**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is what makes our economy run and undermines our freedom. AT&T proposes reducing completion for broadband users like me and my family using it for work and for our home. I live in a small rural town and receive excellent service and good pricing from a small provider. The FCC proposed action via AT&T strips competitions from both my phone service and DSL.

Just say no to the big boys picking on the smaller companies and their customers by increasing monopoly practices.

Sincerely,

Henry Burwell
