**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive provider, Sonic, for my internet connection service because they are providing much better services and much lower price for the services. Beside, they are very nice people and willing to assist customers (me and my neighbors) for problems occurred.

I have been using the internet for over 35 years and always support the broadband competition and competitive fiber deployment. Only after using Sonic fiber service, I'm totally satisfied their services at this time. Here is the fact I have experienced with Sonic: Comparing with the provider before I used Sonic, I got 800 to 900 times faster, in speed, for accessing the internet, but only paid 1/3 of my monthly bills. I have all the evidences and documents to show this fact.

Please keep the competitive providers approach. Thanks!

Sincerely,

TE-CHUAN CHANG
