**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a subscriber to Sonic for internet and telephone services for several years. I switched to Sonic as ATT did not provide broadband service in my area, only DSL. In addition, Comcast rates continued to climb and provided poor and arrogant customer service. Sonic provided service that appeared equivalently as fast as Comcast with much better customer service at a much less expensive rate.

The introduction of Sonic as a provider in our area represents the example of free market competition. This will hopefully continue to grow and drive better service while self managing costs to the consumer.

Please continue to support growing competition in this technology driven area.

Thank you

Steven Baruch
