**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I run a small architecture and construction firm (9 employees) that depends on internet for our day to day operations. We use a small internet service provider (one sweaty computer nerd) because we often need personalized attention and don't have the bandwidth (pun intended) to deal with a big soul-less service provider. Because we are a small company, overhead costs like internet service does impact our ability to operate and compete against larger corporations. I urge you to take the long view and deny the USTelecom Forbearance Petition. Doing so will help protect small business like ours.
