**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Do not change the rules thereby legislating price protections for ATT. We need more competition in telecom to help control price gouging but the large telecom companies. Please do not set rules designed to protect the largest telecom company. Its an un-American, non-competitive action that limits the choice of the people of our country.

The quality and value delivered to my home by Sonic is the first advancement in technology in a very long time - my current carrier ATT is simply not motivated to improve my service unless I pay much more than I can afford.
