**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a consumer and capitalist, I really REALLY like what Sonic is doing. Before Sonic I had no real choices. It was Comcast. But Sonic came in, and provided like 10x the speeds. It's been a crazy big difference. They provide much faster speeds, at a better price, and they go the extra mile to protect data by not mis-using it for commercial purposes.

Please don't take actions that will limit the number of providers, nor that will increase the prices and cost of internet. Internet is becoming a basic need for all citizens, and has the potential to be the advantage that helps us maintain an edge over other nations. We need you to protect that by promoting as much broadband access as possible
