**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is important for consumers and limiting consumer choice is a step in the wrong direction. I received dsl from a smaller competitive provider and it was the best experience with broadband internet I have had as a consumer. The customer service and quality of service I received was excellent. I was able to upgrade to fiber internet through the provider because of their large customer base and roots in the neighborhood. This is the most stable and fastest internet service I have ever had. The customer service and affordable rates are still exemplary. I would be unlikely to ever seek to change providers. Please respect our markets and consumer choice. Please don't impede markets for competitive providers!
