**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I refuse to be forced to work with only those companies that continually raise prices, sell my CPNI, scan and record my browsing data, and sell my history to advertisers. If this legislation passes, my only choice for the wire line Internet of the future will be two investor driven companies devoted to extracting as much profit from my INTERNET as they are able. The last check they had on competitive pricing, and best practices, the local ISP, will be wiped out.

Please do not allow this to happen!
