**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive broadband provider such as Sonic because ATT would not provide my home with adequate service. The only service they could offer me was way too slow for the six people living in my home. I have used ATT in the past and they provide very poor customer service.

Broadband is critical to my household not only for entertainment, but because my wife works from home. She is a paralegal and everything is done online or on the telephone. . We also have competitive telephone service such as Sonic so my wife can communicate with clients on the phone. I am a teacher and much of my lesson planning gets done at home over broadband.

Please stop big telephone companies like AT&T from raising prices and cutting off competition. ATT provides horrible service and is already too expensive.
