**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not allow at&t to remove access to unbundled network elements. I originally switched away from at&t because of the 1-2 hour support calls I would have to make when my internet went down and taking this access away would severely hurt small companies that offer better services at lower prices. After switching to Sonic, I've had lower bills, better service, and a fiber line installed directly into my home. All of this would not have been possible if there wasn't access to these network elements. Please allow small companies to compete so that we can have better services at lower prices.
