN!!!

—Paul Wickliffe, Warren, NJ

Media monopolies are unConstitutional.

—Drake Mallard, Pasco, WA

Media monopolies can only spell doom for an informed public.

—Peggye Mills, San Antonio, TX

Media should take the middle path.

—Regina M Woodard, Eugene, OR

Media sources need to be independent, fair, and balanced. Corporations or politicians should not be allowed to control the media.

—Diana Casillas, Vista, CA

Meet the modern Hitler!

—Daniel Givens, Upton, KY

Merger will result in a dangerous takeover of local news affiliates with biased "must run" segments and scripts. Must be blocked.

—Marie LeDonne, Southborough, MA

Mergers have created many mega groups that do not allow for a variety of choices. Please stop this merger.

—Sharon Lee Piott, Carrollton, TX

Mergers mean less competition and that means consolidation and in a democracy, that means more power in fewer hands. Reject this merger. The market must have more players, not fewer.

—Jeffery Biss, Elgin, IL

Merging of media companies does not benefit public interests.

—Judith Mason, Alturas, CA

Money should not be able to buy a monopoly on media offerings in the United States. This is not what a democracy looks like. This is not freedom of the "press". Do not allow this to happen.

—Joanne Lidicker, Minneapolis, MN

Monopolies and near monopolies are never good. We already have too few news outlets. The last thing we need is even fewer.

—Karen Jacques, Sacramento, CA

Monopolies are a bad idea, dramatically worse if we are talking about news. Please put your political opinion aside and do what is best for the greater good of the country. Monopolizing the news is not what our founding fathers would have wanted. We need free news to keep government accountable to THE PEOPLE.

—Julie Duncan, Oviedo, FL

Monopolies are against the law in our country. This merge would clearly create a monopoly and must be prevented. One of the strengths of our country is its free press and acceptance of diverse opinions so people have the information they need to make up their minds on important issues. It is clear that the object of this merger is to spoon-feed pro-Trump, pro-Republican-agenda information to viewers.

—Jane Baker, Tallahassee, FL

Monopolies are anti-American. This monopoly could control the news media to an extent that would harm America.

—Elaine Davis, West Linn, OR

Monopolies are bad for capitalism and for democracy.

—A Mann, Princeton, NJ

Monopolies are dangerous and foster censorship. Please don't allow this merger between Tribune Media and Sinclair Broadcasting

—Diane Turnbaugh, Orange, CA

Monopolies are destructive to democracy.

—Kate Powers, West Hartford, CT

Monopolies are killing America.

—Bartley Deason, Darby, MT

Monopolies are never a good thing, and a monopoly of the airwaves is an especially bad thing, specifically for news balance.

—Lindig Harris, Asheville, NC

Monopolies are never good.

—Madeline Holland, Ypsilanti, MI

Monopolies are not fair. We deserve the diversity of information needed to make a fair assessment of what is happening in the world/

—Linda Melski, Marshfield, WI

Monopolies are NOT what the American people need for their local news. Stop the madness, please. Thank you.

—dal, cape canaveral, FL

Monopolies don't work. This will have grave repercussions in the future if not stopped.

—Marianne Thompson, Las Vegas, NV

Monopolies have historically been frowned upon in America. Freedom of speech has been the proper American Way. Let's not introduce the bad and take away the good in sacred American values.

—George Stillman, Colonia, NJ

Monopolies like this only hinder the freedoms of Americans

—Andi Esposito, Inwood, WV

Monopolies of "free" press is not right! Stop Sinclair!!!!

—Sarah, Cashton, WI

Monopolies of broadcast news should never be allowed. Especially when it effects local news coverage.

—Juan Mercado, WEST DUNDEE, IL

Monopolies only benefit the owners. Free press means free America. Any other choice means you support a totalitarian government.

—Lynn Davis, Selah, WA

Monopolies with agendas aren't the free press.

—Raymond Engle, Richmond, IN

Monopolistic dominance of media, communications and news is already a problem for our democracy. This should not be allowed, and many existing corporate media structures should be reassessed and, possibly, broken up or restructured.

—Kenneth Brown, Santa Cruz, CA

Monopolization is bad for any industry, especially when it is one that has an ideological bent.

—Alexander Woodle, Silver Spring, MD

Monopolization of the media needs to be stopped.

—Carolyn Hoch, Cottonwood, AZ

Monopoly

—Maureen Cronin, Philadelphia, PA

Monopoly control of the public airwaves is unacceptable in a free society. Please block the Sinclair-Tribune merger.

—Don Watt, Chehalis, WA

Monopoly control over media is anti-democratic.

—Lance Scott, Seattle, WA

Monopoly in any business in this country is counter productive to forward momentum for ordinary people. Do NOT support a merger that allows a single media organization to control more than 70% of America's airwaves.

—Claire Alkire, Sequim, WA

Monopoly is Fascist

—B Leich, La Jolla, CA

Monopoly laws? What has happened to them, why are they not being used to prevent mega corporations or ANY business, communication being one of the most vital for DIFFERING VIEW POINTS, not ones of hate and control!

—G Boness, Springfield, OR

Monopoly of message is dangerous to a democratic society. For a media company to mandate programming for all its member stations to reflect its own bias is unacceptable. Already we are experiencing this and seeing the dangerous effects it has. I support diversity of opinion to be expressed as a matter of policy in the media and by the FCC. Our democracy needs thoughtful discussion and reporting. This merger should be denied.

—Wendy Schaefer, Dufur, OR

Monopoly of the media by any group is the major step in Fascism. No corporate ownership of media.

—John Jenkins, Avon, MT

Monopoly on information with clear political bias is most unwise for a democracy. We need well-informed citizens. Please block this merger, and renew a free press. Our founders would wish it to be so.

—D Armentrout, Austin, TX

Monopoly?

—Maureen Meegan, Denver, CO

More and more Sinclair broadcasting stations will mean less and less honest, objective news reports will reach the public. This is not acceptable in a supposedly democratic country; it smacks of dictatorship!

—Martha L Thomae, Uwchland, PA

More broadcast organizations are needed - not less. No merger!!

—Velma Hall, Colorado Springs, CO

More like Russia every day. Sad.

—Diane Brown, Sullivan, ME

More lying Fox channels are BS. Monopoly is BS, and to push this cult crap on the public CAN'T be tolerated!

—Andrea Hasara, Reno, NV

More presidential pocket lining. Stop the Nazi greed now.

—Melissa Goldsmith, Northampton, MA

More than a petition, there should be a new law to replace the Fairness Doctrine so that only truth can be reported.

—Carol, Tellico Plains, TN

Moreover, I urge the FCC to break up every existing oligopoly and turn over the stations to listener ownership.

—William Bachmann, New York, NY

Mr Pai should not have this power to set a propaganda agenda.

—John Barrett, Minneapolis, MN

Multiple channels in Oklahoma are owned by Sinclair. This should not be legal. We need fair and non-biased programming.

—Hollie Eastman, Spokane, WA

News is news not propaganda

—Linda Isbell, Florence, AL

News media should not be propaganda, especially local media. Sinclair Media has many dirty tactics to push an agenda without transparency. They should be allowed to have a monopoly of our local networks.

News monopolies are bad news for America.

—Brian Heike, Navarre, FL

—Kate Nate, Egg Harbor, NJ

Letting any one company own more than that constitutes undue influence within a country that is supposed to have diverse free speech. No Sinclair-Tribune merger! No monopolies of the news that is biased toward rich greedy Republicans!  
—Karl Armens, Iowa City, IA  
No single company should be allowed to control the primary broadcast networks in a majority of US media markets. No  
company should be allowed to force its subsidiaries to run clearly biased segments in a space where people are not able to  
know what they are consuming and may mistake it for local unbiased content.  
—Brian White, Hidson, MA  
No single media company should have that kind of control of the nation's airwaves! This would run counter to the whole  
idea of "public" airwaves.  
—David G. Anderson, Butternut, WI  
No single media group should be allowed to own over 70% of our nation's television and radio stations. This  
monopolization would tend to restrict and limit diverse viewpoints and, in doing so, damage one of the foundations of our  
democracy, a free press.  
—Joanne Zienty, Wheaton, IL  
No single media outlet, mo corporation, no person should have control over so much of the airwaves, or any other means of  
information transmission. Democracy requires freedom of the press. Freedom of the press requires an independent media, and  
that means independent from control by any single viewpoint.

Not only is this a form of Monopoly, it is a form of propaganda. This is not who we are.

One business in ownership of 70% of the airwaves is obviously not in the interest of democracy or capitalism. Let there be competition!

—Cherie Korman, Seattle, WA

One company owning 70% of news stations is too much.

—Cassie Kennedy, Rochester, MN

One company should NOT be able to control such a large amount of TV stations! Please do not let such bias be inserted into my local news, or anyone's local news!

—Darren Meahl, Lansing, MI

One company should not be allowed to own over half of the country's stations if we are to have the opportunity to get unbiased news reporting or at least have choices so we can get both sides of issues.

—Jacquelne Brown, Temecula, CA

One company should not be in control of so much information. Sinclair has broadcast blatantly slanted political segments that should not be allowed to be aired anywhere much less the entire country.

—Andy Ruzicka, High Ridge, MO

one company shouldn't have control of 70% of our country's airwaves. FCC should not allow this.

—Julie, Hagerstown, MD

One group should never control so much of the airwaves and news programs. Then it becomes brainwashing.

—Kathy Jennings, LOUISVILLE, CO

ONE HAS TO BE ILLEGITIMATE TO NEED THAT MUCH PROPAGANDA, EVERYONE KNOWS, PROPAGANDA IS LIEING. ONLY SOCIOPATHS WOULD CONSIDER DOING THIS.

—Buford, SAN LEANDRO, CA

One media group owning the rights to broadcast their beliefs, their programming, their agendas to over two thirds of the nation is akin to a monopoly on the news. This is not just, nor is it a good idea.

—Rebecca Boggs, Madison, AL

One media group should not own and control over 70% of the country's airwaves.

—Sandra Mardigian, Mill Valley, CA

One of our core beliefs, as Americans, is our right to a free press, not diminished by single opinion.

—Patricia Ann Pedersen, Seattle, WA

One of the first things a dictator does is take over the media. This is a mistake!

One of the steps toward totalitarianism is control of the airwaves. Please do not let this merger take place! Thank you.

Only DICTATORS try to force their PROPAGANDA down the throats of the public. THIS IS UNAMERICAN!!!!!!

—Deanne Daniell, Rome, GA

Our airwaves must not be further compromised by any one political view.

—Leslie Noyes, Havana, FL

Our airwaves should not be for sale to the highest bidder or in this case, the one with the closest connection to the white house.

—Kayla Solomon, Williamsburg, MA

Our airways belong to the American people and not Breitbart or special interests. Please guard us!!!

—Shirley Fredricks, Los Angeles, CA

Our Constitution guarantees freedom of speech and freedom of the press. A good leader would uphold these rights!

—Diedre Rafg, San Clemente, CA

Our corruption must not rival Italy's, nor that of military dictatorships.

—Robert D Larson, Norwalk, WI

Our country cannot be free if such a high percentage of the media is controlled by one entity. This is unfair to the citizens of our great country who want to know all sides of an issue.

—Darrell Waterman, San Bernardino, CA

Our country must have a free press, not a conglomerate.

—Corinne Sternlieb, Houlton, ME

Our country, the United States of America, should never allow any business to control media and free press. Do not allow this to happen in our country. It is unAmerican and this would be in conflict with our US Constitution.

—Barb Johnson, Chugiak, AK

Our democracy & free speech & truth are under attack. We must save America's freedom.

—Pat Cram, Litchfield, MN

Our Democracy cannot thrive without a strong plurality of voices and views engaged in investigation and discourse. Do not allow this level of disruption to prevail.

—Beth Woogen, Crompond, NY

Our Democracy depends on an independent and free press!

—Arlene Romoff, Hackensack, NJ

Our Democracy depends, in part, upon a free and unbiased media.

—Belle Armstrong, Amarillo, TX

Our democracy is in danger with this propaganda tv. This has to stop now!

—Joyce Huffman, Mesa, AZ

Our first Amendment to the Constitution did not anticipate the sort of monopolistic control that the merger of two huge groups would create. For Freedom of the Press to survive, our sources of information must not be concentrated in the hands of a few. The danger of repetition of lies making them seem like truth is real and present. The FCC must act to preserve our fragile democracy by blocking this merger.

—Jane McGregor, Russellville, AR

Our freedom of speech and all democratic values would be threatened.

—Mary Ann Contino, Leechburg, PA

Our government will be push propaganda if this goes through.

—Debra Donaldson, Agawam, MA

Our government's attack on the First Amendment is scary. So is state-run TV. Who knew this would come to pass in America?

—Miranda Bly, Livingston, MT

Our local 12 station is getting ready to spring Boris on us. The minute that happens I will have to change from my favorite local news anchors to another station. It has already started with Circa bits, somewhat slanted but tolerable but when the propaganda shows up, I will be gone

—Nancy Martin, Amelia, OH

Our local CBS affiliate KTVL channel 10 has been taken over by this Sinclair group. On the nightly news they now show ultra conservative propaganda and right wing talk show quality segments. Boris Epshteyn spouts truly "FAKE NEWS" with out even a statement that this is editorial and not a part of the real news cast! It is insultingly, and very disturbing that a group can move to take over air waves and force local stations to air this garbage! Why does this not at least require equal time for opposing views? I understand they are requiring the station th air 9 segments per week. "AND THATS THE BOTTOM LINE!"

—Rod Sparlin, Medford, OR

Our local news is being ruined by running these biased stories. Corporations need to keep their politics to themselves, present news and let us decide for ourselves.

—Cynthia R Geiger, Rochester, NY

Our local news stations need to be impartial and serve the facts, not a political agenda. Bring back the equal time rule and stop this propaganda takeover of our media.

—Sandra Lassen, Bend, OR

Our Media have been controlled by the wrong people, period

—Ryker Schenck, Nice, CA

Our media is already of concern re: CEOs & politics. No merger.

—Deb, Bryn Mawr, PA

Our media should not be held by a monopoly

—Barbara Leese, Portland, OR

Our nation can ill afford any media monopolies, least of all one that will be little more than a propaganda arm of the current administration. Please, do not endanger the ability of local stations to report news without a forced bias.

—Scott Hickok, Hammond, IN

Our nation does not need a Trump Propoganda station. Propoganda is a communist tool. Please do not allow this.

—Judith Evans, Talihina, OK

Our nation's founders based our democratic republic requiring both a free press and informed and educated voting citizens. Partisan news broadcasts are not only unAmerican by definition, they are not news. They are propaganda and have no place in this nation whatsoever. NONE.

—Arlene Spencer, Bend, OR

Our news media needs to be independent and reflect the democracy we are "SUPPOSED" to be; DO NOT ALLOW Sinclair-Tribune to merge with more stations. Keep our news open and unbiased? We are becoming a dictatorship. Dee Budelier

—Dee Budelier, Crystal Lake, IL

Our news outlets must present facts not propaganda.

our news should be fair and balanced not trump's lies . to push the billionaires and racist agenda.

—Susangonyer, battle creek, MI

Our news shouldn't be cheapened by partisan politics!

—Tim Bohms, Ocean City, MD

Our news sources should be free of bias. An entity such as Sinclair which is only adding stations to spread biased information should be prevented at all costs.

—Elizabeth Romfh, North Palm Beach, FL

Our news stations should not be forums for propoganda. They are to report factual news stories. They should not be tools to spread opinions of the owners.

—Debra Walker, Granger, IN

Our North Korean style president wants to be a dictator and this company embraces his goals.

—Gary Clontz, Clyde, NC

Our President should not have a campaigning forum or a forum of which others spread his lies on a daily basis to 75% of American households. He needs to have State of the Union and press conferences for that.

—Rebecca Mellema, Adams Run, SC

Our press is not free when propoganda masquerades as news. We demand truth in news.

—Elinor Frost, Portland, OR

Our television and print media must stay free from coercion by the government. This is a bedrock of our democratic principles that many brave men and women have died to protect.

—Karen Levin, OVERLAND PARK, KS

outrage

—John Lollos, atlantic highlands, NJ

Outrageous and so blatantly transparent as a "takeover" of television media outlets by the most Conservatively biased broadcasting network! Never has our access to the "free press" or balanced reporting been so challenged and in great danger! It is obvious to the majority of Americans what this outrageous takeover means in stifling a fair and open media. The FCC has betrayed its vital responsibilities, the spirit of the Constitution, and the American people. If this destructive and marginalizing action is not reversed, organized reaction will occur, and sponsors who support this programming will find their products subjected to serious boycotts. Do your jobs - history will remember this blatant travesty, and subversion of the spirit and law of the Constitution!

—Kate MacDonald, Cambridge, MA

Outrageous!

Over 70% is too much. Over 50% is too much.

Pence tried this crap in Indiana. and it was blocked this will truly become a dictatorship and should be stopped in its tracks Pence was a disaster in Indiana and he needs to go !

—Brian Greenfield, North Judson, IN

Pence tried this in Indiana and failed - because we're not South Korea. Stop them.

