**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Don't let big telecom corporations stifle productivity and innovation. We have fibre gigabit service to our house in San Francisco, and it is critical for our family to be in touch. We all know how lousy Comcast is as a provider: customers hate that kind of company where it seems that they don't care about the end user. We use Sonic.net and they have been fantastic, both at providing a great product and at being aware of the customer in terms of service.
