**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic internet has paved new roads to those in need. It has built a foundation for people who needs a cheaper alternative than the already expensive plans that are out there. Sonic has been a reliable source for internet for our family. It has proven to give us the speed we need. We had plans from big companies and they never work out for us, because they always find ways to raise our plans and gets more expensive every year. We had to always look for alternative plans to keep the cost down especially living in such an expensive city, having Sonic provide us with a clear cut solution, have solved all our problems. Their prices never rise on me and I will never get surprises with the bill. Sonic has been super reliable and I probably would never change our service unless I move. Please do not let big companies like AT&T take away smaller companies like Sonic. We should be supporting the smaller companies, not take them away.