—Amy Gelinis, Evansville, IN

Picture me waving at all the people who don't give a damn if our government exploits our personal information while allowing a monopoly to take possession of what were once considered to be "public airwaves."

—Sharon R. Andrews, Massillon, OH

Please ! We need more neutral news. Not more right wing propaganda.

—Rosie Engman, Silver Spring, MD

Please also enforce regulations preventing Sinclair from forcing its affiliates to air politically biased commentary. If the Obama administration had forced stations to air the commentary of its surrogates, right-wing heads would have exploded in rage. Yet they appear to be satisfied when Trump's surrogates are forced upon the public.

—Franklin Cox, Beavercreek, OH

Please be especially vigilant when considering a large media merger like this.

—Donald Foster, West Hollywood, CA

Please block merger.

—Stella Ortez, Madera, CA

Please block Sinclair Broadcast Group's merger with Tribune Media Co. I oppose the formation of a monopoly that will give one media group control of over 70% of the country's airwaves. This is anti-democratic, and anti-American.

Please block the Sinclair-Tribune merger. This is ludicrous. You don't give the airwaves over to a madman unless you're Russia state television. And we're not fucking Russia! This is bullshit. We have a free press in this country, thanks to the First Amendment. Remember that one? You cannot let Trump take over our airwaves and media outlets just because he doesn't like what the existing ones report. It's not "fake news", it's just a reality that Trump does not live in.

—Jeff Sharp, Black Hawk, CO

Please block the Sinclair-Tribune merger. America needs a free and open press, not a media empire controlled by a few who represent their special interests.

—Mary Austin Crofts, Bellevue, ID

Please do not allow a monopoly in media.

—Malisa Chambliss, Cincinnati, OH

Please do not allow any one broadcasting group to control the majority of the country's media airwaves. We must ensure a Democratic free press and ensure that our local and national news outlets are not forced to be taken over by any one ideology. In Reno, NV where I live, three local stations are now owned by Sinclair. The must run segments they produce stick out like a sore thumb, are politically partisan and put trusted local TV hosts in an unfair situation. I shouldn't be subjected to fear mongering based fake terror alerts or right-wing ideology via Boris Epstein when I simply want the local weather report. Approving the Sinclair Broadcasting Group takeover would be purely political and is not how our airwaves should be managed. They should be managed with fairness and equity where no one company owns the majority.

—Jennifer Simeo, Reno, NV

Please do not allow only one voice to be heard across the USA. We need a balance and this will only create an increase of fact free fake news, or propaganda.

—Nancy Hoblin, Woodstock, VT

Please do not allow our country to become like Hitler's Germany. Because that is where we are heading. We are diverse nation and we need to protect every citizen, not just a certain privileged group. Media monopoly is not a good thing. Thank you for your time.

—Aaron, Harrington Park, NJ

Please do not allow Sinclair to force propaganda into our local news broadcasts. If we wanted that we would watch Fox.

—Catherine Woodard, Kent, WA

Please do not allow the merger of Sinclair and Tribune. They will be TOO BIG, and they will push propoganda to mislead the American people. Monopolies are not good for our country, especially when it comes to the media, and our citizenry being well-informed!

—Lisa Savu, Cincinnati, OH

Please do NOT allow the Sinclair broadcast group to take a monopoly on our mainstream media. We deserve a bi-partisan media. As protracted by our constitution.

—Tanya booth, Franklinton, LA

Please do not allow the UHF discount for Sinclair Broadcast which would allow merger with the Tribune Media, Co. We need multiple news sources, not a near monopoly in this area.

—Cheri, Bonney Lake, WA

please do not allow this to happen. It is a dangerous conflict of interest. People will lose their jobs and this news outlet will lose their integrity.

—Angela Liccar, Chicago, IL

Please do not allow this, we need a multitude of diverse opinions in our democracy. I would like to see the "fairness doctrine " reinstated.

—Kathleen Dodge, Turners Falls, MA

Please do not allow this. We do not want this! Keep our free press!!!

—Virginia Fischer, Mtn grove, MO

Please do not approve another monopoly by approving this merger.

—Sara ramaker, Green Bay, WI

Please do not approve any merger that would give Sinclair Broadcasting more access to local TV markets. Sinclair requires local stations to air verbatim propoganda segments in the guise of news. This is dangerous to our democracy and will cause more divisiveness in an already divided country. I was so disturbed when I heard these 'news' segments on WGME out of Portland, Maine, that I did research to find out WHY these frightening and offensive segments were inserted into the local newscasts. The American people deserve and need fair and unbiased news, not right-wing editorials masquerading as news!

—Mary Edwards, Jamesville, NY

Please do not approve Sinclair media's merger with Tribune Media. You will be setting up a monopoly with one company owning over 70 percent of the country's airwaves. Thank you for your consideration of this comment.

—Christine Edmond, San Rafael, CA

Please, Sinclair Broadcasting Group, read up on the history of World War Two and the rise of the nazi party- they were taking over the radio and systematically exterminating anyone caught using the airwaves. The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you!

President trump is toxic-no coverage....

—Patricia Carroll-Crippen, Seattle, WA

President Trump's handpicked Federal Communications Commission chairman, Ajit Pai, resurrected an old regulatory loophole earlier this year that will allow Sinclair to own a segment of the media landscape that would have previously exceeded federal limits. The regulatory change will empower Sinclair to reach 72 percent of U.S. households once it buys Tribune Media's stations. This greatly exceeds the nationwide audience cap Congress established (39 percent).

Public airwaves are essential for a free press, which in turn is essential for democracy. For this reason I strongly oppose the Sinclair/Tribune merger which would consolidate too much ownership in one entity. The fact that Sinclair has a strong partisan bias is further reason to deny this merger.

—Peri Pakroo, Albuquerque, NM

Public television should not become propaganda TV for a dictator

—Stacy Crutcher Mcfadden, Rainier, OR

Publicizing my personal information as punishment for participating in my government is unAmerican and clearly meant as a threat to dampen public condemnation of this clearly pro-monopoly maneuver. The FCC should regulate, not abet.

—Leah Michels, Northville, MI

Quite a monopoly moment for Sinclair to merge with Tribune Media.

—Linda M. Mulder, Northville, MI

Quite obviously an abuse of power. Indefensible.

—Scott Elliott, Ypsilanti, MI

Remember when government was for the people instead of for the profits? It's wrong to allow forced propaganda ever. It's absurd to allow it based on analog signal strength when analog is gone.

—Ray Bernstein, San Francisco, CA

Reminds me sort of a monopoly. The real danger is that people will not be able to hear all points of view if Sinclair is allowed what it wants. The chairman of the FCC should get out of bed with the Trumps.

—Amy Michael, Philadelphia, PA

Remove Sinclair from the air & take Fox News with them. This is the United States of America, not North Korea. We need the truth, not propaganda.

—Sandra McConnell, Greensboro, NC

Reno could be called Sinclair City since it owns two stations here, including Fox (natch). When stations were owned locally they reflected their viewers. I'd like those old days back. I want news shows that tells us what's happening, not shows with anchors who have someone else write their scripts.

—David Mello, Reno, NV

Repeal or heavily amend the FCC Act of 1996 that is part of allowing about 5 conglomerates to own about 90% of our media. This has been detrimental to our democracy. Bust the monopolies.

—Luca Barton, Los Angeles, CA

Reporters and news publications of any sort should be independent from biased ownership. Free Press, owned by the people not corporations.

—Elaine Clary, Constable, NY

Reporters need to be educated, resourceful and able to do research on what they are reporting. In order to be transparent, one opinion will not stand. If we allow it to happen, we would be headed into a propaganda state. This is totally unacceptable!

FCC, please block the Sinclair-Tribune merger.

Requiring TV or radio stations to air propaganda messages as "news", without political interest group disclosure, is misleading to the public. Saw this story yesterday on MSNBC. Frightening! The commentators are required to read Sinclair's comments but they don't mention the source or that the comment is editorializing, not news. —Malcolm Moore, Portola, CA

Since a majority of the population gets their news from TV news broadcasts it is essential that they have access to news sources that cover the full spectrum of political viewpoints. Do not allow people who wish to present only one point of view to control all news sources. President Reagan opened the door to stations like Fox News when he did away with the ' fair and balanced ' regulations. We don't need that brand of biased reporting to crowd out fact based news reporting.

—Theodore J Bomba Jr, New Britain, PA

Since when does a sitting president directly influence media? This is a direct threat to first amendment and democracy and must be stopped!

—Paula Emmert, Ontario, CA

Sinclair already controls station KATU in our local market. Have stopped watching the local news on that station because of the packages Sinclair is making the air.

—Karen Cooper, Milwaukie, OR

Sinclair already demands that their channels broadcast pro-Trump programming. This is PROPAGANDA. The allowing of a known right-leaning media conglomerate to flood the air waves with even more pro-Trump propaganda is equivalent to allowing Russian State TV. We are a nation that allows Freedom of the press. This permission to let Sinclair purchase even more stations is allowing a nation-wide monopoly so that they can put out "ALTERNATIVE FACTS" and prevent the people's access to the truth. This sale should NOT be allowed.

—Barbara Reed, N. Swanzey, NH

Sinclair already started airing their propaganda during my favorite morning news cast. This is so disturbing!

—Ivonne Renderos Rivas, Beaverton, OR

Sinclair and the Smith family are supporters of Trump and the Russian attempts to destroy democracy. Our free press is being threatened and oppressed. We are no longer a democracy without the truth and sharing of differing opinions of a free society. Sinclair' sues of Boris Epshteyn is nothing more than propoganda.

—Marcie Atkinson, Birmingham, AL

Sinclair and trump and ajait or however he spells his name are traitors to America and should be impeached and deported

—Sharon Mercado, Marana, AZ

Sinclair Broadcast Group is forcing stations to air misleading or opinion-based, non-factual video clips during newscasts. This may mislead viewers and listeners into thinking those clips are factual news, when they are in fact, paid political announcements. This is especially concerning during state and national elections when fair reporting should be maintained.

—Lynda Liston, Ann Arbor, MI

Sinclair Broadcast Group, which promotes extremist right wing propaganda, should not be permitted to merge with Tribune Media, Co. To allow this merger, thus allowing Sinclair to take over 70 percent of our airwaves, would be tantamount to declaring war on the trith.

—Theresa Willox, Toms River, NJ

Sinclair Broadcast Group, which promotes extremist right wing propaganda, should not be permitted to merge with Tribune Media, Co. To allow this merger, thus allowing Sinclair to take over 70 percent of our airwaves, would be tantamount to declaring war on the trith.

—Theresa Willox, Toms River, NJ

Sinclair Broadcast is already altering news by filtering out some stories and requiring that others be aired by all its stations whether or not it is pertinent to the local market. The idea that they will vastly expand their control of what news we hear and how it is "spun" is frightening particularly in the current rule by name-calling fact-adverse climate.

—Janet Sanders, Young Harris, GA

Sinclair Broadcast should not be allowed to merge with Tribune Media Company because Sinclair Broadcast is in no way interested in a free press. The FCC should be cracking down on Sinclair's ongoing on-air offenses, most particularly in presenting pure propaganda segments that are conducted as if they are news reports, and are intended to deceive people into believing that they are news reports. They must not be allowed to abuse the airwaves any more than they already have. In fact, their track record in broadcasting should have the result of them forfeiting their ownership of any media whatsoever.

—Marjorie Millner, Vancouver, WA

Sinclair Broadcasting Group is dangerous. I fully support all efforts to stop their takeover of local stations!

—Lisa Brown, Yuba City, CA

Sinclair Broadcasting has a long history of Islamophobia, and has been fined millions of dollars by the FCC for not acting in good faith during negotiations. Such an organization should never be allowed to control as much as 70% of this country's news.

—Deb Vanderpoel, Chicopee, MA

Sinclair Broadcasting is a festering sore in the face of American news - the free press that is supposed to maintain a fair, accurate and truthful view of current events. Sinclair's stated desire is to "outdo Fox" as the most conservative network in America, which is not a goal to be strived for, as Fox is also notorious for propagandize news. Sinclair is also seeking an exemption to the number of TV stations owned in the U.S., in violation to monopoly rules for communication companies. Sinclair's propaganda go back a long way - at least to 2004, when they tried to air a "documentary" produced by the Swift Boat Veterans For Truth and lied about John Kerry and his Vietnam service, just before the election when Keery was running for president. This Was an attempt to tilt the election for Bush.

—Robb Tucker, Rockledge, FL

Sinclair Broadcasting is already powerful enough. We don't need them saturating more of our airwaves with their right wing propaganda.

—William Rouster, Ypsilanti, MI

Sinclair Broadcasting is not news, it is propaganda. As such, it should not be allowed to own over 70% of the country's airwaves.

—Laurel Steven, Los Angeles, CA

Sinclair Broadcasting is taking over too many stations. It is a monopoly that needs broken up!

—Constance Carfrey, Haines City, FL

Sinclair Broadcasting must be stopped.

—James OLeary, Barnhart, MO

Sinclair Broadcasting must not be allowed a total monopoly share of our airwaves. This move would sully our constitutional rights to a free press. Protect the citizenry from this dangerous monopoly!

—Janet Newheart, Knoxville, TN

Sinclair Broadcasting requires affiliates to air PROPAGANDA in the form of right wing commentary. In fact, before seeing this I called KOMO TV 4 in Seattle to tell them that I expect news, and not right wing propaganda, and to tell them they lost a 30 year plus viewer because of the "Boris" segment.

—Jim Anable, Seattle, WA

Sinclair Broadcasting should not be allowed to purchase any more local news stations and the FCC needs to definitely forbid a Sinclair partnership with Breitbart! That would be the worst!

—Marie Johnson, San Leandro, CA

Sinclair cannot be allowed to penetrate 72% of US markets as local stations people trust and expect to be fact-based without right or left propaganda.

—Irene Jensen, Los Angeles, CA

Sinclair controls too many TV stations already.

—Robert B Schwarz, Peoria, AZ

Sinclair DO NOT DO THIS!

—Carol Kelly, Gulf Breeze, FL

Sinclair does not air news -- they air right wing propaganda.

—Marjorie Bearse, Allston, MA

Sinclair forces local stations to carry (fake) news favorable to the president and his party. This is unacceptable. We do not want state-run media in the USA. We want a free and fair press.

—Gail and John Richardson, Bozeman, MT

Sinclair has a partisan political agenda that it is pursuing through its TV stations, controlling 70% of the market would give it an outsized control over political opinion. FCC members may believe this is OK because they agree with that agenda; it is abhorrent to the free flow of ideas necessary for a healthy democracy.

—Alx Dark, Seattle, WA

Sinclair has made it no secret that they have a strong conservative bias. News must remain impartial!!!!

—Leah Salmi, Ocean Springs, MS

Sinclair has nefarious plans in their biased, unbalanced commentary that airs undisclosed. Do not let a manipulative organization take this much control.

—Amanda Milano, Washington, DC

Sinclair has no business being a monopoly & should have no more than 30% of market share. I oppose a state run propaganda machine. It is UNAMERICAN!

—Nancy Swsnn, Portland, OR

Sinclair has no business shoving this propaganda down people's throats.

—Judith Delaney, Beaverton, OR

Sinclair has owned several local stations here, and they do canned stories constantly presented as news, usually about immigration and minorities as criminals. Sick.

—Susan, reno, NV

Sinclair has too much power. Please block their merger with the Tribune.

—Robert Sessions, Iowa City, IA

Sinclair imposes itself on the editorial process of TV stations it owns. Let's not perpetuate censorship and the control of information.

—Lisa Glidden, Oswego, NY

Sinclair is a cancer on our public airwaves. This degree of control of the people's access to news and information is unacceptable and must be stopped

—Chris Kahl, Berlin, MD

Sinclair is a plague on local media.

—Bruce Coykendall, Chico, CA

Sinclair is a poisonous weed. Cut it back!

—Vajra Kilgour, New York, NY

Sinclair is a scourge on the face of the corporate media. Their attempt to further monopolize the airwaves by owning the Tribune company broadcast properties is one more scary corporatization of our media. In this case with must run right wing content mandated to be part of the local news on the stations that might be an ABC, CBS, FOX or other type of affiliate station. So the script that must be read by each station's news presenters sounds like a local story... Very sad that we have gotten to they point. There is generally no "branding" to know what is real local news and what is sinclair corporate quasi news. They get the conservative claptrap stamped with the "impartiality" of their network news affiliation... "How could my local ABC station possibly be airing propaganda from a faceless conservative group side by side with the network host? Aren't they also ABC news?"

—Judith, Albuq, NM

Sinclair is a thinly disguised propaganda machine. I resent the FCC forcing this upon the unfortunate people who obtain broadcast services from these companies. No one should own 70% f the nation's airways.

—Marie Dixon, Winchester, OR

Sinclair is a very real danger to our country and cannot be Allowed to hijack our news.

—Kruti majmudar, Los angeles, CA

Sinclair is already forcing its local stations to broadcast right-wing POVs. It is unconscionable and should not be allowed.

—Caitlin Mac Iver, Wells, ME

Sinclair is already subjecting local news programs to being forced to run biased political viewpoints.

