**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a small business based near my home (LMi.net) to connect to the internet on AT&T's phone line.

I value LMi's service **highly**: I have tried Comcast in the area, but I run a small business myself from my home, and if my website goes down I need to speak with a customer service representative **right away**. Comcast is utterly unable to provide the level of customer service I need to be confident in my ability to personally manage my website.

Competition in internet and fiber service is absolutely critical, please don't crush my service provider!
