47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I want competitive broadband choices. Sorry but AT&T and Comcast/Xfinity are NOT! Cellular broadband is not

You should do whatever it to make it more competitive:

- easier path for small ISP to enter the market
- easier path for municipal to enter market

Your last few decisions (repeal of net neutrality and not classifying ISP as common carriers) were MISTAKES! You're suppose to work for and look out for the consumer, not the telecom industry.

Regarding your minimum requirement (25/3) for broadband, I wish that YOU would limit yourself to this and see how you like it! Don't pass rules & regulations unless YOU are willing to live with them yourself!