—Alan Swanson, Glenmont, NY

Sinclair is biased, bigoted, and should not be allowed on air.

—KC Connally, Beverly, MA

Sinclair is cancer on mediocre media journalism enterprise.

—Ken Brucker, Bonita, CA

Sinclair is gaining a monopoly on local news in order to spread pro-Trump propaganda. This must not be permitted in the United States of America.

—Sandra Sidoti, Anthem, AZ

Sinclair is more Republican than Fox News, and controls its employees with an iron thumb. That's not journalism; that's a dictatorship. Don't let it spread.

—Nicholas Wood, New Market, MD

Sinclair is not news. Sinclair is a propaganda machine for conservatives. It is spurious to give it a wider platform, indeed any platform, to promote falsehoods, innuendoes and to question truth.

—Mary, Fair Lawn, NJ

Sinclair is openly Racist. The FCC is purposed to prevent monopolies. No more stations for Sinclair!

—Joseph Stein, Desert Hot Springs, CA

Sinclair is perpetrating an ANTITRUST violation and should be INVESTIGATED and PROSECUTED for its blatant INTENTIONS of TAKEOVER of the television airwaves! STOP THEM NOW BEFORE IT'S TOO LATE!

—Kraig and Valerie Schweiss, Sterling, IL

Sinclair is promoting the white supremacist agenda. DO NOT allow them to take over further markets!

—Lisa Christiansen, Albuquerque, NM

Sinclair is trying to become a state-sanctioned propaganda network. This is unacceptable in "The Land of the Free". Please stop this to put an end to fake news and ensure the freedom of the press. Thank you.

—Linda Jofery, San Fernando, CA

Sinclair is trying to take over the airwaves. They MUST be stopped!!

—Joan Roberts, Denver, NY

Sinclair Media must be stopped

—Peggy Siddle, Grove City, OH

Sinclair must not be allowed to grab any more TV or radio time. It's un-American.

—Elizabeth Sheppard, Rockfield, KY

Sinclair should not be rewarded for supporting Trump. No one should be allowed to have control television programming. We need a free press and access to a broad range of information.

—Diane Pugh, St Louis, MO

Sinclair spouts nothing but right wing propaganda, lies and conspiracy theories. It should not be allowed to expand.

—Stephen Polly, Holmdel, NJ

Sinclair's plan to purchase the Sinclair-Tribune Broadcast group is a clear and present danger to our democracy.

—Sandra Taylor, Citrus Heights, CA

Sinclair's policy of requiring its affiliates to broadcast materials the corporate heads prepare, including recent misleading "news" accounts of the Charlottesville tragedy that exonerate neo-Nazis & KKK marchers, illustrates the danger of any one media conglomerate's owning so many outlets.

—Alice M. Evans Ph.D., Waitsfield, VT

Sinclair-Tribune merger would mean 70% of American households would have right leaning propaganda coming into their homes ever night on their local news. They are already doing this on stations that they now have. We don't need Sinclair telling our local TV what to broadcast & I don't wish to have my local news trying to feed me political propaganda. We are not in Russia...this is America & local news should be just that. Local

—Cindi Schmitt, Willard, MO

Single perspectives are the death of a free press. This merger would allow a single perspective to dominate the news cycle across the country. Democracy requires a diversity of perspectives. Do not approve this merger.

—Kymberli Ricks White, Beaverton, OR

skeep your disgusting propaganda out of our local broafcsts

Slowly but surely this Administration is turning into a dictatorship. This is how Hitler's Germany started taking over all communications and telling lies over and over again. After a while the people didn't know the truth. They did it through mass media. Let's be diligent folks!

Suppressing the free press and a diversity of options is how Hitler's fascist regime got started. The extreme views of ISIS is the dominant voice in their territory. This merger will basically do the same because 70% of the airwaves will be mandated to broadcast propaganda and extreme views of fascist extremists. Don't let this monopoly to exist and further device our country. Keep the press free, keep the internet free and you'll keep America free. Thank you in advance.

The 'conservative', lying, hypocritical right-wing is doing its best to destroy our democracy and make the U.S.A. just another inhuman dictatorship.

—Ronald Clayton, ASHEBORO, NC

The 39% rule is essential to keep our media balanced. This is clearly a monopoly move and one that should not be allowed in our democracy.

—Charlotte Fremaux, Harpers Ferry, WV

The additional services that Sinclair uses to penetrate 72% of home market TV stations is monopolistic and permits soviet style propaganda to be broadcast into the homes of unaware consumers. The potential for abuse is incredibly dangerous.

—Tom Altmeyer, Poplar bluff, MO

The airwaves are supposed to be neutral and those that broadcast over them have an ultimate duty to exist for the common good of EVERYONE! This company does not meet that requirement and should not be allowed to monopolize the airwaves.

The FCC must do their job and stop this.

—James Deal, Pinson, AL

The airwaves belong to the American people. Please do not allow this takeover.

—Natasha Hopkins, Florissant, MO

The American people should not get their information from a few media sources - but should instead have a range of choices to promote real diversity and democracy. So please block this proposed merger that won't serve the real public interest,

The best hope for democracy is for citizens to hear news from many points of view so they can use their own minds for decisions...PLEASE PRESERVE THIS CONCEPT!

—Waneta Sue Trowbridge, LEES SUMMIT, MO

The best protection against monopolistic entities is to prevent their creation. Please ban the merger of Sinclair and Tribune.

—Carmen Gonzalez, Glendale, CA

The bottom line is that the Sinclair Broadcast Group presents itself as a legitimately objective news enterprise, but it's in reality a propaganda machine for the extreme right. They don't even qualify to be called trash journalism. The American people need facts from the newscasters, not disinformation; education rather than brainwashing.

—Maximo Lockward MD, Youngstown, OH

The Bully needs to tend to business of our nation. On second thought, he should resign, we don't need a grade school President.

The clear propaganda of the samples of the "must run" segments that appear in the video are poisonous to the people who will see them and only exacerbate the problems in this country. Please do not allow this.

—Diane, Polk city, FL

The consolidation of media into only a few corporations is seriously impacting freedom of the press. Please do not allow!!!

—Barbara Davis, Tucson, AZ

The consolidation of media is a threat to democracy regardless of the political leanings of any one organization.

—Al Zimmerman, New York, NY

The continued concentration of ownership in this country, not only of the media, but most other major sectors of the economy, will ultimately destroy our democracy, delivering it wholesale to fascism.

—Anthony Oliver-Smith, Gainesville, FL

The control of the airwaves by a company that is committed to disinformation and highly partisan untrue "news" broadcasts deceives people and acts to stifle democracy. These are the acts of a totalitarian regime, not a free democracy. Please stop this merger.

—Elena Picinich, New York, NY

The criminal cabal now running the federal government is stealing as fast as it can on all fronts. They won't be in power that long, but the damage they are doing will last a long time. They should all be in prison.

—Earl Frounfelter, Santa Maria, CA

The death of the Fairness Doctrine at the hands of the FCC during Regan's presidency gave birth to Fox News and its unrelenting propaganda. This effort by Sinclair is clearly a blatant plan to force feed the public an expanded, steady diet of mind numbing contrived rhetoric that is devoid of journalistic integrity and any semblance of truth. Given the present climate, it is critical that the FCC do the right thing and block this acquisition.

—Brenda Johnson, Temple Hills, MD

The degradation of our political discourse is in part due to the broad distribution of singular viewpoints. We should be doing our best to elevate and amplify our conversations, not restrict them further!

—Darlene Bookoff, Baltimore, MD

The difference between a Sinclair affiliate broadcast and any other is horrifying. Propoganda vs news. Media consolidation is the biggest threat to the First Amendment that we face.

—Bill Rudick, Quarryville, PA

The effect of this will be to turn our broadcast news system into the equivalent of state run, communist dictatorship systems. This is the WRONG way to go!

—Dorothy Lewis, Norton, KS

The end of a free press.

—John Weldt, Chicago, IL

The expansion of Sinclair into such a large share of the broadcasting market is unconscionable and a total subversion of democratic principles. The FCC must block the merger and maintain the previously established maximum limits of broadcast market share.

—Nancy Brownell, Bowling Green, OH

The eyes of the world and the country are on you to do what is right. Sinclair should not be allowed to own 70% of the airwaves! Your move, FCC...

—Cynthia Navarro, Cerritos, CA

The Fairness Doctrine must be reinstated. This is pure propaganda; an emotional responses is a result of much of these broadcast's content. A commentator pointing a gun at the camera while shouting his "report" is an example which comes to my mind. The local news reaches more people than national news, allowing these Alt-Right broadcasts purposely create fear in the population, which in turn, creates chaos within society. As a citizen of the United States, I see no valid reason to allow propaganda and opinions to be pumped into society via the local news or the President's own, family run, propaganda channel. When does free speech, Trump (no pun intended) a well informed society? Unless an uninformed, frightened society is what our leaders actually hope to achieve at this time in history.

—Lisa Rodeheaver, Keyser, WV

The fake president is putting out fake news in an unprecedented manner. The free press is the only way to keep him under control. #istandwiththefreepress

—Brenda, Melbourne, FL

The FCC should protect broadcasters that produce programming for the AMERICAN PEOPLE. Don't sell us out.

—Jeanne McGowan, Conway, SC

The FCC has limits on the reach of a single media entity for a reason. This deal would give Sinclair access to 72% of Americans who would not realize that they are being propagandized by an ardently rightwing organization since the mandated "news" blocks (propaganda) would come from HQ.

—Karen Rubin, Great Neck, NY

The FCC is supposed to protect the citizens of the U.S., not a single communications corporation!

—Suzanne Phillips, Orleans, MA

The FCC is tasked with protecting Americans' public airwaves & our democratic free press. By allowing a single company to own 70%+ of our airways is a direct assault on our US Constitutional Rights & freedoms. This move will catapult USA toward a dictatorship destroying 241 Years of Democratic Freedom fought for and won by so many people who sacrificed their lives to free themselves from the British Empire. Is chairman Ajit Pai & the rest of the FCC truly willing to throw away America's freedom & democracy ? I urge you to find your patriotism, to find your human decency, to find your morality and block the Sinclair-Tribune merger.

—Lesley Wright, Hermosa Beach, CA

The FCC is tasked with protecting the public interest. Allowing this merger would clearly hurt the public interest by severely diminishing a free and diverse press.

—Grace Hodges, Helena, MT

The FCC is working against Americans by allowing this type of corruption to exist. By allowing Sinclair to broadcast their hate and lies, the FCC is complicit in cheating the American People.

—Ava Talamantez, Napa, CA

The FCC must hold onto its integrity by not allowing such a 'takeover' of our local airwaves. It is an affront to our free choice of Programming.

—Jeannette Anderson, Rimrock, AZ

The FCC must not forget its role in preventing monopolies, particularly when it comes to the media. **DO THE RIGHT THING!**

—Marianne Oyaas, Raleigh, NC

The FCC needs to reinstate true Fair and Balanced.

—Lora VanRenselaar, Gunnison, CO

The FCC needs to return our airwaves to the people!!

—James Eason, Los Angeles, CA

The FCC should allow a free and diverse press in the United States. Our country, not trump's.

—Meredith Cole, Boynton Beach, FL

The FCC should be protecting us from this type of take-over, not promoting it.

—Karen Hodgens, STERLING, VA

The FCC should block this.

—Amy DeGuire, St. Louis, MO

The FCC should do its job....NO monopolies!!

—Deborah Jackson, Denver, NC

The FCC should know better than this.

—Robin Ouellette, Wasilla, AK

The FCC should not allow media monopolies such as Sinclair's attempt to merge with Tribune Media.

—Wesley Morey, Santa Rosa, CA

The FCC should not allow monopoly of Sinclair stations owned by right-wing conservatives. They are not bi-partisan and threaten ideals of freedom of speech and democracy.

—Mona Stepczyk, Manhattan Beach, CA

The FCC should not allow this - this is not what a democracy looks like.

—Janet Beatrice, Maynard, MA

The FCC should not reinstate the obsolete old way of calculating media coverage.

—Olivia Bartlett, Bethesda, MD

The FCC should stick to its limit of 300 local stations. It seems a co flirt of interest to break its rule for a network with an obvious political agenda.

—Mary Dearth, Geenwich, CT

The FCC ushered in the takeover of media by white supremacists in the 1990s, when they changed the rules to let Rupert Murdoch to monopolize media markets by buying an inordinate amount of media properties. Fox is the result. Now Sinclair is poised to silence the voices of liberty & democracy, like Fox. This is a blatant assault on free speech. If you're not a billionaire, your voice won't be heard. Bring back fairness, access and equality in media. Stop the monopolization of media. This is America. Stop the FCC's complicity in silencing dissenting views & its attack on the 1st Amendment. This is a dangerous, slippery slope into darkness that threatens our very democracy.

—Campbell Rock, New Orleans, LA

The FCC was wrong about weakening the TCPA in their July 2016 Broadnet ruling, TCPA needs to be strengthened not weakened, and the FCC was wrong about Net Neutrality, and they are wrong again about Sinclair Broadcasting move. Only question now is who is giving money to, or what corporations are paying off our Republican friends at the FCC. Would love to see the money transactions increase into our new republican FCC leader Ajit Pai bank accounts unless he is hiding his money in off shore accounts, because he sure seems to side with corporate interests instead of to the benefit of the American public.

—Timothy Smith, Danbury, WI

The FCC's mission statement "To be an agent of positive change, striving for continuous improvement in FCC's management and program operations" is in conflict with a merger of Sinclair and Tribune media. This merger is not "positive change" when it enlarges an existing monopoly and therefore creates additional barriers to small news organizations and access of the public to news that is factually oriented. Appropriate regulatory decision making by the FCC is vital to uphold a free press in the USA and to the values inherent in our Constitution and our country's founding. For these reasons, a Sinclair-Tribune merger must be opposed by the FCC.

—Sonia Skakich, Aurora, CO

The FCC's principal job is to protect the public from Information monopoly.

—Susan Bovee, Phoenix, AZ

The first amendment does not protect propaganda

—Simeon Poulin, Richmond, VA

The First Amendment of The Constitution trumps 45 and his zoo of goons.

—Melanie, Jacksonville, FL

The First Amendment provides for a free press. How do you have that if Sinclair owns 70% of TV stations and requires newscasters to spout propaganda and prepared comments they must say? How does that promote a democracy? This is dangerous!

—Nancy Diedrich, Denver, CO

The free press in the U.S. is already under attack. This proposed merger will hinder, not help, our current situation.

—Leslie Veirs, Friday Harbor, WA

The free press, protected by the Constitution, is threatened when just a few large corporations have the power to control what we see and hear. You should be promoting greater competition, not assisting a corporate power grab. Your support of this merger certainly appears to be a political favor, given the fact that the corporation in question, Sinclair Broadcasting, is a big supporter of the Trump administration. Please do the right thing and limit the control corporations have over the publicly-owned airwaves.

—Robert Katrosits, Saukville, WI

The government should not be the purveyors of news.

—Laurel, Fenton, MI

The ideology of the company is second to the fact that no single business should have this kind of influence over the airwaves. That was the reason for the law obviously. Using a loop hole to circumvent it is abhorrent and antithetical to our freedom to choose.

—Scott Koerner, Dallas, TX

The institution of a propaganda machine is reprehensible.

—K Czechowski, Toledo, OH

The key foundation of a Democracy is a free and fair media.

—Mohamed saif siddiqui, Troy, MI

The last I checked, having a monopoly was illegal in America, and this is essentially what the Sinclair/tribune merger is. It needs to be dismantled!

—Jon Michael Felix, Connersville, IN

The last thing this nation needs is a state run media that tells the people all the other media is fake. This has gone far enough, and has got to stop and stop NOW.

—Robert Amerine, Woodland, WA

The last thing US needs is more big corporate consolidation of the local airwaves. The job of the FCC is to use OUR airwaves for the PUBLIC good. This is the very opposite of that mission and mandate. The people say they want a return to the fairness doctrine, nor consolidation of a single very biased viewpoint. In summary, this is a terrible idea.

—Sinthia Bachman, NYC, NY

The last thing we need is for 70% of the country to be as poorly informed as our president.

—Cedric Spencer, Fort Worth, TX

The last thing we need is Fox New on Acid.

—Arletha Alethea Pappas, Aliso Viejo, CA

The last thing we need is more news talking heads. Use that bandwidth for public education and allow the audience to make up its own mind about current events.

—Mary Jo Aparicio, Forest City, IA

The laws against monopolies, are for keeping crooked dealings from being forced upon the populace. Stop this.

—Stanley Wright, Brownwood, TX

The local media must be free of national biased news.

—Richard Asimus, Cincinnati, OH

The local news must be kept as factual/impartial as possible--and local! Don't let Sinclair take over more local news. Thank you.

—Naomi Thiers, Arlington, VA

The loss of freedoms caused by trump for payoffs sickens real Americans. This even sickens our allies. It is immoral, criminal and anti-American.

—Charles Kennedy, Silver Springs, NV

The media is too important to allow such consolidated power.

—Jennifer Pashkow, San Diego, CA

The media must not be concentrated into the hands of a few companies, while public broadcasting is defunded, or we will become a plutocracy.

