**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use a local company that has native English speakers as customer helpers as my Internet connection. I support broadband competition. AT&T and their trade association, US Telecom, have recently petitioned the FCC to take away access to critical unbundled network elements. These unbundled elements are critical last-mile copper and inter-city fiber; the very technology that allowed us to grow, expand fiber deployment, and compete. Without access to this infrastructure, Sonic is at risk of losing access to a huge portion of our customer base, leading to potentially higher rates, less fiber deployment, and even less options for consumers.
