**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a small mom and pop business owner trying to make a quality product while keeping my operating costs in check. I live in a rural area and have chosen a small, local business for my broadband because they offer a quality service at an extremely competitive price.

Please don't mess around with rules and regulations that would make it difficult for small providers to operate. Not everyone lives in an urban environment with plenty of competition and extra services.

Thank you,

Judith Anderson