—Brent Miller, Seattle, WA

The media must remain free! I wholeheartedly believe in freedom of the press. It is fundamental!

—Wendi Ring, Saint Leonard, MD

The media needs to be free to report the truth. Keep the Sinclair Broadcast group from dominating the media.

—Kathie Haller, Antioch, CA

The media should not be for sale to the highest bidder. Huge problem.

—Rex Rombach, CARMEL VALLEY, CA

the merger between Sinclair Broadcast group and Tribune media shouldn't happen it would produce a Trump TV takeover

—Amy Herman, bayside, NY

The merger of Sinclair Broadcast Group and the Tribune Media Co. will create an unbalanced distribution of access to media channels. Please do not allow this merger to take place.

—KB Spangler, Greensboro, NC

The news has to be free and independent.

—Barbara Lyle, Germantown, MD

The news in the U.S. must remain un-biased, impartial, and trustworthy.

—Mary Malloy, Ardmore, PA

The news is already slanted and biased enough please don't let this merger go through and make things worse. Free press is under attack as never before

—Karen Conover, Greer, SC

The news is meant to be freedom of speech NOT propaganda b.s. We all need to read "Common Sense" by Thomas Payne.

—Beth Davis, New Brighton, MN

The News is not a vehicle for propaganda! Protect the Media!

—Sherry Lynn Wilber, Wickliffe, OH

The news must be independent!

—Vicki Hensley, Highland Park, IL

The news must stay impartial

—Kathy Vondelinde, Rush City, MN

The news needs to remain as fair and balanced as possible. There does not need to be an attempt to force propaganda from either side of the political spectrum down the publication throats. This proposal is very similar to the Rise of Hitler and should not be tolerated in America.

—Katina Bakken, Rapid City, SD

The news should just be about news. No opinions slanted one way or the other. Sinclair is ultra right wing and they along with the ultra left damage America.

—Tom Wiemann, Auburn, WA

The News should not be biased

—Michael Redmond, Chicago, IL

The news should remain impartial. This would become impossible if a single media group controls the airwaves. No monopoly

—Noreen Leahy, Cherry Hill, NJ

The notion that a conservative broadcast (or any political agenda) be forced onto a news network flies directly in the face of the idea of there being fake and real news. By forcing credible sources to make uncredible claims, they will be degrading the quality and integrity of news. The Trump administration has already made this problem worse. There's no need to add fuel to the fire.

—James Yost, Jersey City, NJ

The only thing saving our democracy right now is the Media.

—Becky Kilpatrick, Friday Harbor, WA

The original percentages for viewer coverage are a lot better for our Democracy than the proposed changes. Please do not approve this conglomerate take over of our country. Thank you

—Michael White, Wasilla, AK

The people deserve the TRUTH no lies or propaganda because a bully who is president says so. Say NO to the Sinclair propaganda machine.

—Tammi, Mount Laurel, NJ

The people deserve the truth to be reported. We don't want fake news.

—Tammy Medlin, LaCrosse, VA

The people have a right to know the truth, not alternative facts!

—Mary Wolff, High Ridge, MO

The people will not stand for this kind of nonsense!

—Jan krajniak, Alpena, MI

The power of the FCC must be used in this situation. We cannot afford hate to be a part of the fabric of our media services!!!!

—Linda Knudson, Portland, OR

The press is supposed to educate the people not spew propaganda and hate.

—Debbie Long, Dayton, OH

The press needs to be a free reporting vehicle in this country. We have an amendment to protect free speech. No President should have the legal right to corner the market on our media.

—Carmen Schwartz, Belvidere, IL

The press should always be separate from the government. We've seen how \*well\* that worked with the Soviets.

—Karen Maitland, Concord, NH

The proposed changes are unacceptable.

—James Hess, Bartlesville, OK

The proposed merger between Sinclair & Tribune Media should not be allowed. No company should be permitted to own such a high percentage of the airwaves. This is not in our country's best interest. Thank you.

—Susan Pribyl, Ingleside, IL

The proposed merger between Sinclair and Tribune Media is a threat to free speech and creates a mouthpiece for widespread Trump backed propaganda. It also violates the spirit of our antitrust protections. I ask that this merger be stopped.

—Melissa Craig-Morse, Sebastopol, CA

The public airwaves are a resource that must not be monopolized.

—Peter Leinau, OAKHURST, CA

The public airwaves are given to broadcasters at no charge with the belief that they will be used responsibly to aid local communities, and not to spread hatred and intolerance of minority groups.

—Mark Johnson, Denton, TX

The public should have access to a variety of news outlets. Monopolies are not good for the consumer.

—Sally Campbell, MARYVILLE, TN

The public should have access to a variety of news outlets. Monopolies are not good for the consumer.

—Sally Campbell, MARYVILLE, TN

The rampant and blatant cronyism and corruption that is becoming a feature of the current administration must be curtailed in every way possible. The chairman of the FCC, an appointment of an unethical administration, has a duty to maintain policies that protect a free press and prohibit the monopolization of information available to Americans.

—Randi Peters, Beach City, OH

The reason ownership of public media was restricted is still very valid and will always be.

—Joe Lipska, Tigard, OR

The Sinclair Broadcasting Group cut a deal with Trump's son-in-law to buy Trump "good" media coverage! They force the newscasters at all of their stations to air their sickeningly distorted Islamophobic stories, even barring any independent commentary or analysis! They are the sort of media group that values their profit over their ethical duties to provide fair, unbiased news coverage to the public! They have proven that they care nothing for journalistic integrity, and will intentionally misinform and mislead the American public, just for the sake of promoting their own personal agenda! They are an alarming threat to our American value of an informed citizenry! We can not allow their merger with Tribune Media, which would give them control over 70% of our country's airwaves. Giving the Sinclair Group a monopoly is threat enough, but their abysmally unethical record of conduct is even more intolerable. We must stop allowing self-interested corporations to buy their way into control of this country! The FCC has an obligation to the American citizenry to prohibit the Sinclair-Tribune merger and uphold the law which prevents a single broadcaster from reaching more than 40% of the population!

—Deirdre Jacobson, Montara, CA

The Sinclair Corporation takeover of local news is in accordance with freedom of the press. Stop it now. Thank you.

—Karen R Clark, Petaluma, CA

The Sinclair Group has taken over one of our local TV stations. They had one of the forced broadcasts the other day. I was so offended, I promised not to watch the station anymore. It was horrible. Our local news outlets should not be spokespersons for any political groups.

—Carol Brown, McAllen, TX

The Sinclair group needs to be blocked from taking over. The FCC needs to block the Sinclair Tribune and reinstate policies

—Debbie, Catawba, NC

The Sinclair Tribune merger must not be allowed as it will make further inroads on the public's receiving unbiased, factually based news reports - we cannot allow this to happen and expect to maintain our democracy.

—Susan, Princeton, NJ

The Sinclair-Tribune merger is antithetical to a free press and as such violates the 1st Amendment. Diversity of opinion is necessary for an educated populace. Stop the merger.

—Maren Oppelt, Burley, ID

The spread of monopolies in the media is counter to proper public policy in a democratic society

—M Kilany, Montgomery Twp, NJ

The statements made by Trump and his supporters are so slanted and inaccurate. Please don't force propaganda lies on unsuspecting people.

—Coyote Windsong, Whitmore Lake, MI

The Sinclair group is evil. They purposefully distort the truth in order to consolidate power. If they are allowed to proceed, they will plunge America into fascism.

—Albrecht Rubicon, Glendale, CA

The takeover of media by Sinclair is a violation of anti-trust laws

—Mike Murphy, Olympia, WA

The thought of one company controlling 72% of our country's local television stations, the very stations most people actually trust, has got to be the single most alarming thing I've heard yet. And that is saying A LOT!! We cannot allow such control over what is put out over the airwaves. We are losing the very foundations of our freedoms of thought. We are already being gaslighted, without this kind of monopoly through subliminal/obvious content. PLEASE STOP THIS HORROR NOW!!

—Abby Rosenberg, Newtown, PA

The thought of this horrifies me. Please please don't let it happen!

—Deborah Rivers, Phoenix, AZ

The truth in reporting is fundamental to a democratic society. No national television or requirement for local stations to run some portion of it.

—Laurel Levine, Newbury Park, CA

The Truth is at stake.

—Tim carryer, Pittsburgh, PA

The truth is power. Everyone in this country has a right to know what is true. Freedom of the press is a most important component of freedom itself.

—Sarah Stivland, Stillwater, MN

The truth shouldn't be something a person can buy. And the truth is Trump needs to go.

—Jaci Elliott, Missouri City, TX

The US is not North Korea. We need diversity and a free press.

—Tammy Sanders, Marshall, VA

The very idea is alarming! NO government run news stations, especially by this administration. We don't want to be like Russia and fed lies and only what the administration deems to be in their best interest.

—Janet Meadows, Austin, TX

The writers of the Constitution wanted a diverse and affordable press (which is why early laws were passed to make newspaper postage cheap). This is going in the opposite direction.

—Allen Kanner, Berkeley, CA

there are many people as stupid as trump who may be as easily influenced. we need not take that chance. also, it may make his bunch of blind followers even more venomous. lets try to keep the truth true...

—Philip Katzman, Boca Raton, FL

There are reasons that we have laws against monopolies. Allowing Sinclair to gain a waiver to surpass these laws violates the trust Americans have in our laws and lawmakers. Allowing them to make these purchases is just another example of how our lawmakers continue to show us that it is not Americans interest they have in mind, but large corporate donors to their campaigns.

—Jen Schmitz, Cincinnati, OH

There are rules against monopolies.....and we already have too too many lies and deceits and deceptions ..... people need truth not propaganda !!!!!

—Clorita Joanne Tye, Prescott, AZ

There cannot be a corporate takeover of our news media. Journalists need to speak with independent voices and not be forced to tow a party line. One company CANNOT be permitted to own so many TV stations nor be permitted to force any news broadcasts to show certain "stories" that have a specific political slant or support any office holders specific policies. This is un-American and, if not already, should be illegal.

—Annamarie, Marco Island, FL

There is a reason why the US has never allowed a monopoly over its media. Make sure America does not become a propaganda run country

—Glynis Conyer, Suffern, NY

There is a very good reason that individuals used to have limits on how many radio, tv and news print outlets they could own. Remember Nazi Germany, Soviet Russia, China and any other totalitarian nation? If the News media is controlled you control what information the people make decisions with.

—Gregory Wayland, New Braunfels, TX

There is already too much propaganda and falsified information being spread by supposed "news" outlets with heavy biases towards hate speech, systematic racism, and economic Darwinism. The press must remain free to keep these other outlets in check, but more importantly, to keep our nation's leaders in check and to keep the public informed. This proposed takeover would minimize the small variety of sources Americans get their news from. I realize we live in an age where people can choose to get their news from whichever venue panders to their bias, but taking away 70% of the US news outlets options to whitewash the media to falsely honor one person is wholly unamerican and a blatant warning sign that the integrity of our country is crumbling in the name of corporate domination.

—Liz, Sheboygan, WI

There is an inherent conflict of interest in this merger which is dangerous for our country. The FCC should be protecting us from mergers such as this. You must not approve this merger.

—Julie Ciccarone, Alexandria, VA

There is no accountability, anywhere, with these people.

—Martina Rippon, Madison, WI

There is no legitimate argument for further consolidation of media in the US.

—James Billings, Waltham, MA

There is NO place in America for this. NONE!

—MaryAnn Wendling, Cincinnati, OH

There is no place in these UNITED STATES for singling out people and groups as objects of HATRED ! There is no place for hatred. Period! We are ALL AMERICANS. Try to remember this.

—Joyce Lohr, Seneca Falls, NY

There is no room for hate in the United States.

—Phyllis Senase, Juneau, WI

There is no value to newscasts that are scripted by conservative businesses trying to take over the world with false information.

—Cecilia Sofie, Tuscaloosa35404, AL

There is no way in hell I want to see Trump propaganda TV

—Derich marsh, Sonoma, CA

There is no way that I will turn on the TV if there is trump on all day.

—Derek Douglas Hollaway, Detroit, MI

There is not enough competition in the communications industry. Don't make it worse.

—Joel Rubinstein, San Francisco, CA

There need to be MORE independent outlets, not less. There need to be MORE independent stations, and they should be buying/contracting their news from a broader array of outlets, and doing more of their own reporting, especially locally. BIG COMPANY reporting often misses the REAL, the HARD, the DIGGING questions that PEOPLE REALLY NEED TO KNOW!!! This merger is just another attempt to more tightly tie smaller companies to their larger cousin that really don't need them save to say how much bigger than someone else they are. This consolidation never has, and never will, improve the QUALITY of the reporting. Independent Reporting will, at least for the local news and the local interests.

—Leon Stark, Clearwater, FL

There needs to be independent and unbiased reporting of information.

—Tullia McHugh-Milano, Manville, NJ

There should and must be diversity in Broadcast Media.

—Tom Clark, Port Clinton, OH

There should be NO government backed news shows. That is NOT Democracy

—JoAnn Kunkle, Binghamton, NY

There should not be a monopoly when it comes to news media. Journalists should not be told what and how to report. This is reminding me of something that happened in the 30's in another country and we all know how that turned out.

—Nanci, Denver, CO

There was a reason to prevent one group to own more than 39% of the country's airwaves. Please do not support this merger. Stop undermining our democracy.

—Abby MacLean, Gainesville, VA

There will be an uprising and a campaign to discredit Sinclair over this.

—Patricia Miller, Denver, CO

There's already too much concentration in media.

—Robert Croog, Chevy Chase, MD

There's enough hatred in this city toward vulnerable groups we don't need more!!

—Sandra Joseph, Indianapolis, IN

There's now too much influence coming from non independent press. It must not get Sinclair group added to the problem!

—Paul Schroeder, Bellflower, CA

These are our air waves and we expect the FCC to insure diversity in programming and and look.

—Chris Thompson, South Bend, WA

These are public airwaves. This is the Commons owned by the public - the taxpayers of the U.S. The public does not want nor does it benefit from this monopolizing.

—C Martin, San Francisco, CA

These are the actions of a DICTATORSHIP!!!

—Cheryl Liniman, Parma Hts., OH

These companies do not need to merge! They are big enough on their own, and it is important to never let any company become so big as to jeopardize all future competition.

—Ryan Anderson, Roy, UT

These fascists must be stopped from running their propaganda on local news and presenting it as hard news.

—James Bice, Vernon, TX

These fascists want to control the world.

—Barry Burgess, Yonkers, NY

These political announcements aren't benefiting the public at all. An opposite view should be mandatory!

—Tony LaMarche, Eugene, OR

They are one of bad hobbies Trump talked about. My first introduction to them was at a union meeting. I then noticed the absence of long time reporters who were replaced by nubian reporters. Sorry as a mature viewer my world revolves around credible reporting and reporters.

—Cynthia Webb-Manly, Hyattsville, MD

They have already ruined my favorite local news station with their lies and bias slant. I want these thugs stopped!

—Valerie, West Valley City, UT

They have already taken over my favorite local news channel, WSET 13 out of Lynchburg, VA

—Carolyn Overstreet, Phenix, VA

They have also taken over Las Vegas channel 3. STOP THE RIGHT WING MONOPOLY OF AMERICA'S INFORMATION.

—Diane DiOrio, Las Vegas, NV

THEY IT'S NOT RIGHT BUT SINCE THAT CLOWN IS IN OFFICE, THEY GOTTA TRY IT!! SO, NOW THEY WANT TO BE LIKE RUSSIA & IT'S CRONIES!!! SMHH

—Joyce L. Walton, Columbus, OH

They must be stopped!! I don't want state news. I will boycott KOMO in Seattle as of now!

—Vicki Lenti, TACOMA, WA

They should not be allowed to be that big to have a monopoly on the news

—Beth Arvin, York, PA

They should not force local stations to air this drivel the rich are controlling to much content

—Thomas Jones, Harrisburg, MO

They're alt-right [Nazi] view should not and cannot cover such a large section of the media

—Mark Schneider, Taunton, MA

They've already bought local channels here.

—Anne Pryor, Normal, IL

This Sinclair group is not News, but Propaganda. It spews False so-called news, it will deepen the divide, it is a threat to our democracy & our Free Press. Thank You -

—Sonja P. Nolan, Brookfield, IL

Think of Nazi propaganda

—Dorothy Boritz, Miami, FL

This is a monopoly that cannot be allowed! NOBODY SHOULD OWN 70% OF OUR COUNTRIES AIR WAVES!

—Lori Northrup, Vancouver, WA

This ability of the government to control news is terrifyingly totalitarian.

—Monica Parks, Long Island City, NY

This absolutely disgraceful takeover of the American media by a handful of billionaire political zealots is totally unacceptable. I SAY NO , HELL NO .

—Robert Connors, Burke, VA

This acquisition would result in too much control for a single broadcasting company.

—Bruce Stafford, Portland, OR

This action is in direct violation of FCC rules and regulations... This is propaganda by a political group. Not acceptable in our Democracy...

—Dawn Van Dresar, Fayetteville, NY

This action proposed by Sinclair Media negates the very idea of a free press. Please don't allow this to happen.

