**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm writing in support of broadband competition, especially local internet service providers who provide fiber access. Last year, I switched to Sonic Internet in San Francisco and have been thrilled with the price and service. I've vowed never to go back to Comcast or AT&T again. Anything you can do to encourage more companies like Sonic to provide fiber services to Americans will be good for our communities and economy. Please support broadband competition.

Sincerely,

Val Klump
