**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. I have fiber today and do not want to see price hikes that will occur if competition is removed. The larger ISPs are trying to remove all competition so they can control the market and charge as much as they want. This is unfair and can't be allowed to happen! Smaller companies, like Sonic, have been able to expand and provide fiber to many customers in my area. This is the type of progress that needs to be encouraged, not eliminated.
