**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a current customer of Sonic Internet services. Before I installed Sonic at my house, I used AT&T for many years, then I had Comcast for several years and I was not satisfied either with AT&T or Comcast services, because the internet connections they provided were slow and the costs were expensive. Until we had Sonic installed in my house, we had much faster connections and data loads, and the price is much more affordable.

I encourage you to keep the internet market open, do not let the big companies to dominate the market that will benefit the Residential customer like me.

The more competitive the market, the lower the prices and the better the performances and services by the internet providers, that will generate more happy customers.

Your concerned citizen,

Min Wichelhaus-Hsu
