**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do keep competitive options available in the broadband market place. Last year I switched to Sonic from ATT because the former offered more bandwidth for a lower price. They provided fiber to the home when ATT only offered DSL. I am high tech professional who works all over the world, including in my home. Broadband service is critical to my business life and important in my personal life.

Now ATT is starting to offer fiber, but I would have had to wait almost a year if I hadn't switched to Sonic. In addition, ATT is charging higher rates.

I do NOT support changing the FCC rules to eliminate the requirement for ATT and other big telecoms to offer unbundled network elements. Without this, I would not have my current excellent internet connection.

Thank you