—Gregory Broderick, Long Island City, NY

This aggression will not stand.

—Steve Kingsley, Raleigh, NC

This amounts to Soviet style state TV full of propoganda thinly disguised as news.If this passes, our government will be over.

—Jeanine Humphreys, Jacksonville, FL

This attempt to infiltrate the media is a crime-don't do it please.

—Ana Bartlett, Bedford, IN

This attempt to suppress the distribution of information is unamerican.

—Katie Goliday, Lebanon, IL

This biased assault on news is insane. Keep local channels bias free.

—George Hall, Ballwin, MO

This broadcast merger is unacceptable!!!

—Ronald Montano, Elmhurst, NY

This can not be allowed! We don't need a monopoly on American media!

—Denise Cooley, Putnam, CT

This can NOT happen

—Kevin Eglseder, Phoenix, AZ

This CANNOT be allowed to happen - this is bullsh\*t propoganda and the antithesis of what "America" used to stand against!

—Nikki Shepherd, Wellesley, MA

This cannot be allowed to happen! The people do not want our local networks forced to air blatant lies to undermine america!

—Michele Eberl, Aurora, CO

This cannot be allowed to happen.

—Mark Jay, Ann Arbor, MI

This cannot be allowed under any circumstances. BLOCK BLOCK BLOCK AND ENSURE A FREE PRESS IN AMERICA.

—Lesla Rasmussen, Atwater, CA

This cannot be allowed. It goes against everything this country stands for and it is unAmerican to force your views on someone who opposes them. I do not want to hear a word of right wing propoganda. I will stop watching the news entirely if this allowed to go through!

—Christine Kinkead, HOLBROOK, NY

This cannot be allowed. A free and independent press is a keystone in the American democracy experiment.

—Diane Kalweit, Auburn, NY

This cannot happen...

—Ted Mohundro, knoxville, TN

This concentration of broadcast control is completely destructive of our democracy.

—Barbara A Howard, Indianapolis, IN

This consolidation of media into the hands of only a few corporations, is a danger to flow of free and independent speech, and to our electoral system. Sinclair media has been proven to have promoted false news stories, editorials, and other "must run" content in all of its markets, showing a bias towards one political alignment in effort to skirt several electoral and broadcasting laws. Allowing one media company to have such a loud and overwhelming voice in local broadcasting is akin to allowing a politically controlled propaganda outlet pushing its NEWSPEAK onto a population left with fewer and fewer choices.

—Bryan Lazerus, Oakdale, NY

This consolidation of news organizations is bad policy.

—Susan Ackley, Portland, OR

This could amount to a quasi-govt channel!

—Donald Dodge, San Francisco, CA

This country cannot be allowed to continue on this trajectory. we must have the truth spoken, open and freely, we demand true jouranlaiism and no more propaganda

—Julian Tamburi, Monroe, NY

This country is becoming more like Nazi Germany and it's imperative that trump be ousted immediately.

—Linda Eelcin, Ellijay, GA

This country is founded with a mandate of a free press. Government sponsored political propaganda goes against the very fabric of our republic.

—Amy Lehman, New York, NY

This country is in DEEP trouble with almost the media controlled by racist GOP and Trump supporters. This merger would destroy any semblance of neutrality in local media. Sinclair broadcasting makes Fox News look moderate. This merger will abet the GOP in destroying all that this country has stood for for over 200 years.

—JoEllen Rudolph, Petoskey, MI

This country is very diverse and doesn't subscribe to racism in an extreme ring wing vetting. This will harm free speech and the 4th Estate.

—Valerie Etter, Clifton, CO

This country's citizens need to hear the truth from our news media, not lies from Trump. Our Constitutional rights should not be infringed upon.

—Constance Ingersoll, Inverness, FL

This crap needs to stop!

—Nichole, Pennsauken, NJ

This deal is a danger to our Democracy. I want freedom of the press, not slanted, extremist exploitation of real news. This merger will end with the showing of "fake news" 24/7. Free Press is a vital part of this country, and I do not want to see it permanently damaged.

—Nancy Orr, Richardson, TX

This deal must be stopped!

—Kathleen Snyder, Holt, MI

This does not reflect on a free society. It's communism, it's wrong, its beneath us. Stop the insanity

—Margaret Platt, Wallingford, CT

This effort for a state media propaganda network is un-American

—Michael, New York, NY

This facist take over ofnour goverbment had to stop. This is dangerous. FCC is corrupt now. Stand up to this.

—Kristi starnes, Van Nuys, CA

This gives far too much bandwidth to one company with one message. Without the fairness doctrine being enforced, we need to limit one networks reach to 25% of the viewing populace, not the 72 or 73% being proposed.

—Gayle Kompare, Camano Island, WA

This guy is doing real damage. Stop him.

—Whitney Leon, Oakland Park, FL

This happened on a small scale where I live with local news now all owned by one distant company. Now no local news covers our area because we're not a population hub.

—Teresa McNeil MacLean, Santa Ynez, CA

THIS has got to be one of the scariest things in America, period. I'll be go to hell if my local news has to plug daily 'blurbs' everyday, certain times a day...wake up people!

This is a that she just moved by the Trump administration stop it. No one company should have this kind of monopoly.

—David, Kansas City, MO

This is a BAD BAD BAD IDEA. No Trump TV.

—SA Matthews, Phoenix, AZ

This is a bad idea!!! This is an unfair balance of media coverage and the public and free speech and ideas will suffer. We need this diversity for creativity and quality of life!!

—Valerie Pigatt, Miramar, FL

This is a blatant attempt to get positive news coverage for Trump's struggling presidential tenure! Please BLOCK the Sinclair-Tribune merger! America's democracy cannot tolerate propaganda spread by state TV and should never tolerate monopolies!

—Georgette Gafford, Atlanta, GA

This is a classic anti-competitive merger. It is unacceptable and must be blocked.

—Marlene ODonnell, East Syracuse, NY

This is a clear violation of professional journalistic standards. This would be a gateway for Russian propaganda. This is raising red flags. No. Way.

—Duane Collins, Broomfield, CO

This is a crime. Our country is in deep trouble if we permit propaganda from our government. We are not North Korea, Russia or Hitler's Germany.

—Estelle, McKees Rocks, PA

This is a dangerous accumulation of political interest in one media conglomerate. If we truly value an independent media, this merger should be blocked.

—Scott Drone-Silvers, Champaign, IL

This is a dangerous and undemocratic move. I strongly oppose.

—Stacey brooks, Rye, NH

This is a democracy NOT a dictator's regime.

—Susan Grubert Martin, Westfield, MA

This is a democracy, not a country where voices are not heard, beliefs are not respected, and truths are not told. Don't let the dialogue be subsumed to the rhetoric of one volatile group....keep the airways open to all....not just a power group that sustains a majority.

—Ruth E Ross, Chicago, IL

This is a democracy,not Nazi Germany.

—Patricia Frederick, Ashburnham, MA

This is a dreadful idea and must be stopped. We need diverse sources so we can make informed decisions as citizens.

—Marlene Puaoi, Novato, CA

This is a fascist assault by our President on the First Amendment of the Constitution.

—Terri Wonder, Manitou Springs, CO

THIS IS A FILTHY DISGRACE!!!!

—Ana Maria Alonso, Wellsboro, PA

This is a flagrant FCC rule breaker. This is America, not Russia and RT.

—Patricia Crockett, Walton, KY

This is a free country. We will not be forced to listen to his drivel.

—Vanessa Ward, Pullman, WA

This is a horrible idea ! It seems to destroy the idea of freedom of the press when all media is controlled by a few sources.

—Cheryl Johnson, Midlothian, VA

This is a horribly dangerous monopoly on our news outlets and CANNOT be allowed. We will not even have a vestige of democracy if you allow this.

—Ann Shannon, Portland, OR

This is a joke isn't it. We're going to let a right-wing propaganda machine force their views on our local TV news stations. No. This is not right.

—Matt, Redford, MI

This is a monopolistic abuse of a public utility and must be stopped IMMEDIATELY. Such mergers are not in the public interest and in this particular case are a danger to the country.

—Marlene Satter, New Britain, CT

This is a monopolizing move. I work in an industry where companies are not legally able to acquire assets because of this exact situation.

—Kayla Childers, Dallas, TX

This is a monopoly and is UNCONSTITUTIONAL!!!

—Sally Nelson, Temecula, CA

This is a monopoly and should not be allowed.

—Susan Ford, Milton, MA

This is a monopoly brought about by DT's pathology.

—BW Carlton, New Orleans, LA

This is a monopoly ifnive ever seen one. And why don't we look back into world history. Isn't this a move Hitler's administration made to control the message in the 1930's-40's? Are we not learning from human past.

—Jenn Bowen, San Luis Obispo, CA

This is a monopoly. It must be stopped.

—Dee Mackay, Aliso Viejo, CA

This is a move in the wrong direction. The Fairness Doctrine needs to be reinstated and a more diversified presentation of information provided.

—Don Nelson, Lawton, OK

This is a national disgrace -- using an arcane rule about poor UHF reception to allow a huge audience share for one large company - a company which openly insists on forcing local stations to air pro Trump propaganda--shame!

—Christine Weger, Honolulu, HI

This is a perversion of the antitrust laws.

—Carlo Panno, Toluca Lake, CA

This is a police state move. Stop Now!

This is a threat to our democracy  
—Rachel Corn, Grasonville, MD

This is a totalitarian technique for taking over the government and it must be stopped.  
—Karen Pursel, Arlington, WA

This is a transparent attempt by Mr. Pai and Mr. Trump to eradicate free press and replace it with their own oligarchical propaganda. I urge the other members of the FCC to stop Mr. Pai's self-serving and undemocratic power grab.  
—David Chandler, Brooklyn, NY

This is a violation of the 1st Amendment and a path to fascism.

—Patricia LuAnn Howell, Candler, NC

This is absolutely unacceptable!! I cannot believe what this Administration is getting away with! Where are the limits? They are trying to take over our country!  
—Joan Sessoyeff, FRESNO, CA

This is absolutely unthinkable and unethical. News broadcasts must remain independent of biased content. Leave that to the cable "news" providers.  
—Julie Bloomberg, San Rafael, CA

This is absurd. Making people very stupid. Why?  
—Kay Hill, Whitehall, MI

This is against all americans.  
—Amy Baniecki, adona, AR

This is against all that America truly stands for, it's disgusting and needs to stop. America doesn't need state tv!!!!  
—Tricia Gaynor, Plainview, NY

This is against every freedom our country stands for. Stop this now!!!!!!!!!!  
—Barbara Carmichael, Ft Myers, FL

This is against everything the USA stands for! Trump is a liar, cheater & a draft dodger.  
—M L Pursell, Milton, PA

This is against everything this country is supposed to stand for. This is against democracy and to allow this "so called reporting" that is biased and then presented as fact must not be allowed.  
—Laura Zarro, Renton, WA

This is against the law of the common man for fair opinions. 70% biased opinion cannot be allowed.  
—Steve, Salamanca, NY

This is alarming to all values Americans hold dear. It looks like 1930s Germany.  
—janet HARMELIN, Oceanview, NJ

This is all Trump Needs to make America Believe he is Grate Not AMERICA

This is almost a monopoly. Stop it.

—LaToya Washington, Bristow, OK

This is America! We do not support propaganda even if it's sponsored by the Whitehouse!!  
—James Diaz, Phoenixville, PA

This is America. Let's keep free speech a way of life that is not know in most of the rest of the world. Mega corporations owning our media is not the way to do this.

This is America. We don't have state propaganda news outlets. BLOTUS is trying to emulate Russia. Stop him now.  
—Jeri Khajeh-Noori, Clearwater, FL

This is amerika not Russia or any communist country

This is an absolute attack on our Republic, Democracy, and the existence of a free people, and Nation. This must be stopped for the preservation of the United States of America.  
—Bruce Muller, Burbank, CA

This is an abuse of our freedom of the press. Along with net neutrality, it seems this FCC is devoted to destroying a level playing field in the press and the internet.  
—Kim Baum, Reston, VA

This is an abuse of power, and it cannot go unchecked!  
—Em Miller, Chicago, IL

This is an attack on our democratic form of government! BLOCK the Sinclair-Tribune merger!!!  
—Diane Abbott, Plainwell, MI

This is an attempt at brainwashing FCC. Treat it that way. No possession of our media.

This is an end run around fcc rules requiring equal air time for political candidates  
—Anish, Dallas, TX

This is an insane plan to take over the airwaves.  
—Tim Snyder, Wichita, KS

this is an obscene abuse of presidential power and would be akin to Hitler's propropaganda ministry.  
—Leo Calabrese, Mableton, GA

This is an obviously undemocratic and un-American attempt by the current (corrupt and incompetent) administration to move toward dictatorial power, and must be stopped!  
—Maxene Linehan, Hovland, MN

**THIS IS AN OUTRAGE**  
—Suzanne, OAKLAND PARK, FL

This is an outrageous example of shrinking out First Amendment rights, of restraint of trade, of unfair and certainly unbalanced use of OUR airwaves.  
—Lynne Battaglia, Webster, NY

This is an unconscionable abuse of the constitutional guarantee of a free press. A monolithic press is not a free press.  
—David Huguenot, Mason, MI

This is another hideous attempt by the "Trump Dictatorship" organization to try an enhanced brainwashing of the American public. FOX NEWS lies are one thing, but to let the Trump people have their own propaganda network is placing the United States in the same category as communist nations that tell the people only what they want them to see and hear. Please God deliver us from this evil regime.  
—Stanley D Sturgill, Lynch, KY

This is as big a deal as Citizens United.

—Patty Slack, Chapmansboro, TN

This is censorship of the 1st Amendment!!

—E Chapman, Silver Spring, MD

this is clearly a monopoly of a publicly owned resource

—Joanne Brayden, SEATTLE, WA

This is clearly a monopoly. Stop the madness!

—Marcy Woodruff, Rosemount, MN

This is clearly an anti-trust situation. This puts the country under the influence of the extreme right wing and will only prolong the "alt-news" being reported from the right which a disturbing number of people believe as the gospel.

—Frank J Schorr, Lawrenceville, GA

This is completely unacceptable to allow one company to dominate the airwaves.

—Kristina Lynn, Chicago, IL

This is concentrating too much of the airwaves into one rigid ideology driven corporation. This will destroy free press, truth, and diversity of ideas.

—Sandra J. Gander, Bradenton, FL

This is concerning to me that these broadcast stations will have a "monopoly" of the airwaves.

—Karen, Phoenix, AZ

This is crazy! If the USA is effected with this we will never be the same again ever! News must be verified in the traditional manner and we have had enough of his demented logic! Stop Putin's infiltration!

—Teresa Allred, Riverton, UT

This is creating a monopoly in local broadcasting. Please do not allow.

—Laurie Thompson, Colfax, CA

This is creating a virtual monopoly, which leads to gouging the consumer. Where's competition?

—Charlotte, Santa Clara, CA

This is DISGUSTING. It is also blatant propaganda. It has NO PLACE on American television! Just know whenever I see Sinclair segment, I will change channels or turn off the TV IMMEDIATELY. Americans will not accept having lies and propaganda shoved down our throats. Every otehr American president has had to make his case to the American people. It appears Trump can't. In which case, he does NOT belong in the White House!

—Melissa Houle, Sunnyvale, CA

This is dumb

—Tara L, Findlay, OH

This is enough. These monopolies were broken up for a reason. They get too big that they can extort their customers because there is nothing else. Forcing certain news stories to be carried it wrong. This is a close step to state run propaganda. Trump's FaceBook news is too close too. The rich can not be allowed to control this country. Enough is enough.

—Rachel Stroud, Austin, TX

This is especially alarming given Sinclair's aggressive distribution of mandatory political content to its affiliates.

—Rosalind Bresnahan Ph.D., San Bernardino, CA

This is exactly how Putin took over in Russia and has maintained power for 18 years. We The People refuse to have a dictator...therefore, we should stand up to this kind of information take-over by the loonies on the extreme right!!!

—Kerry Rottenstein, Toledo, OH

This is far too dangerous a step towards misinformation, controlling the press, and an authoritarian state. Regardless of your political beliefs! NO!

—Jennie Larkin, Bethesda, MD

This is fascism, plain and simple.

—Lisa Montgomery, Jacksonville, FL

This is fascism, plain and simple.

—Carol Brock, Makawao, HI

This is frightening! How far will this administration go to control us!

—Carol Johnson, Allentown, PA

This is horrible.

—Lynne Sandoval, San Diego, CA

This is horrific & everyone knows it!! If you don't believe in the American "melting pot", then of course you must allow it! However, if you believe in the Constitution of the United States of America it's a no-brainer to block it!! Call upon your conscience!!!

This is horrifying to me. Propaganda TV is not good for our democracy.

—Ellyne myers, Tampa, FL

This is how dictatorships start we need to stop it in its tracks!

—Mahina Nightsage, St. Louis, MO

This is illegal. You cannot control what we see in the press. Knock it off POTUS

—John, Canton, SD

This is indicative of power and control from the POTUS. This is the America of today, not Germany in the 30's and 40's This is a very dangerous turn that we need to steer clear.

