**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a happy Sonic user for over a year now. The internet speed is faster than my previous internet providers- AT&T and Comcast. I rent my house, and my tenants use the internet to stream and game often. My Comcast bill started from \$89 monthly hike to \$160 a month. Thanks to Sonic Fiber as my new internet provider, my monthly bill is \$61 with no limit in usage or international phone calls, and there is no break while streaming video or gaming.

I live in Fremont, California, where there is no Sonic internet provider. I hope Sonic will grow faster and stay as a competitor so we consumers have a choice to select a company with good service and better prices for years to come.
