**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is the key to free markets. It's why anti-trust laws were established, and why collusion is illegal. I'm a proponent of small businesses, which is why I choose to go with a small internet service provider, and they have been great. They are affordable and responsive, and don't leave me frustrated and weary the way that both Comcast (a giant bureaucracy) and AT&T (completely slow and unreliable) have. In the spirit of free markets and supporting companies that are trying to make the world a better place, I implore you keep broadband competition.
