**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic offers the fastest, cheapest internet out there. Services that the other companies could offer but chose to idle instead of give to their customers or offer it at a premium (because sonic started offering fiber gig) We need diversity in the marketplace in order to offer the best competition to the market, not allow 2 or 3 major corporations the rights to nickel and dime the population. This is what the Sherman Antitrust act and the Clayton act tried to stop.
