**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Fiber to the curb is important for my business. I work at home, and I chose where I live because it has fiber service.

AT&T and other majors should be forced to compete. America is already behind much of the world in terms of broadband.

We need more choice, not less. We shouldn't as a nation have poorer connectivity compared to nations like South Korea. Fiber to the curb throughout America will help make America great again.
