**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm a home customer that has benefited from the accessibility of backhaul lines. Having more than 2 options for internet service has been great. I have dealt with att and Xfinity and both were a nightmare with set up and support. Sonic has been able to provide fast affordable internet and I dont want to see that go away because of price hikes. I had dsl previously and there's no comparison to fiber to the home. I wouldn't have had this opportunity if sonic hadn't been able to affordably share lines.