—Micheline Plaskett, Ashland, VA

This is INSANE - allowing this is paramount to eliminating our free and independent media.

—Albert Greuter, Denver, CO

This is INSANE! FCC works for the people not the interests of a DICKTATOR! BLOCK NOW!

—Janet, redwood city, CA

This is insane. No propaganda. We are not a fascist country in which Trump is trying to create.

—Sally Browne-Boeras, Sarasota, FL

This is just dangerous to a democracy and must be stopped. Murdock has taken enough air-news and look at the mess we have from them. Diversity is crucial. We need stations to REPORT the news not spread Donald Trumps FAKE NEWS.

—Marnie McNamara, Brentwood, TN

This is just insane! Turning this country into a dictatorship! Why should we all have to hear this racist administration & no other opinion, plus 45 & administration lie everyday!

—Dawn, Reading, PA

This is just like NK! Shut this down! the free press should not be bought and sold like this! who will oversee this nonsense?

—Kimberly McCollum, Harleysville, PA

This is just not in the spirit of democracy and using a loophole to do a takeover of local TV is unAmerican. We need to protect our democracy not sell it to the highest bidder.

—Cheryl Jackman, Delray Beach, FL

This is just plain wrong. It shouldn't happen in a democracy.

—Paula K Surmann, Sisters, OR

This is just the start of state run TV. A monopoly of such a large segment will not be in the best interest of democracy. Same goes if it was a left wing media outlet.

—Julie Potter, New Port Richey, FL

This is just the tip of the iceberg.

—Bao Vo, Los Angeles, CA

**THIS IS JUST WRONG!!!!**

This is manipulation. Josef Goebbels would be so proud.

—Joan Koehler, Jersey City, NJ

This is more than twice the coverage allowed? Not legal!

—Carole Ryan, Alamo, CA

This is nepotism at its finest. Why should one company have a monopoly on air waves?

—Robynhawk Wilson, Lewiston, ID

This is not a communist country and as suck trying to force propaganda through the media is wrong period

—Teddy Bonaros, NY, NY

This is NOT a communist country!

—Crystal Binford, Hamilton, OH

This is not a dictatorship and you can't control the information!

—Patricia Murphy, Seattle, WA

This is not a dictatorship, it's a democracy..I don't want to see this crap on my tv

—Lilian cheffo, Cape coral, FL

This is not a dictatorship. We are a constitutional republic. This is pure propaganda & is completely unacceptable.  
—Kathleen Brisbois, Seattle, WA

This is not a free and competitive market move. This is clearly a monopoly in the making and is anti-American economics.  
Do not allow this merger.  
—Kelly Byers, Pittsburgh, PA

This is not a free and fair press!! They already have Fox news. NO NO NO  
—Lynn Weston, Brownville, ME

—William Ellis, Tacoma, WA

This is NOT acceptable! It reminds me of SCTV's CCCP broadcasts only this is really happening!  
—Christy Jordan, Kenneth City, FL

—Cindy Scheevel, SAN DIEGO, CA

This is not how democracy works. This is something that DICTATORS orchestrate to LIE to people  
—Robyn Power, Maricopa, AZ

This is not in keeping in any way with American values. Bigger is NOT better, and loss of competition is bad for business.  
—Valerie White, Corvallis, OR

This is NOT in the best interests of the country. It seems like a slippery slope into an "official state run media" outlet. That's not what America is about.  
—Amy Easter, Springfield, MO

This is not legal. Freedom of the press is a right  
—Susanne lindberg, Honolulu, HI

**THIS IS NOT NAZI GERMANY STOP TRYING TO MAKE THIS GOVERNMENT YOUR REGIME!!!!**

—Nancy Greene, Pueblo, CO

This is not OK Stop the nonsense...The FCC's reinstatement of the UHF discount that has allowed for the Sinclair Broadcast Group to attempt its merger with Tribune Media, Co. is alarming. I do not support this merger, which would allow a single media group to own over 70% of the country's airwaves. I urge the FCC to block the Sinclair-Tribune merger and reinstate policies that allow for a free press and a diversity of opinions. Thank you!

This is the end of the US. How can you let this happen?

—Sue Kelly, Lees Summit, MO

This is the first step to Communism...do not allow it, please!

—Jeanne Nelson, North Wales, PA

This is the first step to Trump controlled airwaves screeching Russian guided propaganda

—Kathryn Lovan, Otisco, IN

This is the last thing our country needs right now.

—Tom Robinson, Norwich, CT

This is the most frightening prospect I have seen in a white house that consistently disregards the distinction between truth and falsehood. Very frightening.

—Claire Poulson, Mooresville, NC

This is the most serious threat to democracy yet.

—Regina Lacava, Chicago, IL

This is the ONLY reason Trump would take on a job as difficult as the presidency. A job that he is unqualified for. He's being maudicaudled by the Republicans.

—Marilyn Marcus, Eugene, OR

This is the same thing as Communist state tv!!!!!! This must be stopped immediately!!! We live in a free Democratic society!!!

—Sandra Johnson, Mead, WA

This is the United States of America, no one should be forced to push an agenda they do not agree with.

—Patricia Fisher, New Albany, IN

—Liz Moudy, Fort Smith, AR

This is the United States, and we want free speech, not just bigoted ranting.

—Virginia, Seneca Falls, NY

This is one of the most frightening things I've ever heard! We simply cannot allow it to happen!

—Cindy Kirkland, Grosse Pointe Park, MI

This is too much media consolidation, so I oppose it!

—Stewart Lyman, Seattle, WA

This is totally unacceptable.

—Maryann Keifer, Tinley Park, IL

—Sonia, Indianapolis, IN

This is truly unbelievable and outrageous! They cannot monopolize TV like this and push their conservative agenda on me!!!!

—Tiffany klemm, Mishawaka, IN

This is UN-AMERICAN and a disgrace to our free press and 1st amendment rights. No. Never.

—Margaret Adams, Lagrangeville, NY

This is un-American, and a step toward fascism!!

—Arie Shively, Columbus, OH

This is un-American, un-Democratic and a government take-over of our free press. The FCC has failed its responsibility to the American people by forcing Trump supported conservative talking points on 72% of the local news market. This is not to the benefit of the American people

—Bernardine Greene, Succasunna, NJ

This is un-American. Everyone in America wants to get their message out but a media monopoly is not how to do it in America.

—Diane Tipton, Denver, CO

This is unacceptable and an alarming undermining of our democracy.

—Gloria Miele, Camarillo, CA

This is UNACCEPTABLE and cannot be allowed!! Please stop Trump/Sinclair from spreading even more propaganda!!!

—Cathy Gray, Winter Springs, FL

This is unacceptable and dangerous in a free society. Sinclair not allowing stations to serve their communities they broadcast in like they have ever in the past.

—Matthew Brown, Tampa, FL

This is unacceptable and should NOT be allowed.

—Pam, Eden Prairie, MN

This is unacceptable!

—Allison Phipps, Denver, CO

This is unacceptable! It's lies and propaganda totally horrible for America!

—Connie Hill, Cary, NC

This is unacceptable! We are not like nor should we ever be like North Korea or Russia that run their state-owned broadcasts to push their dictatorship agendas to keep real news from being heard. Keep free speech alive!

—Elizabeth Lopez, Bakersfield, CA

This is unacceptable, allowing a single entity to control the flow of media into a majority of the country's homes. The FCC needs to do its job and protect open access, resist monopoly, ensure a free press, and otherwise uphold the values written into the constitution.

—Jennifer Taw, La Canada Flintridge, CA

This is UNACCEPTABLE. No STATE NEWS...NEVER This is propaganda. No propaganda. NEVER PROPAGANDA

—Jo Stevenson, TIMONIUM, MD

This is unacceptable. No one should be able to monopolize our news...especially not our political leaders.

—Jessica Maag, Des Plaines, IL

This is unacceptable. We can not, must not have media monopolies

—Laurel, brighton, IL

This is UnAmerican and should be illegal! We are not North Korea or Russia, YET.

—Victoria Peeples, Greenwood, AR

This is unconscionable! I demand you reject this merger retroactively. This is undemocratic & unpatriotic - HOW DARE YOU!

—Jan Sloat, Hopatcong, NJ

This is unconscionable! I demand you reject this merger retroactively. This is undemocratic & unpatriotic. If not reversed, expect lawsuits. And as my employee, you cannot spend my tax dollars in defense of this insane position you took. There is NO defense!

—Dale Sloat, Hopatcong, NJ

This is unconscionable.

—Ruby Dubin, Indianapolis, IN

This is undemocratic and an embarrassment to a democratic society.

—Michelle Lerner, Flanders, NJ

This is urgent!!!

—Barbara Schultz, Durand, WI

This is urgent--we cannot have our media monopolized by one company and it's views. You must block this merger.

—Sara Lazarus, Millburn, NJ

This is very dangerous. State Run News is authoritarian government. Nobody seems to be able to stop this- shouldnt there be laws to protect the United States from dictators? From monopolies of the President on media?

—Tina Peterson Pirlot, IRON MOUNTAIN, MI

This is very disturbing and should not be allowed

—Margaret St.John, Billerica, MA

This is very scary. It is unacceptable for a single media group to own over 70% of the country's airwaves. This is in violation of our freedom of Speech.

—Phyllis & Alan Figarella, Lake Havasu City, AZ

This is very troubling and it used to be against the law.

—Susan Jackson, St. Peter, MN

This is way too much concentration of ownership. Another name for this would be state run TV . This a democracy still so do not allow this takeover.

—Karen Galligan, New Albany, IN

This is what they do in Russia! Stop this now! We want free press for our Country!

—Kathleen Stelts, Laguna Niguel, CA

—James Cunningham, Shawnee Hills, OH

This isn't a dictatorship.

—Katrina Edmonds, Seattle, WA

This isn't Russia Comrade #45 . Fuck off with your propaganda news.

—Joan Kwornik, Lansdale, PA

This isn't Russia.....yet!

—Mary Chubb, East Lansing, MI

This just needs to stop!

—Celeste Johnson, Nashua, NH

This kind of media consolidation is against anti-trust laws. To compound the disgrace, Sinclair is out to warp objective news with right-wing slant.

This kind of media monopoly is deeply dangerous to our democracy and needs to be fought at every level.

—Marissa Moss, Orinda, CA

This kind of monopoly of our airwaves is unacceptable!

—Judith Harwell, Denver, CO

This kind of propaganda should be illegal, it is unexceptionable and violates codes of journalistic ethics. It is abuse of their 1st amendment in a way that is harmful for democracy.

—Alexandra, Ypsilanti, MI

This level of monopoly cannot be allowed. Thank you.

—Stephanie Bershad, New York, NY

This level of ownership propaganda is completely anti-democratic. Sinclair must not be allowed to skew the public discourse in this fashion. It will destroy the role of the press as outlined in the United States constitution.

—Ella Peregrine, Louisville, KY

This level of penetration has never been allowed before. It should not be allowed now! Follow the rules, please!!

—Randy Carter, Albuquerque, NM

This looks like State Sponsored Propaganda! And it is against the law for there to be such a huge monopoly of a broadcasting company! Unacceptable in a free country! Let the Russians treat their people like this! Not in America!

—Mara Goldberg, Cambridge, MA

This lunatic is proving more & more that he is a dictator in training. He is a menace & very dangerous because of his ignorance & bigotry.

—Lisa Myers, Fort Wayne, IN

This makes me so angry .. our free press must be protected! We cannot sacrifice Truth!

—Vanessa McLain, Moscow, PA

**THIS MAN SHOULD NOT BE IN CONTROL OF THE USA!**

—Gayle Hill, Winston Salem, NC

This may be one of the most important requests I ever make in my lifetime. Please block the Sinclair-Tribune merger, it is even worse than it sounds.

—LuAnn Glatzmaier Ph.D, Sacramento, CA

This media monopoly is a stranglehold on a diverse and free press. Do not permit this Sinclair-Tribune merger!

—Kathleen cusick, Chapel hill, NC

This merger cannot possibly have a good outcome. Please reinstate policies that allow for a free press.

—Sandra Weber, Toledo, OH

This merger consolidates too much power to influence people in the hands of one company. We need a diversity of views in our news, not a monopoly on perspective.

—Katherine McHale, San Jose, CA

This merger does not align with our American values, and I do not support it.

—Cecile Saltzman, Pass Christian, MS

This merger eliminates the ability for local stations to be free from right wing opinions reported as news.

—Elena R Arena, Staten Island, NY

This merger endangers democracy.

—S Waheed, Seattle, WA

This merger goes against all the principles this country was built upon and would be both reckless and dangerous to allow it to go through. Diversity in thought and opinion is essential to a healthy democracy and I sincerely encourage you to block this disastrous merger. Thank You

—Lynn Hughes-Berger, Wolfeboro, NH

This merger hurts both the competitiveness of the industry and the independence of the free press and should not be allowed

—Ryan Mace, Hopkins, MN

This merger is a disgrace to democracy and free speech

—Paul Walsh, Reston, VA

This merger is a move toward national propaganda media. Trump is already spreading his "real news" propaganda on facebook. This MUST STOP! Say NO to the Sinclair-Tribune merger.

—Michelle Marsischky, Hilo, HI

This merger is a terrible idea. A single entity owning 70% of our airwaves will infringe on our right to hear multiple viewpoints & get truthful, unbiased broadcasting. Please stop this merger now.

—Gail Salantai, EDWARDSVILLE, IL

This merger is all the more alarming because the Sinclair Broadcast Group enforces uniform reporting even by its local stations and has a well-documented history of Islamophobia. It also has a well-documented record of trying to evade the rules and of not negotiating in good faith.

—Brian M. Scott, Cleveland Heights, OH

This merger is an affront to the First Amendment of the U.S. Constitution. By allowing Sinclair Group to own such a large percentage of the broadcast stations, you are effectively preventing other voices to be heard. History will not look kindly on you if you choose to do this.

—Thomas Boshier-Perran, Mechanicsville, VA

This merger is becoming too much of a monopoly and is starting to border on state run media. This is a slippery slope and must be stopped.

—Dana Koletar, Minneapolis, MN

This merger is just plain bad for democracy. When a media organization with an openly partisan bias is in a position to take control of a substantial majority of the nation's TV news outlets, it puts the nation in peril. We do not need and cannot afford to have what amounts to conservative state media dominate the airwaves across the country. If you love America, freedom, and democracy, you will block this merger. If you love authoritarianism, domination, and tyranny, then this merger is for you.

—Joshua R Hebert, Austin, TX

This merger is meant to KILL the free press. We don't want all news to be from one source. STOP THIS!

—Mary Daniel, Troy, VA

This merger is not a business deal, it is a political plan. No media group should so dominate local news broadcasts around the country. Contrary to what I understood the FCC to be about; i.e., protecting the public from egregious political monopolies dominating airwaves.

—Rusty Inman, Cayce, SC

This merger is not appropriate. Do not allow a monopoly with our free press.

—Sandra Hallett, S. Dennis, MA

This merger is so frightening! We will soon lose access to true information if all the media is owned by the same family or corporation. We are already well on our way to losing our freedom and our democracy. Tyranny in this country is well on its way. Please stop this. And I think we need to kick the Trump family out of the White House; they seem to be trying to form a dictatorship! Please stop them before it is too late. Why are we putting up with them? Personally I think they should be locked up. We need to call Trump what he called others, "lying Ted", "lying crooked Hillary", "lock her up", etc. We need to call him "lying crooked Trump" and shout 'Lock him and his family (minus Melania and Barron) up'. I'm scared to death and we should all be scared to death. I didn't know it would be so easy for one man and his cronies to take control of the United States.

—Carmell Waters, Union,, MO

This merger is the worst thing that could be done to the public, whose need for balanced and truthful news is at the highest level ever

—Diane Nilan, Naperville, IL

This merger is UN-American and illegal! We don't need state-sanctioned propaganda TV.

—Kerri Glover, Asheville, NC

This merger is unacceptable. We have the right to select what we view without having to mute the tv every time propaganda is shoved in our faces. The country as a whole does not support the agenda of the Sinclair group and we should not be forced to have it broadcast in our cities and states. Also, no one company should be allowed to control the media to the extent Sinclair is hoping to achieve.

—Reda Ford, Oklahoma City, OK

This merger is unprecedented. Vote NO!!

—Michele Menapace, Alexandria, VA

This merger must be blocked to ensure integrity of a free press and the free speech amendment!

—Deb Nielsen, Eden Prairie, MN

This merger MUST be blocked!

—Susan L Braeger, Colgate, WI

This merger must be stopped!

—Corinne Aherne, Erwinna, PA

This merger must not be permitted. A near monopoly media group is NOT in the best interests of a free press.

—Merrilee Cate, Irving, TX

This merger undoubtedly will quell free exchange of speech in the form of ideas representing a wide range of Americans. Monopoly in the form of majority control of the country's airwaves is not acceptable and past Presidents would already know this. The present President apparently doesn't understand or appreciate the ramifications of this merger on the basic structure of government that the founders created. Free Press. Safety for journalists, not inflammatory comments from the President, denigrating journalists, that do encourage individuals who are susceptible to suggestion, to commit violence against journalists, or people protesting the KKK peacefully, etc etc. The President must stop making excuses for anti democratic white supremacists, racists and KKK members, who were apparently all marching together when an innocent civilian was the victim of a hit and run, and our President failed to see that.

