**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not take away my competitive provider. For years AT&T DSL has never upgraded or improved my service, but only say that its not possible to get higher speeds at my location. Then comes along SONIC and I get higher speeds, improved reliability and better customer service.

Now that SONIC is a better provider, AT&T is now trying to take away my better service.

So AT&T chooses not to improve their business, but take away from another business. I utilize SONIC in my personal business everyday and now I'm at risk of having to pay more for less, just because AT&T cannot compete with a smaller more successful company.

This is not how competition is supposed to work. The FCC should reject AT&T claim and let SONIC continue to provide their services.
