**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Internet access is crucial to my family. The kids require Internet for school and I need access for my work. As single working mom, I chose Sonic for my family because they provided us with Fiber, compared to DSL we had with Comcast, and are more affordable than the competition as well! They have better customer service, and are a better company to work with than Comcast and AT&T, who are both horrible!

Most importantly I depend on Sonics competitive rates. My wages hardly cover our basic living costs. My family needs affordable internet! Competitive prices for internet and phone access are crucial. We cannot afford further repeats which encourage monopolies and price increases. I say NO to price hikes!!! The cost of internet in the US is already outrageously expensive compared to other countries. No more increases in internet costs!
