**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Before joining Sonic network, I used AT&T for internet service and landline phone. AT&T service was very slow unless you were willing to pay a higher fee. Think constant buffering while trying to watch a Netflix movie.

Since switching to Sonic with fiber optic input for a less monthly fee, service has dramatically changed for the better. Also, landline phone service is \$10.00 per month.

This clearly shows that this market needs the competition from providers like Sonic otherwise this will be dominated by AT&T and other large companies who wish to control this market.
