**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I recently heard about efforts to restrict companies like Sonic Internet from using the last mile connectivity (Via AT&T and other major carriers) and potentially change the Tarriff. I recently switched to Sonic because their technology offerings are much more competitive than anything on the market today. Comcast and AT&T have become extremely expensive and service is horrible. I switched and have never been so happy. Until I read that you were considering eliminating their ability to compete. This action will only serve to bring back my \$238 cable bill, (because I have to bundle to get the best service) and the cable companies need the Competition. Please don't do this. It's un-American.