—Barbara Sorensen, Washburn, WI

This merger weakens freedom of the press.

—Ilissia Kissner, South Orange, NJ

This merger will allow pure propaganda to be pumped into 70% of households. This is fascism.

—Anne Myers, Annapolis, MD

This merger will not be in our country's best interests. This would amount to a monopoly!

—Melissa L McCrea, Fort Worth, TX

This merger will put two Seattle TV stations under the same ownership. This creates an unacceptable monopoly.

—Patsy Shuler, Seattle, WA

This merger would be a disaster for millions upon millions of people and benefit only a handful of people in power. This is no way to run a country. I expect - I DEMAND - that this action be blocked!

—Marilyn Ferdinand, Skokie, IL

This merger would be a major step towards totalitarianism or a dictatorship.

—Anthon Barnes, st. louis, MO

This merger would be moving broadcasting to an infortunate direction.

—Marlene, Chino Hills, CA

This merger would clearly impact the free press, which is a pillar of our democratic republic.

—Susan N Johann, Las Vegas, NV

This merger would create a near-monopoly. How is that a free press?

—Nancy LaPaglia, Portland, OR

This merger would create an entity that would be too big, have too much power this a monopoly. This is not in favor of the public.

—Patricia A Lenzen, VANCOUVER, WA

This merger would give Sinclair more than 50% market share. This is a known politically right leaning group. I do not support this merger.

—Cindy Juhas, Tustin, CA

This merger would not be good for our Democracy!

—Anita De Felice, Framingham, MA

This merger would prevent the public from access to the real facts affecting our lives. It would be a severe affront to democracy and should not be allowed to go forward.

—Elizabeth, Des Moines, IA

This merger would result in one company's control over a large percentage of our nation's media coverage. This is extremely undemocratic and highly dangerous.

—Anna Fierst, Bethesda, MD

This merger would severely limit the unbiased information that all Americans need to form their own opinions. It would be a blow to freedom of the press. Please do not approve this merger.

—Georgia DeJean, Des Allemands, LA

This merger would severely restrict the diversity of opinion and reporting is critical to American civic life.

—Sue Mosher, Arlington, VA

This misuse of the news media for blatantly partisan purposes further compromises freedom of the American press, a vital component of our Constitutional rights. It is NOT in the interests of the American people.

—Joan Weinzierl, Aurora, CO

This money = outsize propaganda must stop. Also, Calling Fox News a news channel with most of the other news organizations is false equivalence.

—Eric Kendig, Saline, MI

This Monopoly is unAmerican. Please vote No.

—Donna R Miller, Rochester, MN

This monopoly of the public airwaves must not be allowed.

—Gary W. Moody, Indianapolis, IN

This move is one more criminal act to make this country a dictatorship. We are becoming a third world nation.

—Gerald & Linda Hall, MAPLE VALLEY, WA

This movement would be an Antitrust issue and poses the worst threat to free media in the U.S. since before the American Revolution.

—Larry Rafey, Argyle, FL

This MUST be blocked. One media group should not control more than 50% of the airwaves. To control 70% is outrageous!!

—Rosemary Knopff, Roseville, MN

This must be stopped

—Cathlyn Abbruzzese, Portland, OR

This must be stopped

—Debbie LoPresti, Wood-Ridge, NJ

This must be stopped

—Cindy levine, Wilmette, IL

This MUST be stopped!

—Nancy Wolf, Glide, OR

This must be stopped! We cannot EVER have a media monopoly controlled by ideologues. It will cease to be news. But State run media. NO

—Grace tinsen, Tigard, OR

This must be stopped- tell a lie once it is a lie, tell lies overtime and it becomes truth- that is what will happen with this drive to control the minds of American people.

—Dr. Michael Paul Melendez, Jamaica Plain, MA

This must be stopped.

—Mike Marovich, Richmond, CA

This must be stopped.

—David S Jones, Toledo, OH

This must not be allowed by the FCC.

—Joy, Melbourne, FL

This must not be allowed!

—Donna Naylor, Supply, NC

This must not happen

—Vicki Kryszak, Loveland, CO

This nation needs more competition, not more concentration of commercial entities.

—Fred W. Poppe, WESTCHESTER, IL

This near monopoly endangers a diversity of views and a free press on which our democracy depends.

—Susan Hornik, Bellport, NY

This needs to be stopped to save our world.

—Cyndi, Caldwell, ID

This needs to be stopped!

—Elizabeth Carmenita, Redding, CA

This needs to stop. The US is supposed to be a democracy not a dictatorship!

—Melissa, Traverse City, MI

This not a soviet country and I don't appreciate it being treated like one!

—Terri Humphrey, Janesville, WI

This one is a no-brainer: if it goes through, passes, it will suck the brains out of those it intends to target. It is unconstitutional. Period. NO monopolies. And while we are at it... how is it that J. Kushner and ANYONE INCLUDING THE PRESIDENT / IN THE WHITE HOUSE BENEFITS FROM SUCH AS THIS? Conflict of interest, yes. Nepotism - yes. Have we lost all self respect... I have not. Refuse this in full. BANNISH the merger as well as the POTUS and FAMILY from financially benefiting from their position... why are they not governing in stead of doing business such as this...? NO TO THIS.

—C McEnroe, SLC, UT

This poison is frightening. That the FCC and/news affiliates would allow false information to be tacked on to regular stations is unconscionable! I stopped my subscription to the NYTimes when they hired a climate denier to their paper. Alternative facts and FACTS is not a thing. There are only FACTS.

—Susan Cortilet Jones, Durham, NC

This potential merger is dangerous and gives too much control to a single entity.

—Charlene F Kahn, Seattle, WA

This president is look an awful lot like a dictator!! Of course he seems to love Putin so much he wants to emulate him.

—Cherill, Tucson, AZ

This president wants communism.

—Judy, beatrice, NE

**THIS PROPAGANDA MUST BE STOPPED!**

—J Phillips, Honolulu, HI

This proposed deal with Sinclair is unacceptable. The FCC was created to protect the public from biased corporate ownership. Do not allow this sale to go through.

—Sandi Shaw, Tumwater, WA

This proposed merger goes contrary to the public interest. Furthermore, Sinclair has a long record as an irresponsible, partisan media owner. This merger should not be allowed to proceed!

—Paul Karsh, Martinez, CA

This proposed merger is bullshit

—Milton, Gig Harbor, WA

This proposed merger is undemocratic and outrageous.

—Nelia Dunleavy, Mission Viejo, CA

This proposed reinstatement is very scary . Please do not interfere with our free press. It's a cornerstone of our democracy.

—Linda Gifford, Russellville, AR

This puts us one step closer to becoming an authoritarian state with official government propaganda channels. Don't allow this.

—Barbara Moran, Freeland, WA

This really will turn into a dictatorship! Trump TV? Truth is stranger than fiction. Please do not allow this!

—Diana Froling, Fort Myers, FL

This reeks of total government control of the news. We are not Nazi Germany.

—Paula Sousa, Rochester, NY

This seems like an illegal Monopoly.

—Susan Holt-Huffman, Cincinnati, OH

This sets a very bad precedent for media ownership. Sinclair has proved to be acting counter to rules in the past, so rules should not be bent for them in future.

—Nancy Waddell, Clinton, WA

This should absolutely not be allowed

—John Coerver, Chesterfield, MO

This should be illegal to allow such a monopoly to happen in America! Continuing such takeovers of our trusted local news outlets is Communist! A one sided government promoted news outlet ownership is not Ok now, and not Ok ever in America! Our soldiers fought for our freedom from this very thing since this country began. Stop this now and let America return to the free country so many have died to save! Do not allow one single minded private enterprise to take hold of so many news outlets, ever! Thank you.

—Barb Pakula, lake oswego, OR

This should be illegal it it isn't already! We are a free country and do not condone a State TV, or a monopoly.

This should be illegal!

—Donna Grzesik, Canandaigua, NY

This should not be allowed.

—Sandra Armour, Sidney, NE

This should not be allowed. Our ability to have fair and impartial TV would be at stake.

This should not be happening in the United States of America.

—Helen Bautista, San Leandro, CA

This should not happen

—B Madsen, Ohio, IL

This should not happen!

—Audry Heath, Midlothian, TX

**THIS SHOULD NOT HAPPEN.STOP GOP TV TAKE OVER.**

—Andrean Clarke Heath, Winston Salem, NC

This Sinclair Broadcasting takeover MUST NOT HAPPEN!!! A free press is an American right. Local news stations must not be dictated to.

—Cindy McCashin, Chattanooga, TN

This Sinclair Broadcast merger with Tribune Media, Co. bends the FCC rules. It would be State run Trump TV in 72% of American markets. It's bad enough that they are allowed their biased reporting in 38% of US markets currently. Sinclair has a constant strong message designed as pro-trump propaganda. Instead the Fairness Doctrine abolished by Reagan in 1987 should be reinstated. Democracy is threatened by this merger. Americans should have news that is all truth, no lies as they do in Canada where a law banning lies in the news was enacted in 2013. If you value our democracy, please block this merger.

—Pamela Sahl, KC, MO

This smacks of propaganda TV. When did the USA become like Russia? If the Trump family etc doesn't like the truth or 'the heat in the kitchen' as the saying goes, GET OUT (of the white house)!!!! The truth often hurts when you are in the wrong. Propaganda TV won't change the truth.

—Nancy Beaujon, Nicholasville, KY

This so-called "president" is rapidly destroying these United States in every way imaginable. He is an INCOMPETENT NARCISSIST and WE THE PEOPLE must STOP him; NOW!!

—Janice Frankel, Chicago, IL

This takeover of media by state propaganda is criminal.

—Elaina McCartney, Ithaca, NY

This taking over of the media by right-wing organization has to stop.

—Hilda Sendyk, Menlo Park, CA

This type monopoly is not healthy in a democracy. Thank you for considering my comment.

—Donna Glasco, Arvada, CO

This type of fake news is creating racism America

—Terry Rylee, Riverdale, GA

This type of movement stinks of tyranny and dictatorship in trying to control the people like they do in Russia and North Korea.

—Marion Kuehne, Statesboro, GA

This used to be illegal. Now that they have a friend in the White House it isn't. What is happening to our country?

—Dana Dolan, Riverhead, NY

This whole deal is shameful!

—Chandira, Seattle, WA

This will be a monopoly! What ever happened to free press?

—S Walsh, Carbondale, PA

This will be state run news programs, not factual reporting, so it will be "FAKE news"

—Beverly Rickert, Coral Springs, FL

this will be the end of free press. I believe it will be like government run tv, This is not what america is about.

—JoAnn Parker, Wichita, KS

This will create a monopoly which is not in the American public's interest. It is apparent that Trump wants a media where he can control the message, which is anything but the truth. It seems like we are becoming more like Russia everyday.

Republicans need to stand up to Trump and not sell out our democratic principles to the highest bidder.

—Kay Faile, Wimberley, TX

This will create a virtual news monopoly, with extreme bias in national and local news coverage, and propel us into a highly state-propagandized era. Stop it, before it kills true democracy.

—Elizabeth McKenna, White Hall, MD

this will further contribute to the division of people in this country and would be a crime if it was allowed to happen

—Cj Strowbridge, davenport, IA

This will lead to an inevitable tragic situation of huge numbers of deaths and horrible suffering. Please think about what you are doing.

—Edward Hayes, Scarborough, WI

This will only lead to Totalitarianism.

—Vlad Lojko, Morganville, NJ

This would allow a single media group to control 3/4 of the TV and radio channels in the US. This is a monopoly and will ultimately result restrictions on the freedom of opinions, freedom of the press and free speech which is counter productive to what our society stands for.

—Mary Fole, Palm Harbor, FL

This would allow one company to become too large, not allowing diversity. America is not a police state. We should not have to be subjected to negative & (dishonest) political propaganda.

—Marilyn J Williamson, Albuquerque, NM

This would also mean my local newspaper would also become biased in its coverage

—MaryAnn Gregory, Westminster, MD

This would be a Monopoly. It would result in poorly vetted "news" aka propaganda. This is not the American Way of doing things. Keep our news sources independent, diversified, and divested of political pandering!

—Roxanna Augustine, Manteca, CA

This would be an abomination!

—Ruth Fichter, Oak Park, MI

This would be brain washing in the highest degree.

—Dan, Mebane, NC

—Sherri Gersten, Boulder City, NV

This would be extremely dangerous for our democracy.

—Jerome Durkin, Reno, NV

This would be horrible for local markets!

—Shawn Bodi, Candia, NH

This would be potentially devastating, that a propaganda arm could pretend to be real news is absolutely alarming. Cannot happen. Devastating to American democracy if it does.

—Elizabeth Stack, Rockville Centre, NY

This would be state run tv! Force feeding the public.

—Katherine Brent, Gardena, CA

This would be the beginning of the end of democracy. Don't let it happen!

—Margaret Moocha, North Las Vegas, NV

This would be too big of a media company...NO MERGER

—Don Shanta, Atlanta, GA

This would be very close to a monopoly of airwaves - against the 1st Amendment, if you care.

—Elaine H French, Littleton, NH

This would constitute a monopoly of information allowing for a forced presentation of media and information leading to the possibility of a government run media.

—Edward King, Westland, MI

This would create a virtual MONOPOLY of broadcast news. NO, NO, and NO.

—John Barkhurst, Long Beach, CA

This would devastate our democracy. Free press and free speech are crucial to a free society. If this went through our country would become a dictatorship. We already have too much of our information coming through too few outlets. Another example of minority ideologies wanting to rule the majority for their personal benefit not for the country or democracy they should be charged with treason

—Annette Wiles, Redlands, CA

THIS WOULD DO SEVERE DAMAGE!!

—Barbara Zuckerman, Santa Fe, NM

This would give Sinclair Broadcast Group something very close to a monopoly. We need to maintain a free and diversified press and news media in this country. Do not allow this merger to go through.

—Kathleen A. Johnson, Lincoln Park, MI

This would not be good for our country. News should be unbiased.

—Janice Lekich, Rochester Hills, MI

This would not be good for the country. Do not allow this to happen.

—Mary Hofmann, Downers Grove, IL

This would not be in the best interest of Democracy!

—Jude Green, Bellingham, WA

This would take away free press and diversity and that is not what America stands for, nor what I believe in.

—Helen Polaski, Milan, MI

This is especially of concern because Sinclair has a practice of forcing its stations to show certain political content even when the local community management deems the content undesirable.

—Nicole Webb, Evansville, IN

Throw out the dictator in the White House along with VP, Bannon, Ryan his Regime as well as the rest of his cabinet cronies of the White House now! The world turned a blind eye to the rise of Hitler look how that turned out! Tell me doesn't anyone want these evil men in our White House? What's next? Who's next?

—Shelley Predko, Eugene, OR

This would be equivalent of Putin's Russian run TV ... dictatorship. I used to feel so sorry for other countries because they did not get the "real" news. Now it is us. This would essentially be government controlled broadcasting and news

—Linda Greenwell, Jeffersonville, IN

Time for an antitrust movement. No more monopolies in big media. Restore the Fairness Doctrine!! I support independent media.

—Robin Herzig, NYC, NY

Time to get rid of the Nazi regime

—Richard Hartmann, Spooner, WI

Time to limit size of corporations. Citizens own the government, not corporations. Need to put the monopoly law into action forever.

—Patricia Hyatt, Kellyville, OK

Time to sue Trump & Co. for Constitutional Violations!

—Elisa Goldklang, Marietta, GA

To allow a merger that would give a single group close to a monopoly of television newscasts, would be a serious undermining of the First Amendment's guarantee of freedom of the press. Please don't approve the merger between the Sinclair broadcast and the Tribune Media.

—Penny Nichols, Elkhart, IN

To have a Trump TV takeover and eliminate the free press is unconstitutional. It is my hope this merger shall not come to pass.

—Benjamin Z. Griffith, Tucson, AZ

To have an informed citizenry, the country needs the media of more than one broadcast company within reach of every citizen

—Judith Peascoe, Vienna, WV

to me this is state run propaganda

—Lou Mahon, West Union, OH

To me this sounds like a monopoly and they are illegal Don't allow this merger to happen.

—Judy Woods, Oregon, OH

to ridiculous to consider...stop the madness

—Jayne Barth, Jacksonville, FL

To the FCC, Please do not allow the merger which would result in a single media group owning over 70% of the nations airways.

—Alice, Tallahassee, FL

To understand what a monopoly of the media represents to a democracy one needs only consider Goebbels statement referencing his part in the Hitler Regimeeee, "It would not have been possible for us to take power or to use it in the ways we have without the radio." That is why I ask the FCC not to allow Sinclair Broadcast Group to monopolize the media in the USA.

—Helen Bauch, Covina, CA

too much about donnie is just tooooooooooomuch

—Ronald Cabral, east providence, RI

Too much concentration of editorial clout.

—David R. Burwasser, Oberlin, OH

Too much is too much

—Fern Gnesin, NYC, NY

too much Sinclair

—Louis Hellwig, Cedar Falls, IA

Too save our democracy we must keep limits on how much of the airwaves one company can own.

