**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As an immigrant who believes in the free market, I cannot understand why you would not support broadband competition that would give the consumers the ability to choose who they wish to work with!

You have previously shown complete disregard to the wishes of the American public, but I do hope that at some point, someone in your organization will have honest intentions and not side with your paymasters of large corporations. Do the right thing please, and let competition thrive and the free market decide what we want.

We previously had dsl and broadband, and have switched to Fiber which we love, and do not wish to give up. We are happy with what we pay and do not wish to be gouged by these large corporations like AT&T.

Do the honorable thing for once, and listen to the people (real people made of flesh and blood, not the people that corporations claim to be).
