**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing as a Sonic.com customer who is thankful to have gigabit fiber internet access. For years, AT&T and Comcast delivered slow or otherwise mediocre internet service, and they were the only choices. Later, Sonic came along with their competitive DSL service which I used for some time. Thankfully, Sonic continued to innovate and now I have amazing gigabit fiber internet for a very reasonable price. This competition has been essential to the neighborhood, and I think it has also inspired Comcast and AT&T to finally improve their services as well. I am incredibly strongly in support of broadband competition so please do not change or eliminate rules that would jeopardize the ability of companies like Sonic to compete. Thank you.