—Ann Christensen, Ketchum, ID

Totally and completely unacceptable for a plethora of reasons...and you know them all.

—Andrea Barbera, Wheaton, IL

totally inappropriate! this must be stopped!

—Kimberly Vander Dussen, Placentia, CA

Tribune must be left alone by Sinclair, Freedom of speech and Freedom of the Press are threatened by a company that believes in Trump propaganda and feeding the public misleading information to get them to comply with an oligarch system that wants to suppress the rights of the citizens. We must stop this merger to save our future from a corporate controlled society.

—Nickolas Brungardt, Omaha, NE

True democracy depends on true information. No more propaganda!

—Vallie Gilham, Tigard, OR

Trump = Puppet

—Gary Holcomb, Yuba City, CA

Trump already occupies the most airtime of any President ever! We certainly don't need a media source that is there to promote his anti-democracy brand. The number of rules this President is trying to break and/or bend, just so he can have his way, is alarming.

—Carol Stromatt, The Woodlands, TX

Trump already owns Fox News whose top named people abuse women. Just more hidden lies from the top brass. We do not need more Trump fake news.

—Gary Kleypas, Temple, TX

Trump and Bannon laid the foundation for a white supremacist, homophobic, misogynistic following that has grown exponentially. If this continues via radio, internet, or cable it will be catastrophic to our society. This needs to be stopped immediately before more violence erupts and lives are lost.

—Janiece Lowery, Jacksonville, FL

Trump and family are trash! Dump the trash!

—Terry Amrine, Urbana, OH

Trump and his team are clearly receiving preferential treatment by the FCC who is beholden to citizens of the US, not Trump or any other Politician. This is amoral and against the purpose of the FCC.

—Elizabeth Conger, dearborn heights, MI

Trump and republicans are out of control. Everyone should have had enough by now. Dump them in the mid terms.

—Kristi Samuelson, Albuquerque, NM

Trump is pushing a fascist agenda!

—Herbert Parmer, Hope, AR

Trump is Shameful

—Abdul Qawi, Newark, DE

Trump is the MOST VILE man ever to set foot in our White House. "You can grab women by the pussy..." HE MUST BE IMPEACHED BEFORE HE DOES FURTHER DAMAGE TO AMERICA AND OUR IMAGE ABROAD. This is what Der Spiegel said about Trump: "Donald Trump is not fit to be president of the United States. He does not possess the requisite intellect and does not understand the significance of the office he holds nor the tasks associated with it. He doesn't read. He doesn't bother to peruse important files and intelligence reports and knows little about the issues that he has identified as his priorities. His decisions are capricious and they are delivered in the form of tyrannical decrees. He is a man free of morals. As has been demonstrated hundreds of times, he is a liar, a racist and a cheat. I feel ashamed to use these words, as sharp and loud as they are. But if they apply to anyone, they apply to Trump. And one of the media's tasks is to continue telling things as they are: Trump has to be removed from the White House. Quickly. He is a danger to the world." WHAT HAPPENED TO THE COMMENTSTOTRUMP.ORG WEBSITE? It was mysteriously taken down... by Trump or his minions?

—Jack Schlotte, Fallbrook, CA

Trump is the worst thing that ever happened to this planet.

—Jane Cucchiara, Harrisburg, PA

Trump is trying to have news come to the nation through our local stations spreading propaganda promoting news favorable to himself!! The next dictator after other countries like the Venezuela and others like Putin!!

Trump's unethical reach into the broadcasting industry is a red line that must not be allowed to cross. His billions bought the presidency - we cannot afford to allow the same mistake again!

—Lorraine Wold, Gering, NE

Trumpaganda Television needs to go..for News and InfoWars should too...they are lying to the American peipke..its shameful!!

—Cynthia Thuotte, Gray, ME

Truth is important so is freedom of the press and reporting. Please keep America free to report it as they believe it to be.

—Susan Filesi, Fort Worth, TX

Truth must be told to the American people. Sinclair is all about lying for the sake of the right wing agenda. This must end now. It has caused nothing but a hateful rhetoric and as Richard Clarke stated, the most dangerous act of psychological warfare in history.' Very similar to Germany during the rise of Adolph Hitler and the Third Reich. We must not allow this to happen to our country.

—Rose Heredia, BROOKLYN, NY

Truth will set twee free....

—Sheri Perini, Laurel, MD

Truth will win in the end with Love, glad i don't have to payback evil peoples' karmic debt ha ha make wise choices, kids☺

—Al Alameda, San Antonio, TX

Tv is worthless enough as it is. This would be just one more reason for me to turn it off.

—Joan Hamilton, Eugene, OR

Tv stations should be independent and not asked, forced, or intimidated by anyone to televise opinion or information that is biased or intended to perpetuate conservative views. Journalists need to remain unbiased communicators of news not opinion.

—Melissa Link-Rose, Portland, OR

We absolutely need independent reporting and news on our local TV stations. Stop trying to take over and control opinions with propaganda pushed on to us. Independent investigation for the truth is vital for our survival.

—Patricia V, Hillsboro, OR

We ain't no commie nation!

—Carol Angel, Seattle, WA

We all need to keep our democracy just that! Media should not be the tool of those who seek power; power lies with an informed citizenry, not a manipulated one.

—Connie Dawson, Langley, WA

We already get this on our local NBC station and I would love it to be removed from my local news. We weren't made aware that Sinclair was buying these stations and including this propoganda in our local news. Local news should cover just that. If I want to hear how great Trump is I'll turn on Fox News. I shouldn't have to be bombarded with stories that when they are Googled half of the time they are either half truths or outright lies. Thank you in advance for listening to my concerns.

—Laquita Christian, Mobile, AL

We already have enough propoganda stations.

—Linda Galbraith, Bonita Springs, FL

We already have fox. Please don't let this happen.

—Elizabeth Light, San Diego, CA

We already have little enough faith in the news of our government. If Trumpy Dumpty started controlling it, I doubt we'd even hear about things that didn't matter- he doesn't even know.

We already have one station need to nip this in the bud.

—Rita Zastrow, Big Timber, MT

We already have way too much consolidation and corporatization of media sources. Help keep independents independent!

—Arlene Novick, New York, NY

We are a Democracy, not a Autocracy. This merger is a step towards a monopoly of Media. I urge the FCC to block the Sinclair-Tribune merger. A free press is essential in our Democracy.

—Cathy Rand, Las Vegas, NV

We are a hair breadth away from the most powerful propaganda machine the U.S. has ever seen. Please. Support democracy by limiting a single entity access to such broad access OR require truth in broadcasting. Better yet, do both. I'm sick of all the lies.

—Janice Rhoades, Spencerport, NY

We are already being subjected to one station in our area towing the Sinclair line. No more. If I wanted crap news, I'd watch FOX.

—Stephanie Clark, Jefferson City, MO

We are America, not North Korea. We don't have state run propaganda!!!

—Leah Grier, Sussex, NJ

We are drifting farther and farther away from the a American way of life. This would be a giant step toward controlling what we see and hear. If we desired these controls, we could move to Russia.

—Lynn, Akron, OH

We are losing our "free" country with "managed news" - it's already dumbed-down so that anyone with a brain is searching for reporting like BBC, Al Jazeera, Radio Pacifica, anything that brings "just the facts, Ma'am." We used to be a country of thinkers. I don't know what or who we are now! (PBS is a single flickering light in a growing darkness.)

We cannot allow a takeover of the TV media. That is equivalent to a government takeover. Allowing this ends democracy and freedom of the press.

—Jeanne Cordingley, Affton, MO

We cannot allow our country to be like Russia with state (government)owned TV and messaging. It is obvious that the Trump White House is using government agencies for their agenda, not for the good of the country. In our country, we should not and cannot promote propoganda like Sinclair TV. We must maintain FCC Title II Regulations for Internet Service Providers (ISP's). They must not lose oversight by the FCC. We cannot allow conglomerates like Verizon, AT&T, Comcast, and Times Warner Cable to control access to content or it's flow on the internet. We must protect Net Neutrality and fair and equal access to the internet by it's users and it's content providers. ISP's should never have the ability to block access to websites, throttle speeds of content providers that refuse or cannot afford to pay for access to "fast lane" speeds, develop tiers of service to their customers so that they are charged more for access to websites that they frequent. The ISP's have of course promised not to do any of this however, once they are removed from FCC oversight this situation will be permanent. There will be no going back. Control over the internet will be at their sole discretion and "the fox will be guarding the hen house". Net Neutrality would be destroyed and access to websites containing content contrary to the interests of ISP's could be blocked and thus censored. This would destroy the most democratizing medium ever created by humankind. ISP's are not content providers. ISP's are utilities providing an essential service of open access to real content providers. Also, we must fight against the Sinclair local Station media grab "merger" making this right leaning organization a vast majority of what gets broadcast at the local level throughout the nation. And yes Trump FCC appointed Chair (a former Verizon lawyer) is also dismantling the FCC from within from deregulation to deregulation. Moving closer to total monopoly has so many implications. FCC Chair Ajit Pai (former Verizon lawyer) is at it again! First trying to remove FCC Title II Regulations for an open and free internet ( #NetNeutrality ). Then approving the move for right-leaning Sinclair Media to buy Tribune Media making it the largest owner of local television stations in the country. And here he is fighting for a massive monopoly by allowing AT&T to buy Time Warner. This will of course reduce healthy competition and leave customers with less alternatives forcing them into paying outrageous prices and lower levels of service. Write, email, tweet or call your Reps. in Washington and feel free to cut, paste, or add to this post.

—Larry Regan, Haverhill, MA

We need a more diverse ownership of our tv and print media. The anti trust legislation needs to ensure it. Too much of the same ownership controls the views expressed and our independence is threatened and if views in line with administration we are at risk for state run propaganda. Facts matter. We need local tv programming to actually stay local as far as I am concerned whether or not you bring the politics into it. It's bad enough we don't have actual Akron tv news anymore and are just treated as if Cleveland is close enough. Sometimes it is sometimes it isn't. If someone from some other state entirely runs things they won't care about the people here. They'll just count all the money they are making.

We need more real news not some more FAKE NEWS broadcast by a Pro-Trump network. Whether or not this merger affects my local radio market, it's bad for the whole country. Stop it!

—Joanne Hamil, Brooklyn, NY

Why are they getting special treatment? This is worthy of a dictator. No one else would be able to do this. This is an assault on a free media and a free press. This will turn America news into a Government propaganda outlet.

—Lucy Korn, Jersey City, NJ

Why are trump and conservative hoodlums getting away with so much?

—Michael Achike, Tracy, CA

Why aren't we protected by anti-monopoly rules? Surely it is obvious that any one company should NOT own more than a fraction of airwaves. Diversity is essential to a democracy. Look at any dictatorship. They feed the people anything to their benefit. The first things the Nazis did was to change the laws. Our laws must represent a free press with a large diversity of opinion.

—Marnie Bottesch, Norridgewock, ME

Why can't the facts be reported? Just the facts.

—Nicole Lutz, Minot, ME

Why can't you leave well enough alone Trump...Damn it all !!

—Patrick Matriscino, Victor, NY

WHY do you want to do this? Another biased tv station? Not in my home.

—Ximenita, Woodinville, WA

Why does one Media corporation get to dictate what Americans hear? If we are no longer a democracy but have become a dictatorship with state directed media and information then our government needs to tell Americans that we are no longer a democracy

—Alicia Brown, Richmond, VA

Why don't you people act like a govt. organization protecting the taxpayers who pay for your damn existence & not a wing of corporate bloodsuckers.

—Tim Abbott, Cocoa Beach, FL

Why is he trying to make America Russia?

—Arden Brooks, Ward, CO

Why should all Americans be subjected to trump TV on our regular network. If someone want to hear pro trump then watch fox or other conservative networks. No on trump propaganda tv cutting in on reg network

—Betty, Whittier, CA

Why sign this? In a word: democracy!!

—Lyra Engel, Freeport, ME

Why would you give 45 an easier way to spread his propaganda? Oh, that's right, \$\$\$\$\$ SMH

—Beth, Lexington, KY

Wilco-Tango-Foxtrot???

—Libby Krause, Rockport, TX

Will be boycotting our channels with Sinclair B G servers.

—Gail Pearce, Ocala, FL

Will fight this!!! Not in Tampa area. We do not want them!!!!

—Vivian Escudero, Gibsonton, FL

WILL NEVER WATCH OR PARTICIPATE IN THE FAUX pRESIDENT!!

—SANDRA DuPree, Jacksonville, FL

Will not subject Self to "Trump TV". Battery Replacement Utilization Implemented. Mute/Power On/Off Buttons Functional. Carry On.

—Karen Powers, Dayton, OH

Will stop watching WGME 13/23 newd

—Gregory Bonetti, Saco, ME

Will turn it off

—Martha, Padadena, TX

Will you please stop this insanity. Its an American disgrace!! I am so literally offended when I hear those commercial I mute the tv and remove my grandchildren from the room...Its offensive, unpatriotic, ALL lies and monopoly's are not the American tradition!!

—Lauri Boxrucker, MN, MN

With all that is known about the integrity of media no outlet should be allowed a monopoly in a free and democratic society. The FCC regardless of who is in power should have policies based on and in the interest of the people.

—Sophia Quick, Baytown, TX

With everything that has been going on, especially with this President that spews hate and lies on social media, I am officially tired. No I do not want Trump TV, this is propaganda. We are not RUSSIA and we are not NORTH KOREA. Trump is not a dictator and this must stop now.

—Noura, Portland, OR

With the consolidation in ownership of TV and Radio news outlets it allows the spread of lies, hate and most importantly bigotry. Being Muslim, Black, Jewish, Old, Disabled, LGBTQ or just dissenting in America has become scary. I enjoy "truth" and at least somewhat unbiased reporting and can see this as the horror of the 21st century where you only hear "Big Brother's" side of the story. This is just wrong!!! Is this America or a 3rd world country where free speech, freedom of the press and the right to non-violent protest is now disappearing. We all need to fight this merger and protect our right to freedom of the press, and access to news not propaganda.

—Susan Schuette, Hudson, NY

Without free press we are all oppressed.

—Susan Thornton, Newport News, VA

Without the free press, and broadcasting variety, we will be blinded by lies told without repercussion.

—Carl E Dunlap, Azalea, OR

Wow watch it before tRump becomes like the leader of N Korea!

—Carol Koloian, New era, MI

Wow! What happened to the idea of no monopolies....Looks like someone has someone in their pocket. :)

—Diana Duda, Glenwood, IL

Wow!! Mr. Trump, it is Obvious, you have never read the Constitution of the United States nor do you give a \_\_\_!

Trump=TREASON!!!! Trump POLCIES=TYRANNY!!!! IMPEACH/PROSECUTE!!!!

—Sue Wise Smith, Deming, NM

WTF over. Stop this travesty.

—Donna Williams, Pittsburgh, PA

WTF??? Whatever happened to anti-trust? This absolutely cannot happen. Most people are already too ignorant (don't forget, 42% of us are either semi- or illiterate).

—Beverly Foster, Wayne, PA

WTHell?? Make it stop!

—Juanita vianelle, Beaverton, OR

Yeah!

—John Sandoval, Manhattan Beach, CA

Years ago I realized how dangerous this media consolidation was, not only for the safety of communities but for our democracy.

—Sharon Brown, Kingsport, TN

Yet another attempt by this president to turn the country into an oligarchy and must not be allowed to happen!

—Leslie Oldenburg, Eugene, OR

yikes, our dear old denver channel 2!

—Sue McHenry, silverthorne, CO

You are killing our democracy with a thousand little cuts. We are bleeding.

—Fredrica, Ocala, FL

You cannot censor our news

—Desiree Karavaras, Surprise, AZ

You got him in office!

—Carol Robinson, Detroit, MI

You greedy greedy man...STOP !!!

—Steven Vallo, Burbank, CA

You have to be kidding!?

—Sandra Holtzmuller, Hernando, FL

You may think it clever to subject the American populace to increasing amounts of unhinged right-wing extremist bile. But it will boomerang against you badly. Don't do this thing.

—Jon Krampner, Los Angeles, CA

you must stop this and allow truth and real news to be the only thing to be broadcast...not sinclairs trump news of hate and fear

—Barbara Collins, Stone Mountain, GA

You work for us.

—Jess Mahoney, Chicago, IL

You're going to allow a white supremacist company own 70% of the country's airwaves? That would be absolutely abhorrent!!!!

—Brenda DeBourge, St. Louis, MO

You've got to be kidding me. Fox is already banned in my house.

—Elizabeth Treadwell, Smyrna, GA

You've got to be kidding! This is AMERICA! We do not do propaganda, or have you forgotten? Free press!!!!

—Sharon Pearson, Denver, CO

Your job is to prevent monopolies and protect the airwaves--not create monopolies and limit substantive use of the airwaves. You shouldn't allow any one broadcast company to own 50% of the airwaves. Yet, this merger will allow the (awful) Sinclair Broadcast group to own over 70%. Please do your job and block this merger. Blocking the merger is clearly in the best interests of the country's citizens. Thank you.
