**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic is a good affordable internet provider. AT&T is too expensive and is not affordable. ATT internet is also really bad. SONIC is way better. SONIC also provides a landline which is included in the price. This makes it even better and affordable. Sonic gives low income population the chance to use high quality and affordable internet unlike its competitors.
