**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer and used to have DSL and land line service from another provider that was considerably higher than the Fiber network that I have with Sonic. With the cost increase on so many utilities and basic family needs, it was a big help with our home budget to have Sonic as our provider. I feel it is important that there is competition and the big companies, like AT&T should not block competition. All homeowners and small business in all areas should also have access to competitive pricing that would not be available if competition is blocked. Please keep competition in the Market Place.

Thank You.
