**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic is a great service, we need good reliable services. we need more competition and more options for good quality services.

I say No, to Price hikes that will increase the cost of the internet and phone services.

I have Sonic in my home and at my business its solid reliable and we want to continue to use this highly valuable services at a low cost to me the customer.

we had ATT this huge corporation was more expensive and had a lot of downtime in our services, they have bad customer service and I had to use often.

Please allow Sonic to spread the great services throughout rural communities, local broadband is vital for the growth of any business and education of these rural communities.
