**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition in internet delivery, in order to keep prices down and keep the standard of delivery up.

Internet is now critical to everyone's life and will become so much more critical in future. Basic actions such as delivery of TV, movies, shopping, and information now comes to us through the internet carrier, and a choice is critical.
