**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic for my internet provider because they offered a reasonably priced 1 GB speed. I think that this type of service is what people in other countries have and it's something that shows that we should have this as a developed country. the price that they offer it for is about what I was paying for 20 megabyte Speed. please do not take this service away from us. I rely on this service to give me information on my health. It is vital for me. I have fiber today. Previously I had a cable modem and then before that I had DSL with AT&T. the speed on both of those was lousy.
